RE: Notification of Nutritional Support Statements

Dear Sir or Madam:

I hereby notify the Food and Drug Administration (FDA) of the use of statements of nutritional support in the labeling of Electra Colloidal Trace Minerals, a dietary supplement. Source Naturals® is the manufacturer of Electra Colloidal Trace Minerals.

Statements being made in the labeling of Electra Colloidal Trace Minerals:

(1) Trace minerals are just as important as vitamins in supporting good health and vitality. Trace minerals function as cofactors that help ignite millions of chemical reactions in the body every second. Key mineral electrolytes play a role in the generation of electrical impulses. Without them, we would lose the "spark of life".

To the best of my knowledge, and based upon information and belief present at the time of the execution of this notice, I certify that the above information is accurate and complete. Source Naturals possesses substantiation that the statements are truthful and not misleading.

Ira L. Goldberg
