This section shall not limit the Commission from requiring additional testing under this part.

(4) Refuse, when requested by the Commission or its designated representative, to supply at the manufacturer's expense, no more than two of each model of each covered product to any laboratory designated by the Commission for the purpose of ascertaining whether the information in catalogs or set out on the label or marked on the product as required by this part is accurate. This action will be taken only after review of a manufacturer's testing records and an opportunity to revalidate test data has been extended to the manufacturer.

(5) Distribute in commerce any catalog containing a listing for a covered product without the information required by §305.14 of this part. This subsection shall also apply to distributors and retailers.

(c) Pursuant to section 333(c) of the Act, it shall be an unfair or deceptive act or practice in violation of section 5(a)(1) of the Federal Trade Commission Act (15 U.S.C. 45(a)(1)) for any manufacturer, distributor, retailer or private labeler in or affecting commerce to display or distribute at point of sale any printed material applicable to a covered product under this rule if such printed material does not contain the information required by §305.13. (3) Any manufacturer, distributor, retailer, or private labeler may file a petition with the Commission not later than sixty (60) days before the expiration of the period involved for an extension of the 180 day period.
