

DOCKET # OON-1396 and OOD-1598

2/2/66

Dear Commissioner,

If you believe in heredity then  
I would have had hip surgery etc etc.  
But, I believe because of organic foods  
I have so far not had the problems  
virtually everyone in my family has.  
I definitely need to know what is organic  
and what isn't!

So Far Healthy  
Robert A. Schiller
