

Dear Ms Adler:

This contains Mission Possible International submission to FDA Docket# 02P-0317. It is the petition to recall drug aspartame which is a neurotoxin.

We are faxing you because FDAdocket@oc.fda.gov does not accept email. Please add this for above docket number - deadline January 12, 2003.

Regards

Betty Martini, Mission Possible International

**Petition to Reclassify Aspartame From "Safe Food Additive"
to "Drug", Recall All Foods, Meds, Supplements, etc.
Containing Aspartame, Then BAN ASPARTAME.**

We the undersigned believe that Aspartame IS a Neurotoxin and a Carcinogen, and in light of the Congressional Record, we feel it has been shown that Aspartame IS a Teratogen (causes birth defects). We feel that it should be reclassified from "safe food additive" to "drug" (we know the drug application was withdrawn). We feel Aspartame and All Products containing Aspartame for human consumption should be recalled...then Aspartame SHOULD BE BANNED. We believe Aspartame has remained on the market possibly ONLY through Political and Business ties. We strongly believe the Bressler Report and the Barcelona Study from Spain both prove that we have the right to demand the Recall and Ban of Aspartame.
