Note: Many incident characteristics were unaffected or minimally affected by changes in methodology in the 2006 National Crime Victimization Survey.

However, caution should be used in comparing 2006 rates of individual variables, particularly those with small sample sizes, to previous years.

See *Criminal Victimization, 2006*, at <<http://www.ojp.usdoj.gov/bjs/abstract/cv06.htm>>.

Detail may not add to total shown because of rounding.

Because both theft and damage losses occurred in some victimizations, the sum of entries under

"All theft losses" and "All damage losses" does not equal the entry shown under "All economic losses."

*Estimate is based on 10 or fewer sample cases.
