# FSIS Constituent Update

Protecting Public Health Through Food Safety and Food Defense

---

## Public Meeting to Address Agenda Items for 24th Session of the Codex Committee on Processed Fruits and Vegetables

The Office of the Under Secretary for Food Safety and the Agricultural Marketing Service (AMS), U.S. Department of Agriculture (USDA), have announced a public meeting for Thursday, August 14, 2008, from 10 a.m. to 12 noon, in Room 2068, South Agriculture Building, USDA, 1400 Independence Avenue, S.W., Washington, D.C.

This meeting will be held to provide information and receive public comments on agenda items and draft U.S. positions that will be discussed at the 24th Session of the Codex Committee on Processed Fruits and Vegetables (CCPFV) of the Codex Alimentarius Commission (Codex), to be held in Arlington, Virginia, September 15-20, 2008.

Agenda items and documents related to the 24th Session of the CCPFV will be accessible prior to the public meeting on the Codex Web site at [www.codexalimentarius.net/current.asp](http://www.codexalimentarius.net/current.asp).

For further information regarding the 24th Session of CCPFV, or to submit questions or comments in advance, contact Dorian LaFond, International Standards Coordinator, Fruit and Vegetable Division, AMS, at (202) 690-4944, or by e-mail to [Dorian.Lafond@usda.gov](mailto:Dorian.Lafond@usda.gov).

Persons requiring a sign language interpreter or other special accommodations should contact Doreen Chen-Moulec, International Issues Analyst, U.S. Codex Office, by phone at (202) 205-7760, or e-mail to [Doreen.Chen-Moulec@fsis.usda.gov](mailto:Doreen.Chen-Moulec@fsis.usda.gov).

## FSIS Updates *E. coli* O157:H7 Reports

FSIS has updated *E. coli* O157:H7 testing data to include information through July 27, 2008.

### Results from Analysis of Raw Ground Beef and Raw Ground Beef Component Samples for *Escherichia coli* O157:H7

<b>Raw Ground Beef</b>						
Source	As of July 29, 2007			As of July 27, 2008		
	Number Analyzed	Number Positive	Percent Positive	Number Analyzed	Number Positive	Percent Positive
Federal Plants	6,793	16	0.24	6,679	21	0.31
Retail Stores	102	0	0.00	247	0	0.00
<b>Raw Ground Beef Components</b>						
Source	As of July 29, 2007			As of July 27, 2008		
	Number Analyzed	Number Positive	Percent Positive	Number Analyzed	Number Positive	Percent Positive
Federal Plants	285	2	0.70	1,133	4	0.35
Imports	0	0	0.00	318	0	0.00
The above information is based upon data in the FSIS electronic data system as of July 29, 2008. Results are from FSIS routine and follow-up sampling programs.						

For the FSIS raw ground beef testing programs, the number of positives for this year remains at the same level as was reported last week. This means that no additional positive test results have occurred in FSIS samples collected for federal plants or retail stores in the past week for this product category.

For the raw ground beef components, one new positive has occurred in the samples collected from federal plants in the past week. Although the number of positives is higher than for the same period of 2007, the total number of samples analyzed is also greater. The resulting percent positive remains lower than for the same period of 2007.

Starting next week, FSIS will begin reporting raw ground beef results for import establishments.

Individual positive results from all raw ground beef sampling programs for 2008 are reported on FSIS' Web site at [http://www.fsis.usda.gov/Science/2008\\_Ecoli\\_Positive\\_Results/index.asp](http://www.fsis.usda.gov/Science/2008_Ecoli_Positive_Results/index.asp).

## Food Safety Videos

FSIS offers on its Web site various streaming video and audio resources for owners and operators of small and very small plants. Videos related to food defense include:

### **USDA Emergency Support Function**

- Learn about FSIS' role in a national emergency response to a natural disaster and non-routine food-related incidents; and how the Agency assists the meat, poultry, and egg products industry.

### **Reducing the Insider Threat**

- Learn why the insider threat is a real risk to your product and facility, potential indicators to be aware of, and where to report suspicious activity.

### **Developing Food Defense Plans**

- Learn the importance of developing a food defense plan, a three-step process to create a plan, and the essential components of a plan.

### **Food Defense: What Does it Mean to You?**

- Learn why food defense is important to your company and in protecting public health; and how a food defense plan can help you minimize the risk of intentional contamination.

### **Who is OFDER?**

- Learn about the Office of Food Defense and Emergency Response which serves as the Agency's central office for managing and coordinating homeland security, food defense, and emergency response activities for meat, poultry and processed egg products to further protect public health.

