Higher Education Programs

AGENCY: Office of Postsecondary Education, Department of Education.

ACTION: Final regulations.

SUMMARY: These final regulations remove all references to points in the selection criteria the Department of Education (Department) uses to evaluate applications submitted under the higher education discretionary grant programs. We are taking this action because the current point assignments are outdated and do not permit sufficient flexibility to establish important program objectives. Taking this action allows us that flexibility and ensures that grant awards are made to high quality applicants.

The final regulations also remove the requirement that in competitions for grants under the Partnership and Teacher-Recruitment components of the Teacher Quality Enhancement Grants Program, the Secretary hold a two-stage competition in which applicants must submit a pre-application and a full application. The current structure did not prove effective in producing high quality applications for this program. Removing the requirement for a pre-application reduces burden on applicants and the Department and allows both to target their resources on the full application stage.

There are some amendments in these final regulations that are purely technical corrections to the regulations.

DATES: These regulations are effective April 20, 2005.

SUPPLEMENTARY INFORMATION: On December 22, 2004, the Secretary

published a notice of proposed rulemaking (NPRM) for 34 CFR parts 606, 607, 611, 637, 648, 656, 657, 658, 660, 661, 662, 663, 664, and 669 in the **Federal Register** (69 FR 76636). In the preamble of the NPRM, the Secretary discussed on pages 76636 and 76637 the major changes proposed to the current regulations. These are as follows:

- The Secretary proposed removing the mandatory point values from the selection criteria in the regulations associated with the application process for discretionary grant programs. These amendments provide the Secretary with the flexibility to select specific point values from year to year to address current priorities for the programs.

- The Secretary also proposed amending 34 CFR part 611, which governs the Teacher Quality Enhancement Grants (TQE) program. This amendment makes discretionary the existing requirement that in competitions for grants under the program's Partnership and Teacher-Recruitment components, the Secretary conduct a two-stage process for selecting applicants involving the submission and review of pre-applications and full applications.

There were no differences between the NPRM and these final regulations.

Analysis of Comments

In response to the Secretary's invitation in the NPRM, the Department did not receive any comments on the changes to the TQE program. Several parties submitted comments on the proposed regulations regarding removal of mandatory point values. An analysis of the comments follows.

Generally, we do not address technical and other minor changes—and suggested changes the law does not authorize the Secretary to make.

Analysis of Comments and Changes

Comments: Several commenters believed that the elimination of points will result in some institutions being denied the opportunity to compete for grants because they will not have enough time to prepare because of the change.

Discussion: The Secretary does not agree that eliminating specific point values from the regulations will reduce the opportunity for potential grantees to compete for grants. The regulations continue to specify the criteria used in making the grants in each program. Moreover, the points to be awarded for each criteria will be specified in a **Federal Register** notice or in the application package, which will be available in enough time for potential applicants to prepare their applications.

Change: None.

Comment: Several commenters wrote that eliminating points from the criteria will result in a reduced focus on institutions that serve disadvantaged students or programs that serve a particular group.

Discussion: The Secretary understands the concerns of the commenters. We do not believe that the proposed change will lead to reduced focus on institutions that serve disadvantaged students or particular groups of students. Removing point values from the regulations does not change the selection criteria or otherwise change the focus of the programs.

Change: None.

Comment: Several commenters stated that the elimination of points would result in a preference for four-year institutions over two-year institutions.

Discussion: We have no reason to believe that the removal of points from the regulations will result in a preference for four-year institutions over two-year institutions in grant awards. The selection criteria will remain the same, so the removal of points will not effect the selection of applicants.

Change: None.

Executive Order 12866

1. Potential Costs and Benefits

We have reviewed these final regulations in accordance with Executive Order 12866. Under the terms of the order we have assessed the potential costs and benefits of this regulatory action.

The potential costs associated with the final regulations are those resulting from statutory requirements and those we have determined to be necessary for administering these programs effectively and efficiently.

In assessing the potential costs and benefits—both quantitative and qualitative—of these final regulations, we have determined that the benefits regulations justify the costs.

We have also determined that this regulatory action would not unduly interfere with State, local, and tribal governments in the exercise of their governmental functions.

2. Summary of Potential Costs and Benefits

We discussed the potential costs and benefits of these final regulations in the preamble to the NPRM in the section titled **SUPPLEMENTARY INFORMATION**.

Regulatory Flexibility Act Certification

The Secretary certifies that these final regulations will not have a significant

economic impact on a substantial number of small entities. Small entities affected by these regulations are small institutions of higher education. The changes will not have a significant economic impact on the institutions affected.

