- B. The Board recognizes the value of services provided by the Association to all teachers, not just members. The Board encourages teachers to become active members, and provides for Association involvement in new teacher orientation and will provide membership and enrollment information with new employee materials.
- C. The Board and Association agree that any teacher who regularly teaches one or more classes shall belong to the teacher bargaining unit with all the rights, benefits, and privileges thereof.
- D. The parties agree that resource teachers and teachers on special assignment belong to the bargaining unit.
- E. This recognition shall be continuing until such time as the Board is shown evidence in accordance with the provisions of P.L. 217 that the Association is no longer the representative of classroom teachers.

## Article 2: Board and Administration Rights and Responsibilities

- A. As a prime responsibility, the objective of the Board is to structure the school system to maintain human interests, human values, and human dignities among students and teachers.
- B. The Board has the right, responsibility, and authority to manage and direct in behalf of the public the operations and activities of the school corporation to the full extent authorized by law. It is understood and agreed that all rights, responsibility, and authority heretofore exercised by the Board or inherent in the Board as the body charged by law with operation of the school corporation and not modified expressly by any specific provision of this master contract are retained solely by the Board. Such rights, responsibilities, and authority of the Board shall include, but not be limited to the right to:
1. Direct the work of its employees;
  2. Establish policies, rules, and regulations to carry out the responsibilities with which it is charged by law;
  3. Hire, promote, demote, transfer, assign, and retain employees;
  4. Suspend or discharge its employees in accordance with applicable law;
  5. Establish and staff curriculum and programs and select related equipment, supplies, and materials;

  7. Manage fiscal operations; and
  8. Establish student conduct and discipline rules.
- It is agreed that any grievance which involves the exercise of such rights, responsibility, or authority shall not be subject to binding arbitration except to the extent that the grievance involves an alleged violation of specific provision of this master contract intended by the parties to be a specific limitation on the Board's rights, responsibility, and authority.
- C. The Board agrees that every teacher shall have the right to freely organize, join, and support the Association. The Board further agrees that it shall not directly or indirectly discourage, deprive, or coerce any teacher

in the enjoyment of any rights conferred by this master contract, laws of Indiana, or the Constitutions of Indiana and the United States.

- D. It is agreed that the Board and its administrative personnel shall not discriminate against any teacher with respect to hours, wages or terms and conditions of employment by reason of the teacher's membership in the Association, participation in any activities of the Association or collective bargaining with the Board, or institution of any grievance, complaint, or proceeding under this master contract or otherwise, with respect to any terms or conditions of employment.
- E. The Board agrees that the provisions of this contract shall be applied without regard to political activity, race, creed, religion, color, national origin, marital status, age, gender, professional activity, family relationship, residence, or personal characteristics.

- I. Whenever a full-time teacher requests a part-time teaching position, the Board shall advise that teacher in writing what the salary and fringe benefits will be as a part-time teacher and what rights, if any, the teacher has in order to regain a full-time position, as well as explaining the procedure the teacher should follow in attempting to regain a full-time position.
- J. In grievances involving teacher transfers/reassignments, the Board agrees, upon request, to provide the Association with copies of current teacher licenses and teacher evaluations of those teachers involved in the dispute.
- K. Drug Screening and Physical Examinations
  - 1. If the Administration has reasonable suspicion to believe a teacher is under the influence of controlled substances and/or alcohol, the Administration may conduct a drug and/or alcohol screening test at

its cost so long as the teacher is informed by the corporation prior to having the test administered.

- a. All such tests will be performed by an accredited laboratory, which, as agreed by contract with the Administration, will follow National Institute on Drug Abuse (NIDA) protocol and requirements with respect to its testing procedures; to maintain the confidentiality of all testing results, to confirm all positive screens with a gas chromatography/mass spectrometry test, and to maintain chain of custody procedures which comply with all state and federal laws.
  - b. Any teacher who is asked to take a test for reasonable suspicion and who tests positive or refuses to take the test shall be subject to discipline in accordance with other provisions of this master contract.
  - c. The term “reasonable suspicion” as used herein may include direct observation of drug use or possession, direct observation of symptoms of drug use or alcohol or drug impairment, information supplied by reliable and/or credible sources which after investigation by the Administration to determine reliability and credibility appear to be accurate, or conviction for violation of any criminal statute involving alcohol and/or drug abuse.
2. The Administration may require any teacher to have a physician’s examination at the Administration’s expense at any time when permitted by law when job-related, and consistent with business necessity.

### Article 3: Association and Teacher Rights and Responsibilities

- A. As a professional employee, each teacher shall comply with the policies, rules, and regulations of the Board in order to implement the optimum educational process; however, teachers will not be expected to perform any directive that threatens the physical well-being of the teacher or student or is professionally demeaning to the teacher.
- B. If a participant in any meeting with a teacher becomes unruly or abusive, the teacher has the right to request that the chairperson briefly recess the meeting to discuss the situation. The chairperson will have the authority to continue the meeting or reconvene at a later date. If the chairperson decides to continue the meeting, the teacher shall have the right to leave the meeting without penalty, reprisal or retribution.
- C. Recognizing that in-service training is beneficial to both the teacher and the school system, teachers new to the system shall attend all meetings unless absent from school or excused by the Unit Head.

### B. Impasse Procedures

If either the Administration or the Association or both parties determine that their differences of position are so serious that further negotiation seems impossible of producing a satisfactory contract, the Association and/or Administration may invoke the impasse machinery which includes mediation and fact-finding as provided in P.L. 217 of the State of Indiana.

