Personal Information

Name: william negra
Email: bnegra@banet.net
Company: none
Address: 8 Parsonage road
east setauket ny suffolk 11733
phone: 631-751-0346
fax: none

Comment:

Our family feels that complete and understandable labeling, which includes any genetic modifications, irradiation, or additives is the only way consumers can make intelligent decisions about food. We support any FDA policies which help bring about that goal. Business has the right to market and sell but consumers have the right to know. Thank you for your attention. William and Mary Negra bnegra@banet.net