Paperwork Reduction Act of 1995

The Paperwork Reduction Act of 1995 does not require you to respond to a collection of information unless it displays a valid OMB control number. We display the valid OMB control numbers assigned to collections of information in these final regulations at the end of the affected sections of the regulations.

Assessment of Educational Impact

In the NPRM we requested comments on whether the proposed regulations would require transmission of information that any other agency or authority of the United States gathers or makes available.

Based on the response to the NPRM and on our review, we have determined that these final regulations do not require transmission of information that any other agency or authority of the United States gathers or makes available.

Subsistence Management Regulations for Public Lands in Alaska, Subpart C and Subpart D—2005-06 Subsistence Taking of Fish and Shellfish Regulations

AGENCIES: Forest Service, Agriculture; Fish and Wildlife Service, Interior.

ACTION: Final rule.

SUMMARY: This final rule establishes regulations for seasons, harvest limits, methods, and means related to taking of fish and shellfish for subsistence uses during the 2005-06 regulatory year. The rulemaking is necessary because Subpart D is subject to an annual public review cycle. This rulemaking replaces the fish and shellfish taking regulations included in the “Subsistence Management Regulations for Public Lands in Alaska, Subpart C and Subpart D—2004 Subsistence Taking of Fish and Wildlife Regulations,” which expire on March 31, 2005. This rule also amends the Customary and Traditional Use Determinations of the Federal Subsistence Board (Section _____.24 of Subpart C).

DATES: Sections _____.24(a)(2) and (3) are effective April 1, 2005. Sections _____.27 and _____.28 are effective April 1, 2005, through March 31, 2006.

FOR FURTHER INFORMATION CONTACT: Chair, Federal Subsistence Board, c/o U.S. Fish and Wildlife Service, Attention: Thomas H. Boyd, Office of Subsistence Management; (907) 786-3888. For questions specific to National Forest System lands, contact Steve Kessler, Regional Subsistence Program Manager, USDA, Forest Service, Alaska Region, (907) 786-3592.

SUPPLEMENTARY INFORMATION:**Background**

Title VIII of the Alaska National Interest Lands Conservation Act (ANILCA) (16 U.S.C. 3111-3126) requires that the Secretary of the Interior and the Secretary of Agriculture (Secretaries) implement a joint program to grant a preference for subsistence uses of fish and wildlife resources on public lands, unless the State of Alaska

enacts and implements laws of general applicability that are consistent with ANILCA and that provide for the subsistence definition, preference, and participation specified in Sections 803, 804, and 805 of ANILCA. In 1978, the State implemented a program that the Department of the Interior previously found to be consistent with ANILCA. However, in December 1989, the Alaska Supreme Court ruled in *McDowell v. State of Alaska* that the rural preference in the State subsistence statute violated the Alaska Constitution. The Court's ruling in *McDowell* required the State to delete the rural preference from the subsistence statute and, therefore, negated State compliance with ANILCA. The Court stayed the effect of the decision until July 1, 1990.

As a result of the *McDowell* decision, the Department of the Interior and the Department of Agriculture (Departments) assumed, on July 1, 1990, responsibility for implementation of Title VIII of ANILCA on public lands. On June 29, 1990, the Temporary Subsistence Management Regulations for Public Lands in Alaska were published in the **Federal Register** (55 FR 27114). On January 8, 1999 (64 FR 1276), the Departments extended jurisdiction to include waters in which there exists a Federal reserved water right. This amended rule conformed the Federal Subsistence Management Program to the Ninth Circuit's ruling in *Alaska v. Babbitt*. Consistent with Subparts A, B, and C of these regulations as revised May 7, 2002 (67 FR 30559), the Departments established a Federal Subsistence Board to administer the Federal Subsistence Management Program. The Board's composition includes a Chair appointed by the Secretary of the Interior with concurrence of the Secretary of Agriculture; the Alaska Regional Director, U.S. Fish and Wildlife Service; the Alaska Regional Director, U.S. National Park Service; the Alaska State Director, U.S. Bureau of Land Management; the Alaska Regional Director, U.S. Bureau of Indian Affairs; and the Alaska Regional Forester, USDA Forest Service. Through the Board, these agencies participated in the development of regulations for Subparts A, B, and C, and the annual Subpart D regulations.

All Board members have reviewed this rule and agree with its substance. Because this rule relates to public lands managed by agencies in both the Departments of Agriculture and the Interior, identical text will be incorporated into 36 CFR part 242 and 50 CFR part 100.
