DEPARTMENT OF EDUCATION

Notice of Proposed Waivers for the Native American Vocational Technical Education Program (NAVTEP) and the Tribally Controlled Postsecondary Vocational and Technical Institutions Program (TCPVTIP) and Funding of Continuation Grants

AGENCY: Office of Vocational and Adult Education, Department of Education.

SUMMARY: The Secretary proposes to waive the requirements in 34 CFR 75.250 of the Education Department General Administrative Regulations (EDGAR) that generally prohibit project periods exceeding five years and announces the proposed funding of continuation grants for current NAVTEP and TCPVTIP grantees. These waivers would enable the 30 current eligible grantees under NAVTEP and the two current eligible grantees under TCPVTIP to apply for and continue to receive Federal funding beyond the five-year limitation contained in 34 CFR 75.250.

DATES: We must receive your comments on or before May 8, 2006.

Background

NAVTEP and TCPVTIP support grants to operate vocational and technical education programs, as authorized by sections 116(a) through (g) and 117, respectively, of the Carl D. Perkins Vocational and Technical Education Act of 1998 (Perkins Act) (20 U.S.C. 2326(a)-(g) and 2327). The Congress is now in the process of reauthorizing the Perkins Act and we do not believe it would be in the public interest to hold new competitions under either NAVTEP or TCPVTIP until after Congress has concluded that process.

Eligible applicants for fiscal year (FY) 2005 NAVTEP funds (the appropriation currently available for expenditure for NAVTEP) are:

- (a) Federally recognized Indian tribes.
- (b) Tribal organizations.
- (c) Alaska Native entities.
- (d) Bureau-funded schools (as defined

in the notice inviting applications published in the **Federal Register** on January 3, 2001 (66 FR 560)), except for Bureau-funded schools proposing to use their award to support secondary school

vocational and technical education programs.

(e) Consortia of one or more eligible tribes, tribal organizations, Alaska Native entities, or eligible Bureau-funded schools.

Eligible applicants for FY 2006 TCPVTIP funds (the appropriation currently available for expenditure for TCPVTIP) are tribally controlled postsecondary vocational and technical institutions that do not receive Federal support under the Tribally Controlled College or University Assistance Act of 1978 (25 U.S.C. 1801 *et seq.*) or the Navajo Community College Act (25 U.S.C. 640a *et seq.*)

To avoid a lapse in the availability of vocational and technical education and training provided by current NAVTEP and TCPVTIP grantees, the Secretary proposes to waive the requirements in 34 CFR 75.250, which prohibit project periods exceeding five years. With these waivers we would continue to fund current, eligible NAVTEP and TCPVTIP grantees, for as long as Congress continues to appropriate funds for the existing program authorities and possibly during a transition to any new program authorities. We have concluded that it would be contrary to the public interest to have a lapse in NAVTEP and TCPVTIP projects pending reauthorization of the Perkins Act. With these waivers of 34 CFR 75.250: (1) Current NAVTEP and TCPVTIP grants would be continued at least through FY 2006 and possibly beyond, if Congress continues to appropriate funds for NAVTEP or TCPVTIP under their current statutory authorities, and (2) we would not announce new competitions or make new awards under NAVTEP or TCPVTIP in FY 2006.

In a July 16, 2004 **Federal Register** notice for NAVTEP (69 FR 42701), and in a July 29, 2002 **Federal Register** notice for TCPVTIP (67 FR 49015), we waived the requirements of 34 CFR 75.261(c)(2), which prohibit project period extensions involving the obligation of additional Federal funds. The waivers of 34 CFR 75.261(c)(2) announced in those notices remain in effect for current NAVTEP and TCPVTIP grantees. If the waivers of 34 CFR 75.250 proposed in this notice are announced by us in a final notice, the requirements applicable to continuation awards for current NAVTEP and TCPVTIP grantees that were established in our July 16, 2004 and July 29, 2002 **Federal Register** notices, and the requirements in 34 CFR 75.253 would apply to any continuation awards sought by eligible current grantees under these programs.

The waivers of 34 CFR 75.250 and 75.261(c)(2) do not exempt current

NAVTEP and TCPVTIP grantees from the account closing provisions of 31 U.S.C. 1552(a), nor do they extend the availability of funds previously awarded to current NAVTEP and TCPVTIP grantees. As a result of 31 U.S.C. 1552(a), appropriations available for a limited period may be used for payment of valid obligations for only five years after the expiration of their period of availability for Federal obligation. After that time, the unexpended balance of those funds is canceled and returned to the U.S. Treasury Department and is unavailable for restoration for any purpose.

Regulatory Flexibility Act Certification

The Secretary certifies that the proposed waivers would not have a significant economic impact on a substantial number of small entities.

The small entities that would be affected by these proposed waivers are:

(a) The FY 2000 grantees currently receiving Federal funds and the following entities that are eligible for an award under NAVTEP:

- (1) Federally recognized Indian tribes.
- (2) Tribal organizations.
- (3) Alaska Native entities.

(4) Bureau-funded schools (as defined in the notice inviting applications published in the **Federal Register** on January 3, 2001 (66 FR 560)), except for Bureau-funded schools proposing to use their award to support secondary school vocational and technical education programs.

(b) The FY 2001 grantees currently receiving Federal funds and other tribally controlled postsecondary vocational and technical institutions that do not receive Federal support under the Tribally Controlled College or University Assistance Act of 1978 (25 U.S.C. 1801 *et seq.*) or the Navajo Community College Act (25 U.S.C. 640a *et seq.*) that are eligible for an award under the TCPVTIP.

The Secretary certifies that the proposed waivers would not have a significant economic impact on these entities because the proposed waivers and the activities required to support the additional years of funding would not impose excessive regulatory burdens or require unnecessary Federal supervision. The proposed waivers would impose minimal requirements to ensure the proper expenditure of program funds, including requirements that are standard for continuation awards.

Paperwork Reduction Act of 1995

This notice of proposed waivers does not contain any information collection requirements.

Intergovernmental Review

The NAVTEP and TCPVTIP are not subject to Executive Order 12372 and the regulations in 34 CFR part 79.