### C. Joint Communications

1. Outside the negotiation process, it is recognized that there is a need for regular dialogue and communication between the Association and the Administration representing the Board. This need for communication may be to exchange information or it may be of an urgent nature necessitated by actions of the Association or the Board/Administration which appear to one of the parties to be in contradiction to good relations. Regular informative meetings of the Joint Communications Committee, which consists of the FWEA President and the UniServ Director and designated representatives of the Administration, shall take place at least once each month during the school year unless mutually agreed otherwise. Special meetings of a more urgent nature may be requested either by the representative of the Administration or by the president of the

All decisions made by the oversight committee shall be made using a consensus model as opposed to a majority vote concept.

2. The waiver request must be submitted in writing by the Quality Improvement Team (if one exists) or by the unit head and FWEA building representative(s). The written waiver request shall be directed to the FWCS-FWEA Joint Communications Committee. The waiver request must specify the contractual provision or procedure to be waived, the nature and duration of the waiver, the rationale for the waiver, an annual review procedure, and the teachers to be affected by the waiver.
3. The unit head shall keep the Area Administrator informed of the waiver request progress and the FWEA building representative(s) shall keep the FWEA **P**resident or designee informed of the waiver request progress.
4. The FWCS representatives of the Joint Communications Committee will review the waiver request with the Area Administrator and appropriate personnel. The UniServ Director and the FWEA **P**resident or designee will review the waiver request with the FWEA building representative(s), and appropriate personnel. After such review, the process will proceed to the next step.

*Article 5: Board and Association Relations*

The Director of Human Resources shall notify the Area Administrator and the unit head of the approval to proceed with the faculty vote. The FWEA UniServ Director shall notify the FWEA President or designee and building representative(s) of the approval to proceed with the faculty vote.

The vote, jointly conducted by the unit head and the FWEA building representative(s), shall be by secret ballot of the faculty. Of the total faculty, 75 percent must vote in favor of the proposal in order for the waiver to be implemented.
7. The school faculty vote on whether to implement or not to implement the waiver provisions shall be sent in writing to the Joint Communications Committee.
8. At anytime during the duration of the waiver, upon written request of a simple majority of the faculty, the waiver shall be revoked by the Joint Communications Committee. This simple majority (51 percent of the faculty) shall be determined by a secret ballot vote conducted by the unit head and the building representative(s).
9. The waiver shall be considered an addendum to the FWEA-FWCS master contract, and any dispute as to its interpretation or application shall be subject to grievance procedures listed below.

E. Public Law 221 and Quality Improvement Teams

1. Each school will have one planning committee – the Quality Improvement Team. The school's Quality Improvement Team replaces any school's site council as well as Technical Assistance Committees in Title I schools. Title I schools will incorporate Title I planning and assessment activities into the functions of the Improvement Team where permissible under federal law.
2. The size of a school's Quality Improvement Team will vary depending on the enrollment at each school. 7. No teacher shall be disciplined, adversely evaluated, or formally criticized by his/her participation or non-participation on a school's Quality Improvement Team.
8. FWEA, as authorized by PL 217, has the right at its discretion to approve or revoke the ability of a particular school to use the Quality Improvement Team as a vehicle for fulfilling the discussion process as required by Section 5 of Public Law 217.
9. The Joint Communications Committee shall resolve any disputes over the operation and conduct of a school's Quality Improvement Team.
10. A plan adopted by a Quality Improvement Team cannot be in conflict with the provisions of the Master Contract unless the school has successfully utilized the contract waiver provisions found in Section D of this article of the Master Contract. **Quality Improvement Teams may not alter, modify, or take action inconsistent with District Guidelines without receiving authority to do so from the Joint Communications Committee.**
11. **Each Quality Improvement Team has available to it a minimum of two instructional days of released time for each QIT teacher member each school year for teacher training, collaboration, or development, to be allocated by the Team within guidelines determined by the Joint Communications Committee.**

After the investigation is complete, but no later than five (5) school days after removal, the teacher will be returned to work or a meeting will be held with the teacher and the teacher's representative to discuss the results of the investigation and any proposed suspension. The teacher will be given an opportunity to respond during the meeting.
5. When imposing discipline on a current charge against a teacher, the Board or **Administration** shall not take into account any prior allegations or infractions which occurred more than 12 months previously for which the teacher had not been formally disciplined or evaluated.
6. Any such discipline, reprimand, suspension or reduction in status, compensation, including the merits of adverse evaluation statements of teaching performance or competence asserted by the Board or its representatives, shall be subject to the professional

grievance procedure set forth in this contract, but shall not be subject to binding arbitration. If the Association grieves a discipline issue not subject to binding arbitration, the failure to arbitrate that issue may not be used in any later discipline or arbitration against the Association or the grievant. All information forming the basis for disciplinary action, including documentation for adverse statements on evaluation, shall be made available to the teacher.

6. Grievances

Any grievance filed regarding this article shall be submitted to expedited arbitration if, either the teacher filing the grievance or the Board requests in writing within 14 calendar days of filing the grievance, provided the request is agreed to in writing by the responding party within 10 calendar days after receipt of the request.

7. Teachers transferring, voluntarily or involuntarily, from one school building to another during the school year shall have one full school day to move and become acquainted with their new building and principal.

