

Detection of Plastic Explosives With Microcantilevers

Contact: Thomas Thundat (thundattg@ornl.gov; 865-574-6201) and Lal Pinnaduwege (pinnaduwegla@ornl.gov; 865-574-6540)

Funding Source: Bureau of Alcohol, Tobacco, & Firearms

- Results published in Applied Physics Letters (August 18, 2003)
- Press release from the American Institute of Physics, Aug. 13, 2003
- Limit of Detection (LOD) of a few femtograms
- Highest sensitivity of detection of explosives reported to date
