Food & Drug Administration

I'm writing to ask
that the Food & Drug
administration grant
FARM Sanctuaries

petition — to
prohibit the slaughter
of downed animals

DOCKET # 98P-0151/CP1

1st - health risk!

Next - the inhumane
handling & transporting
of sick or injured animals.

Next - the atrocious
acts of leaving to die
slowly with no water
no food or veterinary
care when injured

What kind of people/nation
are we anyway?

Reflects badly on all
mankind & our country!

Thank you if you
consider & understand
this situation &
vote for passage of
Farm Sanctuaries
petition.

Sincerely
L. Brossky