**B. Surplus**

1. A surplus is a reduction in the number of teachers in a building or unit for the following school year.
2. A teacher who is affected by an involuntary surplus shall be notified in writing by the building principal and/or Human Resources department prior to receiving the official notice of change.
3. When a reduction in the number of teachers in a school/unit is necessary, a volunteer shall first be solicited from the entire faculty after which, if necessary, the transfer shall be made on the basis of the criteria in section A. While the Administration may request individual teachers to declare themselves surplus, no teacher may be forced to do so.
4. If a teaching vacancy for which the surplused teacher is qualified occurs in that school up to the official student count day of the following school year, the surplused teacher shall be given the opportunity to return to that assignment.
5. Written notification to teachers of surplus status will be one week before the first job fair posting.
6. Surplus teachers not placed in the first job fair shall be placed through the efforts of the Joint Communications Committee or designees. Efforts will be made to match the preference of the surplus teacher with preferences of principals/unit heads where vacancies exist after the first job fair. Surplused teachers not placed in the first job fair have preference over newly hired teachers in that area of certification until all surplused teachers in the area of certification are placed.

**C. Reassignment (Within a Building)**

**1. Voluntary**

A teacher who desires a change in grade and/or subject assignment for which the teacher is certified shall submit a written request to the building principal or unit head.

2. Involuntary

A teacher who is affected by an involuntary change of assignment to a grade level or subject areas shall be notified in writing by the building principal at least five school days prior to the change of assignment unless waived by the teacher or during the first three weeks of each semester. **Rationale for the change in assignment shall be given to the teacher upon request.**

D. Vacancies for Following School Year/Posting Period

1. The posting period for known teaching vacancies for the following school year including coaching positions eligible to receive additional compensation under Article 19 shall begin with the posting for the initial job fair and end at the first full week of August. Positions posted for the two job fairs must be filled in accordance with the procedures described in sections D and F.
2. The following employees may participate in each of the two (2) job fairs:
  - a. Job Fair Number 1 – regular contract teachers with 1.0 positions and surplus teachers placed in an equivalent position. Regular contract teachers with a less than 1.0 position may apply for an equivalent position, but may not increase his/her FTE.
  - b. Job Fair Number 2 – all applicants including outside applicants.
3. Voluntary Transfer
  - a. A teacher desiring to interview for a posted position shall request an interview on the appropriate form shown in Appendix 2 to the Human Resources Department by the teacher requesting the change of placement.
  - b. An interview request must be received by the school principal/unit head within seven (7) calendar days of the posting.
4. Each posting of a teaching vacancy shall describe the teaching assignment/proposed schedule, certification requirements, and extracurricular assignments in addition to any other job related requirements. All postings shall be dated when typed and also dated when posted in the school building.

*Article 11: Placement, Assignment and Promotion*

5. Newly created teaching vacancies for the following school year shall be posted in accordance with section D. The Administration shall complete its initial teacher allocations for each school unit for the following year no later than May 1, and provide the Association with a copy of the teacher allocations.
6. Two job fairs will be implemented for teachers during the period between May 1 and fourteen (14) calendar days after the end of the school year (dates to be mutually determined by the Joint Communications Committee.)
7. An interview shall be provided for the four best qualified teacher candidates.
8. As part of the selection process, the principal/unit head shall conduct a structured interview, maintain a record of the interview results for teacher, and a candidate summary ranking of each teacher against the job requirements and criteria.
9. The unit head is responsible for making a recommendation for the filling of vacancies. Members of the bargaining unit who participate in the interviewing process for a vacancy shall not make recommendations or be responsible for decisions or ratings.
10. Any current bargaining unit member who submits a request for an interview and is not granted an interview shall be notified in writing of this decision. Upon the written request of the teacher, the school principal/unit head or Human Resources department shall give in writing the reason(s) the request for an interview was denied within two (2) calendar weeks after the date of the denial.
11. Any current bargaining unit member granted an interview for a posted position and who is not accepted for the position, the principal/unit head or Human Resources department shall, upon written request from the teacher, notify the teacher in writing within two calendar weeks of the administrative recommendation to fill the teaching position, stating the specific reasons why the teacher was not the successful applicant for the posted position.
12. No posted teaching vacancy shall be filled until seven calendar days after the date of the posting. Each unit head, Area Administrator or designee shall be available to conduct structured interviews at the two job fairs.

13. Teaching vacancies posted during the second job fair shall be filled in the following order:
  - a. Teachers who have requested an interview and/or surplus teachers.
  - b. Regular contract teachers who are on layoff and/or part-time teachers who wish to return to full-time employment.
  - c. Teachers previously under regular contract to FWCS who reapply and are accepted for re-employment, substitute teachers accepted as eligible for regular contract, and other applicants.
14. The parties agree that the Administration may employ minority teachers for posted teaching vacancies under a regular contract for the next school year at any time the number of positions available in a certification area exceeds the number of surplus teachers in that certification area.
15. In grievances involving teacher transfers/reassignments or filling of teacher vacancies, the FWCS agrees, upon written request, to provide the Association with copies of current teacher licenses, performance evaluations, interview documents and any other written material used by the school corporation in making its decision regarding a transfer/reassignment or filling a teacher vacancy.

E. Vacancies Outside of Posting Period

1. Teaching vacancies that occur in allocated and assigned teaching positions after the end of the first full week of August for the current school year shall not be subject to the procedures for the posting period.
2. Teaching vacancies that occur outside the posting period shall be filled in the following order:
  - a. Surplus teachers who have not been placed.
  - b. Regular contract teachers on layoff.
  - c. All other applicants.
3. The Human Resources department will keep a list of job vacancies that occur during the non-posting period for review by substitute teachers and other applicants.

