

Amphibious Assault Schools Battalion would receive 35 AAV vehicles, and Amphibious Vehicle Test Branch would receive 7 AAV vehicles.

Introduction of the AAV to First Marine Expeditionary Force at MCB Camp Pendleton would involve conducting training exercises on existing ranges, roads and trails within existing training areas of MCB Camp Pendleton, expanding the ocean training area outward (past 24 nautical miles) from the MCB Camp Pendleton beaches to conduct over-the-horizon training, and conducting exercises and operations using AAVs at San Clemente Island, Naval Amphibious Base (NAB) Coronado, and Naval Radio Receiving Facility (NRRF) Imperial Beach. No sea to sea, or sea to shore, live firing will be conducted at MCB Camp Pendleton. However, sea-to-shore live firing exercises are proposed for the Shore Bombardment Area of San Clemente Island. Finally, administrative landings on NAB Coronado and NRRF Imperial Beach are proposed; no extensive land maneuvering or live-fire would be conducted.

Alternatives identified so far include no action, and construction, designation and operation of facilities and training areas on several locations at Camp Pendleton.

Environmental issues to be addressed in the EIS include: geological resources, biological resources, water resources, noise, air quality, land use compatibility, cultural resources, socioeconomic, environmental justice, public health and safety, transportation/circulation, aesthetics, utilities, hazardous materials, and solid waste.

The Marine Corps is initiating a scoping process for the purpose of determining the extent of issues to be addressed and identifying the significant issues related to this action. The Marine Corps will hold public scoping meetings on August 29, 2000, from 7:00 pm to 10:30 pm, at the City of Oceanside Civic Center (Community Room) located at 300 North Coast Highway, Oceanside, California; on August 31, 2000, from 7:00 pm to 10:30 pm, at the City of San Clemente Community Center (Ole Hanson Room) located at 100 North Seville, San Clemente, California; and on September 7, 2000, from 5:00 pm to 8:30 pm, at the Coronado Public Library (Winn Room), located at 640 Orange Avenue, Coronado, California. The public can attend the meetings at Oceanside and San Clemente anytime between 7:00 pm and 10:30 pm, and at Coronado anytime between 5:00 pm and 8:30 pm to provide their comments. These meetings will be advertised in area newspapers.

Marine Corps representatives will be available at these meetings to receive comments from the public regarding issues of concern to the public. Federal, state and local agencies, and interested individuals are encouraged to take this opportunity to identify environmental concerns that should be addressed during the preparation of the EIS. Agencies and the public are also invited and encouraged to provide written comment on scoping issues in addition to, or in lieu of, oral comments at the public meeting. To be most helpful, scoping comments should clearly describe specific issues or topics that the commentator believes the EIS, should address. Written statements and or questions regarding the scoping process should be mailed to: Commander, Southwest Division, Naval Facilities Engineering Command, 1220 Pacific Highway, San Diego, CA 92132-5190 (Attn: Mrs. Jo Ellen Anderson, telephone 619-532-4142). All comments must be received no later than September 30, 2000.
