RE: Menhaden Fish Oil Petition

Dear Mr. Zajac:

In reference to our petition submitted on December 10, 1999 (Docket Number 99P-5332), we wish to clarify and slightly amend the original table of uses. The new table is attached. We trust this also further clarifies our letter of May 1, 2000. We believe this minor revision will not change consumer exposure to the use of menhaden oil.

Very sincerely yours,

Bernard H. White
National Fish Meal and Oil Association