4. A teacher who becomes aware of a vacancy during the non-posting period may apply for the vacancy. Selection for the position may be made at the discretion of the Board without regard to qualifications as defined in paragraph A-4. If a current teacher is selected by the Board for the position, the Board may, at its discretion, treat the vacancy as filled immediately but hold the actual assignment of the teacher selected until the end of the school year or semester and fill it temporarily by some other means.
5. Teaching vacancies during the school year which are filled by teachers on temporary contract or by substitute teachers shall be posted for the ensuing year as new openings.

F. Reduction in Teaching Staff

1. In the event of conditions necessitating a reduction in the number of teachers employed by the Board, the following procedure shall be followed:
  - a. If a reduction in staff is necessary, teachers with the least amount of continuous service under a regular teacher's contract in this school corporation shall be laid off first within their area of certification. Service under a regular teacher's contract does not include service under supplemental, temporary, substitute, and/or other contract.
  - b. Those holding limited licenses will be subjected to layoff before those holding standard licenses in the area of certification regardless of service credit unless a waiver is agreed to by the Joint Communications Committee.
  - c. Elementary teachers with multiple certifications who are protected from layoff in one area of certification may not transfer to another area of certification if there are qualified teachers for that area in layoff status. Teachers protected from layoff due to multiple certifications must teach in those areas the following school year. If no one qualified for a vacancy remains on a recall list and/or there are no bounce-back rights for that vacancy, and if there is a vacancy in the area of the multiple certification of the teacher, the teacher may leave the protected area after all contractual processes for filling that vacancy are followed.
2. Service shall commence to accumulate the date the Board approved the individual teacher contract or the date the teacher

starts to teach, whichever is earlier, and shall continue to accumulate during approved leaves of absence and layoffs due to staff reductions as provided in this section. If more than one teacher commenced service on the same date, the following procedure will be used to break the tie:

- a. The sum of the last four digits of the social security number will be added. The higher sum of the two is granted the greater seniority.
  - b. If an additional tiebreaker is needed, representatives of FWCS and FWEA will draw lots with the first drawn granted the greater seniority.
3. The Association shall receive the proposed list of teachers to be subjected to a reduction-in-force no later than five (5) school days prior to notification of the bargaining unit members of his/her reduction. The list will be by area of certification or delivered in such a fashion that the Association can promptly divide the list into areas of certification.

There will be a meeting of the Joint Communications Committee to review the proposed list and resolve any issues in dispute. The meeting will take place after the receipt of the proposed list by the Association but before teachers are formally notified of the reduction-in-force.

4. The parties may agree to extend an opportunity for teachers to voluntarily participate in a reduction-in-force. However, no teacher will be allowed to voluntarily participate in a reduction-in-force, in order to avoid teaching in a protected multiple certification area.
5. Teachers receiving notice of layoff as provided in this section shall have the due process rights and privileges of this master contract and of state tenure laws at the time of notice of layoffs, but teachers exercising such hearing rights shall not be subject to recall. All other teachers released from teacher contracts as provided in this section shall be recalled in reverse order of layoff.
6. A teacher laid off shall be notified in writing of his/her recall number based upon elementary certification – any grade; secondary-licensed area/areas at the time of notice of layoff. Certification on file with the Human Resources department on the deadline date agreed upon by JCC's, but no later than the date the Board acts upon the reduction in staff, shall be the basis for determining certification for purposes of layoff.

7. A laid-off teacher or any part-time teacher on the recall list has the right to be recalled to any available position for which the teacher is qualified after teachers who have not been laid off have had the opportunity to fill those vacancies. The teacher must accept any position offered for which he/she is qualified in line with other provisions of this article or forfeit all rights to recall. The parties recognize the need to minimize the disruption a reduction-in-force may have on a building and/or program, and therefore, a joint effort will be made through the Joint Communications Committee to restore recalled teachers to original buildings and/or similar assignments whenever possible. For example, after vacancies become available for recall, the number of vacancies may be pooled and that number of teachers placed back in the original building or assignment. All teachers in the pool are placed at the same time.
8. Teachers on the layoff/recall list may only be recalled up to the amount of the FTE held by the teacher at the time of layoff.
9. A teacher recalled shall be contacted by registered letter. If the recalled teacher does not respond by registered letter within seven (7) calendar days from the date the recall letter was received, the teacher will be terminated.
10. A teacher laid off and signing a contract with another school corporation will be allowed to complete contractual obligations with no penalty and may return to FWCS in surplus status.
11. If there are permanent teachers (i.e., those who have signed their sixth contract with FWCS) on the layoff list as of the first student day of the school year, then the following procedures shall apply:
  - a. The **A**dministration shall place up to 20 of the most senior permanent elementary teachers and up to 20 of the most senior permanent secondary teachers under regular teacher's contract as permanent substitutes with salaries and benefit days that are standard for regular, full-time, and part-time teachers. No insurance subsidy is available for this assignment; however, laid-off teachers placed into this status will be given the first right of refusal for any temporary contract position that becomes available for which that teacher is qualified. Should one or more of the eligible elementary teachers or one or more of the eligible secondary teachers refuse the permanent substitute option, the **A**dministration shall continue down the seniority list, if

applicable, until the specified number of regular contracted substitute positions are filled. As teacher vacancies occur during the school year, teachers working as permanent substitutes shall be placed in the vacant positions in accordance with certification and length of service and thereafter receive insurance benefits. If recall does not occur within the first school year, the regular recall process will be followed.

