Comments on Docket # DOD-1598 and OGN-1396
2/3/01
Dear Commissioner,

The FDA should be a regulator and not a promoter of the Food Industry. I am growing increasingly concerned about the role of government in industry, and the subsequent decline of good choice.

- I Urge you to require both labeling and pre-market safety testing of GE Foods. These foods may present unforeseen hazards, and as I wish to avoid them for myself, family and friends, I find it irresponsible that the FDA continues to deny me my Freedom of Choice!

Sincerely,
Pat Weiler
