- There may be more than one spelling for any county, city or state abbreviation entered; incorrect spellings will not be included in this report.
- This report will not list applicants whose damaged state is different then the declared state.
- The report will include all other Non-registrants, i.e. undesignated counties, damages out of incident period, invalid incident damage type, and applied after registration deadline.
- This report will include applicants with more than one registration (duplicates).
