To Whom It May Concern:

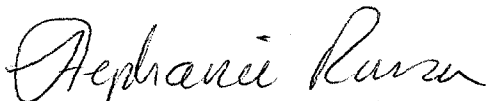

We are concerned with the use of rBGH. As consumers, we should be able to choose whether or not we consume dairy products made with milk from cows treated with rBGH. Please withdraw your approval for the use of rBGH. At the very least, please require federal labeling of products so consumers can choose for themselves whether or not to buy products that use milk from cows treated with rBGH.

Thank you for your attention in this matter.

Sincerely,

Robert Rivera
