

DOCKET # DON-1396 + OOD-1598

Dear Commissioner,

The F.D.A. should be a regulator, not a promoter of the food industry. I AM growing increasingly concerned about the role of government in industry, and the subsequent decline in my food choice.

I urge you to require both labeling and pre-market safety testing of these novel foods that present unique and unforeseen hazards. As I wish to avoid these foods for myself, family and friends.