- b. Any laid-off teacher not accepting option (a) or any laid-off teacher not having option (a) available shall be placed on the substitute teacher list at the teacher's request.
- c. Except by mutual agreement of the Association and Administration, a recalled teacher shall be assigned to teach only those endorsement areas for which the teacher is properly certified to teach in Indiana.
- d. Association representatives (President and Executive Director) shall be informed of the teacher(s) to be laid off or recalled, the order of recall, and the date of commencement of continuous service prior to notification of the teacher(s) involved.
- e. A teacher on layoff shall have access to copies of the Reporter or any other official Board/Administration communication for certified employees normally distributed to classroom teachers.

G. Adjustment of Allocations

- 1. If a teaching vacancy for which the surplused teacher is qualified occurs in that school during the following school year after the student count day, or in allocations for the school year after that, the surplused teacher shall be given the opportunity to return to that assignment using a temporary fill if during the following school year.
- 2. When possible, special area teachers assigned to more than one unit or building shall be notified in writing at least four weeks prior to the opening of school of a change in assignment from that of the preceding year.

H. Administrative Intern Program

Any teacher may apply for the Administrative Intern Program by contacting the coordinator of that program. When interested in an administrative or supervisory position, it is the responsibility of each teacher to make known

his/her promotional goals in writing through the Administrative Intern Program or by applying for a posted administrative position. Teachers may also be recruited by the Administration for the Administrative Intern Program.

1. Administrative interns must be selected early enough so that positions vacated will be posted in Job Fair 1. The Joint Communications Committee can make exceptions to this timeline.
2. All other provisions of the FWCS/FWEA master contract, except those specified in this section (Article 11, Section H), will be suspended for the intern for the term of their administrative intern assignment.
3. The teacher hired to replace the administrative intern shall be issued a regular teacher's contract.
4. At the conclusion of the administrative intern assignment, the intern shall return to his/her former teaching assignment unless a permanent administrative assignment is accepted.
5. The teacher hired to replace the intern shall be surplused or laid off (per Article 10 of this contract) upon the intern's return to his/her former teaching assignment.
6. Administrative interns shall not evaluate other bargaining unit members but may observe the evaluation process by shadowing the administrative evaluator. This means the intern may observe but have no input into the evaluation. The teacher being evaluated may request that the intern's involvement be terminated. The teacher being evaluated need give no reason.

## Article 12: **Emergency Permits**

- A. Teachers may be employed to teach in an area that would require the teacher to obtain an **Emergency Permit** as defined by 515 IAC 1-2-20. This type of license requires the teacher to pursue a standard license in a sequence defined in 515 IAC 1-2-20, **as well as meet all requirements established by the Indiana Professional Standards Board (IPSB).**
1. Teachers who accept assignments on an **Emergency Permit** must comply with the requirements of 515 IAC 1-2-20, **IPSB**, as well as any requirements of FWCS (**to include signed letter of commitment**), as long as those requirements have been discussed with FWEA prior to implementation.
  2. Teachers who accept assignments on an **Emergency Permit** are covered by the provisions of the Master Contract, except as expressed in this article.
- B. If a teacher's initial employment with FWCS is based on the holding of an **Emergency Permit**, the following limits are placed on the contract rights of that teacher until the teacher obtains a standard license in the area he/she holds on an **Emergency Permit**.
1. The teacher hired on an **Emergency Permit** will be released before any teacher holding a standard license **if a reduction-in-force is necessary** and is subject to reduction-in-force without any protection of holding any other standard license.
  2. The teacher shall not be eligible for a transfer or reassignment to a position for which a standard license is held while holding an **Emergency Permit**. A teacher may seek a transfer to another position, which is in his/her area of limited license. Once a standard license is obtained, the teacher will enjoy full transfer rights.
  3. For evaluation purposes, the teacher holding an **Emergency Permit** shall be considered a probationary employee, as that term is used in the evaluation article of the Master Contract, for as long as the teacher holds an assignment in which an **Emergency Permit** is used.
  4. If a teacher who is teaching in an assignment that requires an **Emergency Permit** is terminated for incompetence, that teacher shall not have the option of waiving a hearing before the Board of School Trustees in Article 6, Section B (e) of the Master Contract.

- C. Any teacher who was previously employed by FWCS while holding a standard license, but is assigned to a position requiring an **Emergency Permit** has the following rights:
1. The first year in the assignment will be considered teaching out of his/her area of certification and therefore will not be evaluated during that school year unless the Joint Communication Committee waives the provision for a particular special circumstance.
  2. The second year in the assignment on an **Emergency Permit** the teacher will be subject to evaluation if the year falls into the teacher's three-year evaluation cycle or the teacher's evaluation status as defined in the evaluation article of the Master Contract.
  3. The teacher has no restrictions on his/her transfer/reassignment rights.
  4. The teacher is eligible for protection from reduction-in-force if his/her certification warrants such protection.
  5. The teacher enjoys full due process protections found in this contract.

