Semiannual Regulatory Agenda, Spring 2007

AGENCY: Office of the Secretary, USDA.

ACTION: Semiannual regulatory agenda.

SUMMARY: This agenda provides summary descriptions of significant and

not significant regulations being developed in agencies of the U.S. Department of Agriculture (USDA) in conformance with Executive Order 12866 "Regulatory Planning and Review." The agenda also describes regulations affecting small entities as required by section 602 of the Regulatory Flexibility Act, Public Law 96-354. This agenda also identifies regulatory actions that are being reviewed in compliance with section 610(c) of the Regulatory Flexibility Act. We invite public comment on those actions.

USDA has attempted to list all regulations and regulatory reviews pending at the time of publication except for minor and routine or repetitive actions, but some may have

been inadvertently missed. There is no legal significance to the omission of an item from this listing. Also, the dates shown for the steps of each action are estimated and are not commitments to act on or by the date shown.

FOR FURTHER INFORMATION CONTACT: For further information on any specific entry shown in this agenda, please contact the person listed for that action. For general comments or inquiries about the agenda, please contact Michael Poe, Office of Budget and Program Analysis, U.S. Department of Agriculture, Washington, DC 20250, (202) 720-1272.

Dated: March 2, 2007.

Geraldine Broadway,
Chief, Legislative and Regulatory Staff.

Agricultural Marketing Service—Prerule Stage

Sequence Number	Title	Regulation Identifier Number
1	National Organic Program: Add Standards for the Organic Certification of Wild Captured Aquatic Animals (TM-01-08)	0581-AB97

Agricultural Marketing Service—Proposed Rule Stage

Sequence Number	Title	Regulation Identifier Number
2	Honey Research and Promotion: Packer/Importer Board (FV-03-704)	0581-AC37
3	National Organic Program: Sunset (Expiration) of Allowances and Prohibitions Contained on the National List (TM-04-07)	0581-AC51
4	Standards for Condition of Food Containers (FV-05-332)	0581-AC52
5	National Organic Program: Access to Pasture (TM-05-14)	0581-AC57
6	Mandatory Reporting for Dairy Programs (DA-06-07)	0581-AC66
7	Livestock Mandatory Reporting: Revise Reporting Regulation for Swine, Cattle, Lamb, and Boxed Beef (LS-07-01)	0581-AC67

Agricultural Marketing Service—Final Rule Stage

Sequence Number	Title	Regulation Identifier Number
8	The National Organic Program: Amending the National List (TM-04-01), Crops and Processing	0581-AC35
9	Changes in Fees and Hourly Fee Rates for Science and Technology Laboratory Services (ST-05-01)	0581-AC48
10	Perishable Agricultural Commodities Act: Trust Rights (FV-05-373)	0581-AC53
11	National Organic Program: Amending the National List (Crop and Livestock) (TM-06-04)	0581-AC61
12	National Organic Program: Amendments to the National List (Livestock) (TM-03-04)	0581-AC62
13	Multi-Year Revision of Fees for the Fresh Fruit and Vegetable Terminal Market Inspection Services (FV-06-308) ..	0581-AC63

USDA

Agricultural Marketing Service—Long-Term Actions

Sequence Number	Title	Regulation Identifier Number
14	Mandatory Country of Origin Labeling of Beef, Pork, Lamb, Fish, Perishable Agricultural Commodities, and Peanuts (LS-03-04)	0581-AC26

Agricultural Marketing Service—Completed Actions

Sequence Number	Title	Regulation Identifier Number
15	Changes in Fees for Federal Meat Grading and Certification Services (LS-05-05)	0581-AC49
16	Changes in Fees for Voluntary Federal Dairy Grading and Inspection Services (Fee Increase) (DA-05-04)	0581-AC55
17	Federal Processed Fruits and Vegetables, Fee Increase (FV-05-379)	0581-AC56
18	Increase in Fees and Charges for Egg, Poultry, and Rabbit Grading (PY-06-002)	0581-AC64

