- ORNL's Animal Care and Use Program was evaluated by the International Association for Assessment and Accreditation of Laboratory Animal Care (AAALAC) in October 2005
- First evaluation since moving the mouse population into the new William L. and Liane B. Russell Laboratory for Functional and Comparative Genomics
- The ORNL Institutional Animal Care and Use Committee, Bionetics, Inc. (responsible for staffing and management of the Russell Laboratory), and the Life Sciences Division's Mammalian Genetics Group were complimented by the review team for an "unheard of" flawless evaluation
- The ORNL Animal Care and Use Program was judged of high quality for both program management and for the obvious team effort exhibited by these three groups
