Note: Many incident characteristics were unaffected or minimally affected by changes in methodology in the 2006 National Crime Victimization Survey. However, caution should be used in comparing 2006 rates of individual variables, particularly those with small sample sizes, to previous years. See *Criminal Victimization, 2006*, at <<http://www.ojp.usdoj.gov/bjs/abstract/cv06.htm>>.

*Estimate is based on 10 or fewer sample cases.

a/The proportions refer only to losses of cash and/or property, and exclude the value of property damage.

b/Includes data for victims who did not provide a specific value for their losses.

c/Includes items that had no value.
