The recommended serving is two capsules three times a day, which is the exact amount used in the clinical study. However, some people who are sensitive to stimulants may prefer the amount of one capsule three times a day. It is important to consult your doctor before using any stimulant product, especially if you are taking any other stimulants, such as caffeine, ephedrine, or pseudoephedrine. This product may affect your heart rate, blood pressure, and body weight. Individuals with heart and blood vessel disease should consult with their doctor before using this product. This product is not intended to diagnose, treat, cure, or prevent any disease.

\*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

Use only as directed. Store at controlled room temperature (20-25°C / 68-77°F).
