I am writing today to ask that you please grant petition 98P-0151/CPI to prohibit the slaughter of downed animals. This will not only insure humane treatment of the animals, but also protect people, children from consuming unhealthy meats and help reduce the risk of "MAD COW DISEASE". These animals, as all animals deserve to be treated with kindness and should not be allowed in the food chain, for all of our sakes,  
 Thank You.
