Dear Commissioner

I realize that ¹⁵⁴⁰most of you ^{are} are connected to mega corporations by virtual umbilical cords. That's why it is so hard for you to think of the majority of us. I farm and love the land and our animals but most of the time I feel like fodder for the ag and pharmaceutical corporations!

I feel that I have a right to know if I am buying GE foods. We hope our crops and animals are not contaminated - we try our best.

We feel you are obligated to mandate the labeling of GE and irradiated foods.
