

Notification of a Structure/Function Statement, 21 CFR 101.93.

To: Office of Special Nutritionals (HFS-450)
 Center for Food Safety and Applied Nutrition
 Food and Drug Administration
 200 c St., SW.
 WASHINGTON, DC 20204

Packer: Zhishin, LLC
 40 Allen Road./ P.O. Box 65069
 SOUTH BURLINGTON, Vermont 05406

Tel: (802) 862-9242
 Fax: (802) 862-0820

Text : Various Citrus species contain small amounts of alkaloids such as synephrine and octopamine, which are direct- and indirect-acting adrenergic agents. Adrenergic agents with S-agonist activity stimulate lipolysis and increase the resting metabolic rate in some persons, thus increasing the removal and oxidation of fat from adipose tissue stores. This action is potentiated by methylxanthines, such as caffeine, present in Paullinia cupana (Guarana). **This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.**

Name of Dietary Supplement: Zhi-Thin™.

(Zhishin, LLC, South Burlington, VT 05403)

Note: This product originally notified by Herbal Science, Inc., on 22 October, 1997. Dual marketing.

I hereby certify that the information contained in this notification is complete and accurate, and that there is substantiation that the statement is truthful and not misleading.

Dr. Dennis Jones,
 M.A., Ph.D., C.Chem., FRSC(UK)
 MCIC, C.Biol., M.I.Biol., MBIM.
