Note: Many incident characteristics were unaffected or minimally affected by changes in methodology in the 2006 National Crime Victimization Survey. However, caution should be used in comparing 2006 rates of individual variables, particularly those with small sample sizes, to previous years. See *Criminal Victimization, 2006*, at <<http://www.ojp.usdoj.gov/bjs/abstract/cv06.htm>>. Detail may not add to total shown because of rounding. Excludes incidents in which the presence of a weapon was not ascertained. *Estimate is based on 10 or fewer sample cases.
