RE: Notification of Nutritional Support Statements

Dear Sir or Madam:

I hereby notify the Food and Drug Administration (FDA) of the use of statements of nutritional support in the labeling of Coenzymated™ B-6 a dietary supplement. Source Naturals® is the manufacturer of Coenzymated™ B-6.

Statements being made in the labeling of Coenzymated™ B-6:

(I) Pyridoxal-5 Phosphate (PLP or P-5 – P) is the main metabolically active coenzyme form of vitamin B-6. It is primarily in the liver that P-5 -P is synthesized from pyridoxine, with the help of enzymes that require B-2, zinc and magnesium for their activity.

To the best of my knowledge, and based upon information and belief present at the time of the execution of this notice, I certify that the above information is accurate and complete. Source Naturals possesses substantiation that the statements are truthful and not misleading.
