Re: Dietary Supplement Statement of Support Notification

To Whom It May Concern:

Fitness Labs Nutrition Corporation, P.O. Box 3896 Torrance, CA 90510-3896, who is the distributor of the following dietary supplement product, intends to make the following statement(s) of support:

“non-stimulant Carb Control*”

“Neutralizes Calories From Starchy Foods.*”

“Neutralize the starch found in your favorite foods! This all-natural kidney bean extract works by neutralizing the digestive enzyme alpha amylase before it can convert starch into glucose. Carb Erase™ may allow carbohydrates to pass through your system without converting to calories. Two capsules neutralize 2,250 starch calories (in vitro), equal to the starch calories of more than 1 pound of pasta. Studies have shown this product to be a valuable weight loss aid for those who eat too many starchy foods.*”

This claim is being made for white kidney bean extract, which is contained in Fitness Labs® Carb Erase™ Diet. This submission is being made in compliance with 21 CFR §101.93.

The undersigned is an authorized representative of the Fitness Labs Nutrition Corporation and certifies that the information contained in this notice is complete and accurate, and that Fitness Labs Nutrition Corporation has substantiation that the above statement(s) is (are) truthful and not misleading.
