

Docket #s OOD - 1598 and CON - 1396

3-11-01

I am concerned about the safety of our
food supply and future of agriculture in the US
↓ world.

4 19 4 '01 MAR 19 AM 10:25
I feel there must be further testing on the
genetically modified food organisms, both safety and
cross-over environmental concerns. And there is
no excuse for not labelling these organisms products
for the consumers. We have a right to 'know & choose'.
Please require labeling for all GM products!

LM. BTW.