## Article 13: Teacher Evaluation

~~The parties agree that a memorandum of understanding be established to outline a process to be used to evaluate teachers who have assignments based on a limited teaching license.~~

### A. Evaluation

1. The purpose of evaluation is to elevate the level of teaching performance. For most teachers, that will involve working with school Administration on a periodic basis to promote professional growth. For some, the process will involve identifying needs for improvement, monitoring, and providing documentation for employment decisions. The procedures of this article do not apply to teachers under temporary contract, substitutes, or others not under regular contract, but when those teachers are evaluated, they should be evaluated on a Teacher Evaluation Summary form (Appendix 5).
2. Before the end of the first four weeks that school is in session each school year, the unit head shall have a conference with teachers who are scheduled to be evaluated that school year for the purpose of explaining and discussing the evaluation procedure. The conference may be conducted individually or in a group setting.
3. The unit head has overall responsibility for the evaluation process. However, by mutual agreement between the unit head and teacher, another administrator may be designated to evaluate teachers who are not on probation and/or work with teachers on their Professional Growth Plan. The evaluator must conduct all components of the evaluation and shall hold an administrative license unless by mutual agreement an administrator without such a license is chosen.
4. Evaluations shall be based upon the domains listed on the Teacher Evaluation Summary.
5. A teacher may not be evaluated on student behaviors which do not relate to the performance of the teacher.
6. There shall be no evaluation of a teacher's instructional performance based on student scores from the Indiana Statewide Testing for Educational Progress (ISTEP) or its successor(s), or on student scores on any standardized test(s) required by ESEA. The preparation of a teacher to administer the test(s) and the teacher's use of test data to facilitate instruction may be considered in evaluations subject to this Article.

*Article 13: Teacher Evaluation*

7. Classroom observations shall be a minimum of thirty (30) minutes in length.
8. Each observation shall be followed by an observation conference within ten (10) school days after the observation of the teacher. During this conference, the teacher shall be given the observer's Notes of Observation form (Appendix 6). An evaluation (Evaluation Summary Form) and evaluation conference shall follow one or more observations. The teacher must be given enough time to consider comments made at the observation conference and provide additional input, if desired, before the evaluation.
9. A teacher may, but is not required to, add comments, rebuttals, materials, etc., to any Evaluation Summary Form or other evaluation or observation file. Failure to add materials may not be considered in any evaluation.
10. Any required conference may be waived by mutual consent.
11. If at any time during the school year the unit head becomes aware of information which negatively reflects on a teacher's performance, this information shall be brought to the attention of the teacher, in writing, no later than fifteen (15) school days after the occurrence, or after the unit head become aware of the occurrence, whichever is later. If appropriate, the unit head shall also offer specific suggestions, in writing, concerning the appropriate action which the teacher should consider as result of the information. If requested by the unit head or teacher, a conference shall be held to discuss the information and suggestions. **If information which negatively reflects on a teacher's performance is not brought to the attention of the teacher in writing within the time limits of this paragraph, that information may not be considered as a part of the teacher's evaluation.**
12. Only teachers on probation may be terminated for incompetency.
13. All non-permanent teachers are on probation.
14. Semi-permanent and permanent teachers may be placed on probation if the teacher's performance is unsatisfactory in three (3) or more components in at least one of the four (4) professional practice domains. These teachers may possibly be terminated for just cause.
15. A teacher placed on probation may ask for a transfer at the end of the school year in which he or she is placed on probation. The

transfer shall be granted to a school selected by the Board, and evaluated in the new school by the new unit head.

16. If a semi-permanent or permanent teacher is in danger of being placed on probation, the teacher must be notified of the danger, given the reasons the teacher is in danger of being placed on probation, and a Monitored Assistance Plan (MAP) prepared. The teacher shall have at least thirty (30) days of working under the Monitored Assistance Plan (Appendix 7) to correct deficiencies before being placed on probation and may not be terminated in the school year in which they are placed on probation.
17. Any teacher for whom a recommendation of termination has been made for incompetency may waive the right to a Board hearing. In the event that the Board hearing is waived, both the merits of the evaluation as well as the procedures of this Article shall be subject to binding arbitration. If the Board hearing is not waived, only the procedures of this Article shall be subject to binding arbitration.
18. The provisions of this Master Contract supersede any forms or administrative manuals dealing with evaluation.
19. Nothing in these procedures shall be construed to limit or supersede Indiana law.
20. The Board shall not require members of the Association's bargaining unit to make classroom visits, observe, evaluate the instructional skills of other teachers, or provide a written report to the administrative staff.

B. Professional Growth Plan (PGP) Evaluation

1. This procedure applies to semi-permanent and permanent teachers who are neither on probation nor in danger of being placed on probation. The normal cycle for this procedure is once every three (3) years.
2. The PGP evaluation sequence is as follows:
  - a. In the spring of the school year preceding the cycle, the unit head shall meet with the teachers who will be required to develop a Professional Growth Plan. The conference may be conducted individually or in a group setting. The Professional Growth Plan form is in Appendix 8.

*Article 13: Teacher Evaluation*

- b. In the fall of the cycle year, and no later than November 1, the unit head and teacher shall meet in a conference to discuss and develop the Professional Growth Plan.
  - c. At least once during the cycle year, and no later than May 1, the unit head shall conduct a minimum of one observation, prepare Observation Notes, and hold an observation conference.
  - d. Following the observation conference, and no later than June 1, the unit head shall prepare a Teacher Evaluation Summary and hold an evaluation conference.
3. If a teacher not identified as being in danger of being placed on probation needs assistance, a Monitored Assistance Plan (MAP) may be prepared after the reasons for the need for assistance have been given to the teacher. Reasons for the teacher being placed on a MAP must be based on direct evidence by an administrator and related to the four domains listed on the teacher evaluation summary. The MAP must be completed by the end of the school year while the teacher is in the PGP cycle.

