SUPPLEMENTARY INFORMATION: The information collected under the requirements of FERC Form 561 "Annual Report of Interlocking Positions" (OMB No. 1902-0099) is used by the Commission to implement the statutory provisions of Title II, Section 211 of the Public Utility Regulatory Policies Act of 1978 (PURPA) (16 U.S.C. 825d) which amended Part III Section 305 © of the Federal Power Act (FPA). Submission of the list is necessary to fulfill the requirements of Section 211—Interlocking Directorates, which defines monitoring and regulatory operations concerning interlocking directorate positions held by utility personnel and possible conflicts of interest. The information is collected by the Commission to identify persons holding interlocking position between public utilities and possible conflicts of interest. Through this process, the Commission is able to review and exercise oversight of interlocking directorates of public utilities and their related activities.