More information is available at [http://www.fsis.usda.gov/News\\_&\\_Events/Meat\\_Poultry\\_&\\_Egg\\_Inspection\\_Video/index.asp](http://www.fsis.usda.gov/News_&_Events/Meat_Poultry_&_Egg_Inspection_Video/index.asp).

## National Advisory Committee on Meat and Poultry Inspection to Hold Public Meeting

The National Advisory Committee on Meat and Poultry Inspection will hold a public meeting on August 27 and 28 to review and discuss international equivalence relating to audits associated with determinations of a country's status, equivalence criteria, and the reinspection system for imported product.

The committee will meet Wednesday, August 27, from 8:30 a.m. to 6 p.m. and Thursday, August 28, from 8:30 a.m. to 3 p.m. in the conference room at the south end of the USDA South Building cafeteria, 1400 Independence Avenue, S.W., Washington, D.C. 20250.

More information, including agenda items, will be made available in future issues of the *FSIS Constituent Update*. Also, be sure to check the "Meetings and Events" page of FSIS' Web site at [www.fsis.usda.gov/News\\_&\\_Events/Meetings\\_&\\_Events/index.asp](http://www.fsis.usda.gov/News_&_Events/Meetings_&_Events/index.asp) for more updates.

For further information about the public meeting, contact Keith Payne at (202) 690-6522 or send an email to [keith.payne@fsis.usda.gov](mailto:keith.payne@fsis.usda.gov).

## August Schedule for Regulatory Education Workshops

FSIS has announced its August schedule of regulatory education workshops for owners and operators of small and very small plants. Workshops will be held:

Tuesday, August 5, 2008

6:30 - 8:30 p.m.

Holiday Inn Express Jackson-Coliseum/Downtown

310 Greymont Avenue

Jackson, Mississippi 39202

Tuesday, August 5, 2008

6:30 - 8:30 p.m.

Sheraton Atlanta Hotel

165 Courtland Street

Atlanta, Georgia 30303

## FSIS Offers Tips to Prevent Foodborne Illness During Severe Weather

Severe weather events can mean power outages, floods and other problems that can affect the safety of food. Knowing what to do before and after a weather event can help you reduce your risk of illness.

FSIS offers tips that can help you minimize the amount of food that may be lost due to spoilage. Check them out at [www.fsis.usda.gov/Fact\\_Sheets/Preparing\\_for\\_Weather\\_Emergency/index.asp](http://www.fsis.usda.gov/Fact_Sheets/Preparing_for_Weather_Emergency/index.asp).

Learn about other basic food safety principles by visiting FSIS' fact sheets at [www.fsis.usda.gov/Fact\\_Sheets/index.asp](http://www.fsis.usda.gov/Fact_Sheets/index.asp).

---

Before you let kids have the run of the kitchen, USDA advises you to take a quiz together. Visit [www.fsis.usda.gov/News\\_&\\_Events/NR\\_090704\\_01/index.asp](http://www.fsis.usda.gov/News_&_Events/NR_090704_01/index.asp).

## Regulatory Education Workshops...

*Continued from page three*

Wednesday, August 13, 2008  
6:30 - 8:30 p.m.

Holiday Inn Crabtree Valley  
4100 Glenwood Avenue  
Raleigh, North Carolina 27612

Thursday, August 14, 2008  
4:00 - 6:00 p.m.

Holiday Inn Boston at Beacon Hill  
5 Blossom Street  
Boston, Massachusetts 02114

Wednesday, August 20, 2008  
6:30 - 8:30 p.m.

Sheraton Westport Plaza Towers  
900 Westport Plaza Drive  
St. Louis, Missouri 63146

The workshops will cover a variety of topics and prerequisite programs, including hazard analysis and critical control points, sanitation performance standards, sanitation standard operating procedures, rules of practice, food defense strategies, *E. coli* O157:H7 workshops and the following FSIS notices:

- 65-07, Notice of Reassessment for *Escherichia coli* O157:H7 Control and Completion of a Checklist for all Beef Operations;
- 66-07, Multiple Follow-Up Sampling After FSIS Positive *Escherichia coli* O157:H7 Results; and
- 68-07, Routine Sampling and Testing of Raw Ground Beef Components Other Than Trim and Imported Raw Ground Beef Components for *Escherichia coli* O157:H7.

To register by phone, call (800) 336-3747. Online registration forms and information about upcoming sessions can be found at [www.fsis.usda.gov/News\\_&\\_Events/Outreach\\_Sessions\\_SVS\\_Plants/index.asp](http://www.fsis.usda.gov/News_&_Events/Outreach_Sessions_SVS_Plants/index.asp).
