

**INITIAL NOTIFICATION LETTER, SCENARIO C1:
LEVEE IN FEDERAL SYSTEM (NO CORRECTION PERIOD)**

[Mr./Ms.] (Full Name of Levee Owner)
(Title of Levee Owner)
(Levee Owner Address)
(City, State Abbreviation, and Zip Code)

Dear **[Mr./Ms.] (Last Name of Levee Owner):**

This is in regard to the **(Name of Levee)** shown on the effective Flood Insurance Rate Map (FIRM) and in the effective Flood Insurance Study (FIS) report for **(County or Community Name)**. As you may know, the Department of Homeland Security, Federal Emergency Management Agency (FEMA), **[is in the process of/will be]** producing a countywide FIS report and Digital Flood Insurance Rate Map (DFIRM) for **(County or Community Name)**. This effort **[is being/will be]** undertaken as part of the FEMA Flood Map Modernization program.

As part of the FEMA effort to produce the DFIRM, it was determined that the flood hazard information presented on the effective FIRM and in the FIS report is based, in some areas, on flood protection provided by the **(Levee Name)**. Based on the information available and on the mapping standards of the National Flood Insurance Program (NFIP) at the time that the FIS was performed, FEMA accredited the levee with providing protection from the flood that has a 1-percent-chance of being equaled or exceeded in any given year. This 1-percent-annual-chance flood also is referred to as the base flood.

FEMA has been informed by the U.S. Army Corps of Engineers (USACE) that the **(Levee Name)** has received an unacceptable maintenance rating or has known deficiencies. A copy of the letter sent to you, Governor **(State Governor's Name)**, and FEMA Region **(Region Numeral)** by the USACE is enclosed for your reference. Because of this determination by the USACE, the levee no longer meets the requirements for being accredited with base flood protection on the DFIRM, which appear in the Code of Federal Regulations, Title 44, Section 65.10 (44 CFR 65.10), entitled "Mapping of Areas Protected by Levee Systems" (copy enclosed). In accordance with 44 CFR 65.10, FEMA will initiate a map revision to redesignate formerly protected areas as Special Flood Hazard Area (SFHA), the area subject to inundation by the base flood. Therefore, the mandatory flood insurance purchase requirements of the NFIP will apply to these areas when the DFIRM becomes effective.

If you have additional questions regarding this letter, please contact **(Regional Engineering Contact Name)** of my staff, either by telephone at **(Regional Engineering Contact's Telephone Number: (###) ###-####)** or by facsimile at **(Regional Engineering Contact's Fax Number: (###) ###-####)**.

Sincerely,

(Regional Mitigation Division Director's Name)
[Director/Acting Director], Mitigation Division
FEMA Region (Region Numeral)