C. In Danger of Being Placed on Probation

1. This procedure applies to semi-permanent or permanent teachers who are in danger of being placed on probation.
2. If a unit head believes that a teacher is in danger of being placed on probation, the evaluation shall follow this sequence:
  - a. An observation shall be made on or before November 5.
  - b. The areas considered deficient shall be made known to the teacher in writing on or before December 15 using the Teacher Evaluation Summary.
  - c. A conference shall be held between the teacher and the unit head for that purpose. At that conference, the components in which the teacher is deficient shall be discussed.
  - d. A Monitored Assistance Plan (MAP) shall be prepared by February 1.
  - e. The unit head, or a mutually agreed upon administrator assigned by the unit head, shall meet with the teacher on a continuing basis to assist the teacher.

- f. Following preparation of the Monitored Assistance Plan, the unit head shall conduct one or more observations, prepare Observation Notes, and hold observation conference(s).
- g. After the Monitored Assistance Plan has been in effect a sufficient time for the teacher to have had an opportunity to improve, but no less than thirty (30) days, the unit head shall prepare a Teacher Evaluation Summary, hold an evaluation conference, and make a determination whether to place the teacher on probation. If the teacher is placed on probation, the teacher will have until February 1 of the following school year to correct the deficiencies before being subject to possible recommendation for termination for incompetency.
- h. If the teacher is placed on probation, a Monitored Assistance Plan shall be prepared prior to the end of the current school year for implementation the next school year.

D. Probationary Teachers

- 1. The procedures of this section apply to non-permanent teachers and teachers who have been placed on probation.
- 2. The evaluator of a teacher on probation shall be that teacher's unit head.
- 3. Probationary teachers are evaluated using the following sequence:
  - a. Teachers on probation shall be observed using the Notes of Observation form and an observation conference held:
    - on or before November 5;
    - on or before February 1; and
    - on or before March 1.
  - b. A Teacher Evaluation Summary shall be prepared and an evaluation conference held at least:
    - once by December 15, and,
    - once by March 15.
  - c. Classroom observations and evaluations shall be scheduled in advance with the teacher at least one school day in advance unless mutually agreed to the contrary. Additional classroom observations and evaluations beyond these minimums may be made at the discretion of the unit head and/or at the request of the teacher.

*Article 13: Teacher Evaluation*

- d. If necessary, a Monitored Assistance Plan will be prepared or revised.
- e. Following the second Teacher Evaluation Summary, probationary teachers other than non-permanent may be removed from probation, continued on probation, or recommended for termination.
- f. A teacher shall not be continued on probation for more than two consecutive years without just cause.

E. Out of Cycle Evaluations

- 1. After the procedures in A -11 of this article have been followed and there is documentation that the teacher's performance has not improved, a teacher may be evaluated out of the normal evaluation cycle.
- 2. The principal shall meet with the teacher and give the teacher the written reasons for the teacher to be placed into the evaluation cycle.
- 3. If the evaluation process is initiated after November 5 of a school year, the principal shall follow Section B-3 of this article.
- 4. If at the end of the school year, the teacher's performance is documented to be successful, the teacher shall return to his/her regular three-year evaluation cycle.
- 5. If at the end of the school year the teacher's performance is documented to be unsatisfactory, then the teacher shall be placed in the evaluation process following Section C of this article for the following school year.

Article 14: Teachers Hours and Conditions

A. Teacher Work Days

It is recognized that optimum school facilities for both student and teacher are desirable to ensure the high quality of education that is the goal of both the Association and the Board. It is also acknowledged that the primary duty and responsibility of the teacher is the education of the student. The organization of the school and the school day should be directed toward ensuring that the energy of the teacher is primarily utilized to this end:

1. Recognizing that most teachers will exceed the minimum time limits of a normal work day, the following are established minimum teacher work days:

Elementary School	8:00 a.m. to 3:25 p.m.
Middle School	7:45 a.m. to 3:10 p.m.
Senior High School	7:45 a.m. to 3:10 p.m.
Career Center (cosmetology, culinary arts, and Continuing Education)	8:00 a.m. to 3:25 p.m.
Career Center (all other Career/Education Units)	7:45 a.m. to 3:10 p.m.

2. The times described above may be altered as follows:

- a. High School

- i. A maximum of three classes at each high school which begin at 7:00 a.m. shall be permitted as grandfathered.
- ii. A maximum of one class at each high school which begins at 2:40 p.m. and extends to 3:35 p.m. shall be permitted as grandfathered.
- iii. Any teacher whose instructional assignment begins at 7:00 a.m. shall not be given any assignment which extends the workday beyond 2:10 p.m. daily. Teachers in this category shall begin their workday at 6:45 a.m.
- iv. Any teacher assigned to teach 2:40 p.m. to 3:35 p.m. class shall not be given any assignment which begins the workday prior to 8:10 a.m.

