Type of Review: Reinstatement.

Title: 1997 State Third International Mathematics and Science Study (TIMSS)

Abstract: The 1997 State TIMSS will use forms and procedures from the 1995 Third International Mathematics and Science Study to assess grade 8 students in math and science in states that choose to participate in the 1997 study. These states will be taking the first step toward meeting President Clinton's challenge to adopt national education standards and to voluntarily administer tests to monitor progress toward these standards.

Additional Information: Emergency clearance to reinstate TIMSS, with changes, for 90 days is requested because the need to conduct TIMSS assessments in 1997 was not anticipated until mid-February 1997. At that time, two states, Missouri and Oregon, requested administration of the TIMSS assessment for grade 8 in statewide samples of their schools during the spring 1997 semester. TIMSS for 1997 would be conducted from mid-April to mid-May 1997 in two states only and at grade 8 only, and would exclude any performance tasks, case studies, or videotape studies associated with the original 1997 data collection. Thus, the 1997 study is a substantially reduced version of the original study.

Frequency: Annually.

Affected Public: Individuals or households; Not-for-profit institutions.

Annual Reporting and Recordkeeping Hour Burden: Responses: 3,025. Burden Hours: 7,150.
