

Downed Animal Law

Docket #

Please,

The Downed Animal Law should be enforced, these animals suffer enough!! By the hands of men, who torture them, even during transport to the slaughterhouses, I thought that's why we have laws!! I've seen hidden camera videos of what they do to Downed cows and baby pigs, cut there ears and snouts off while there alive!!! Torturing cows that are too injured to move. I have and will continue to educate everyone I know, and I am in a very public profession, I will continue to write the government in Washington D.C. and the Food and Drug Administration, and ALL will know how we allow this

Horrific Torture, it's Sadistic