*Article 14: Teachers Hours and Conditions*

- v. High school music teachers receiving a bargained extra pay compensation for a music assignment shall be exempt from sections A-1 a,b,c, and d above.
  - vi. No teacher, except those high school music teachers referred to in section A-1-e above, shall be assigned a normal teacher work day of more than seven hours and 25 minutes daily.
  - vii. No high school teacher shall be assigned more than **three** classes daily to teach.
  - viii. The parties agree that any change(s) in the normal teacher work hours shall be bargained prior to changes being implemented.
  - ix. The parties agree that section 5 topics of P.L. 217 shall be subject to the discussion obligation prior to changes being implemented.
  - x. The above sections (i through ix) do not waive or preclude applicability of any other provision(s) of the master contract.
- b. Elementary School
- i. Each elementary school will have to decide whether to participate in the program that would add five minutes to the beginning of the elementary student day. This program will create six, two-hour delayed starts or early dismissals that can be used for collaboration, professional development and/or teacher preparation time.
  - ii. The dates of the six delayed starts/early dismissal will be determined by the Joint Communication Committee no later than February 15 for submission to the elementary schools.
  - iii. The participation decision of each school must be made prior to March 30 of the preceding school year.
  - iv. To participate in the program, a school must each year:

- a) Using the school's **Quality Improvement Team**, develop a plan for the use of the six days.
  - b) The plan must be approved by a 75% secret ballot vote of the faculty assigned to that building conducted by the FWEA representative and unit head/principal (or designee.)
  - c) The plan and vote certification signed by the unit head/principal and FWEA representative must be submitted to Joint Communications Committee no later than March 30 of each year.
  - d) Any changes in the plan after the initial faculty vote must be approved by 75% of the faculty and agreement by the Joint Communications Committee.
3. Middle and senior high school teachers shall have preparation time equal to a class period within the student day. This time may be either one or two segments. Class V - Credit earned after the awarding of the master's degree will be paid at an additional index rate of .01 of the beginning bachelor's salary per five semester hours to a maximum of 60 hours.

Class VI - A teacher with an earned doctor's degree will be paid an additional index of .15 of the beginning bachelor's salary above placement of Class IV of this section.

The rate of pay for pay purposes on this salary schedule from 2004, through scheduled pays for 2004 is computed on the 2003-2004 teacher's salary schedule. The difference between the 2003-2004 schedule and the 2004-2005 schedule for each teacher contract will be paid in equal payments from January 2005 through the remaining scheduled pays.

Fort Wayne Community Schools shall make the annual Indiana State Teachers' Retirement Fund contribution of 3 percent for all teachers in the bargaining unit covered by this master contract.

## 2005-2006 and 2006-2007 Salary Schedules

Salary Schedules for school years 2005-2006 and 2006-2007 shall be determined by the following formula, but shall increase a minimum of 1.5% for school year 2005-2006, and a minimum of 1.0% for school year 2006-2007:

### Formula for 05-06 & 06-07

#### Base

Percent increase in total revenue in General Fund for calendar year 2006 (for 05-06) and 2007 (for 06-07). Increase equals difference between General Fund total revenue on Budget Forms 2 and 3, as adopted by the Board of School Trustees:

- Percent increase in 2006 revenue (adjusted for any actual enrollment differences after board adoption and adjusted for items below) over 2005 revenue.
- Percent increase in 2007 revenue (adjusted for any actual enrollment differences after board adoption) over 2006 revenue equals 06-07 increase. In addition, if the legislature adjusts any of the Base Adjustment items gradually, that should be considered in the same manner as in the 05-06 increase.

#### Base Adjustments

Three budget items were introduced for 2004 and 2005 that are not included in the General Fund Budget Forms 2 and 3. If these items continue through 2007 at the same level then no adjustment is necessary. If these items are removed or changed, then an adjustment is necessary. The adjustments are as follows:

1. Remediation – For 2004 and 2005 remediation dollars were added beyond the normal funding formula. For 2005 that amount is \$1,086,740. These dollars should be considered subtracted from our comparative total revenue so that those remediation programs can remain in affect.
2. Teachers Retirement Fund (TRF) Reduction – For 2004 and 2005 the state decreased the rate that districts pay into the Teachers Retirement Fund. For FWCS that reduction created \$791,700 of additional funds. It is possible that the rate will be reinstated to its former level and that General Fund will have to absorb this cost. These dollars should be considered subtracted from our comparative total revenue so that funds are available for this increased expenditure.
3. Utilities & Insurance Funding in CPF – For 2004 and 2005 the legislature allowed districts to raise a rate in the CPF to pay for growing utilities and insurance. For 2005, FWCS expects to pay \$3,434,498 from CPF that was formally paid from the General Fund. These dollars should be considered subtracted from our comparative total revenue so that funds are available for this increased expenditure.

Additions

Add .4% representing the continued gradual increase in the teachers' portion of the General Fund.

Deductions

1. Percentage of teacher base salary and benefits representing step increases
2. Percentage of teacher base salary and benefits representing step increase in ISTRF for teachers
3. Percentage of teacher base salary and benefits representing 90% of increase in health insurance costs for teachers.

C. Standard School Day Make-up Provisions

The Board agrees to seek, when appropriate and after consultation with the Association, a waiver from the Indiana Department of Education under the provisions of P.L. 390-1987 concerning emergency make-up time for student instructional requirements when schools open late, are closed early or are closed for one or more full days. If bank time is permitted by the Indiana Department of Education for make-up of instructional time, this time may be considered in lieu of requesting a waiver.

D. Standard Schedule Emergency Closing of School

1. In the event the Indiana Department of Education, in evaluating the factors submitted by the Board, does not determine the circumstances extraordinary to justify granting a waiver under IC 20-10.1-2-1 (d) subsection (i), then the days which shall be used to make-up the missed student days (time) due to emergency school closing shall be in priority order as follows:
  - a. Last Day of the First Semester
  - b. Reserve Make-up Day
  - c. Last Day of the Second Semester
  - d. Remainder of missed student days not made up by a, b or c above shall be added to the end of the school year for make-up.
