

Docket No. 98P-0151/CP1

Dec. 31 2000

Mr. & Mrs. Clifford Stoll
51 Callodine Ave.
Buffalo, NY 14226

US Food and Drug Adm.

We urge that you grant Farm Sanctuary's petition to prohibit the slaughter of downed animals.

At least 10% of them, once autopsied, are found to have Mad Cow disease, a fatal disease.

Downed animal carcasses are therefore dangerous for humans AND pets. They should be not only separated but buried.

They are a threat to us all.

Sincerely,

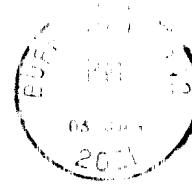

Cliff and Bella Stoll

P.S. Please respond, with your decision.
