RE: Notification of Nutritional Support Statements

Dear Sir or Madam:

I hereby notify the Food and Drug Administration (FDA) of the use of statements of nutritional support in the labeling of Active A, a dietary supplement. Source Naturals® is the manufacturer of Active A.

Statements being made in the labeling of Active A:

(1) Vitamin A is an essential nutrient which is required for both normal and night vision, maintaining healthy skin and mucous membranes. It is also needed by the thymus gland and the bones. Beta Carotene, or pro-vitamin A, is a potent antioxidant. It is converted to vitamin A in the body when needed to optimize vitamin a levels.

To the best of my knowledge, and based upon information and belief present at the time of the execution of this notice, I certify that the above information is accurate and complete. Source Naturals possesses substantiation that the statements are truthful and not misleading.