Agricultural Research Service—Proposed Rule Stage

Sequence Number	Title	Regulation Identifier Number
19	General Administrative Policy for Non-Assistance Cooperative Agreements	0518-AA03

Farm Service Agency—Proposed Rule Stage

Sequence Number	Title	Regulation Identifier Number
20	Guaranteed Loans—Interest To Be Paid on Loss Claims	0560-AH55

Farm Service Agency—Long-Term Actions

Sequence Number	Title	Regulation Identifier Number
21	Regulatory Streamlining of the Farm Service Agency's Direct Farm Loan Programs	0560-AF60
22	Ocean Freight Claims Administrative Appeal Process	0560-AG49
23	2002 Farm Bill Regulations—Assistance for Livestock Producers	0560-AG76
24	Selection of FSA State and County Committees	0560-AG90
25	Environmental Compliance and Related Concerns	0560-AH02
26	Debt Collection, Debt Settlement, and Assignment of Payments	0560-AH09
27	Disaster Declaration and Designation	0560-AH17
28	Conservation Contract Debt Write-Down	0560-AH23
29	Guaranteed Farm Loan Fees	0560-AH41
30	Emergency Conservation Program	0560-AH43
31	Reassignment of Sugar Allocation Shortfalls	0560-AH50
32	Storage Requirements for Grain Security for Marketing Assistance Loans	0560-AH52
33	Defining Sugar Subject to Marketing Allocations	0560-AH53
34	Indian Tribal Land Acquisition Program (ITLAP) Loan Write-Downs	0560-AH54
35	Appraisal Requirements for Farm Ownership Loans	0560-AH56
36	Farm Storage Facility Loan Program	0560-AH60
37	Grassroots Source Water Protection Program	0560-AH61
38	Interest Rates on Farm Service Agency Farm Loan Programs Guaranteed Loans	0560-AH66
39	Defense Priorities and Allocations System	0560-AH68
40	Acreage Reporting and Common Provisions	0560-AH69

USDA

Farm Service Agency—Completed Actions

Sequence Number	Title	Regulation Identifier Number
41	Interest Assistance Program	0560-AG46
42	Procurement of Commodities for Foreign Donation	0560-AH40
43	2005 Hurricane Disaster Assistance Programs	0560-AH45
44	2006 Disaster Assistance Programs	0560-AH62
45	Definition of Indian Tribe for Payment Eligibility and Payment Limitation	0560-AH67

Animal and Plant Health Inspection Service—Prerule Stage

Sequence Number	Title	Regulation Identifier Number
46	Introduction of Organisms and Products Altered or Produced Through Genetic Engineering	0579-AC31
47	Regulation of Genetically Engineered Animals	0579-AC37

Animal and Plant Health Inspection Service—Proposed Rule Stage

Agricultural Marketing Service (AMS)****Prerule Stage****1. NATIONAL ORGANIC PROGRAM:
ADD STANDARDS FOR THE ORGANIC
CERTIFICATION OF WILD CAPTURED
AQUATIC ANIMALS (TM-01-08)****Priority:** Other Significant**Legal Authority:** 7 USC 6501 through 6522**CFR Citation:** 7 CFR 205**Legal Deadline:** None**Abstract:** The Agricultural Marketing Service (AMS) is revising regulations pertaining to labeling of agricultural

products as organically produced and handled (7 CFR part 205). The term “aquatic animal” will be incorporated in the definition of livestock to establish production and handling standards for operations that capture aquatic animals from the wild. AMS has defined “aquatic animal” as any finfish or shellfish used for human consumption, whether taken from regulated but free roaming marine and fresh water populations (wild captured) or propagated and raised in a

controlled or selected environment (aquaculture). Production standards for operations producing aquatic animals will incorporate requirements for livestock origin, feed ration, health care, living conditions, and recordkeeping. Handling standards for such operations will address prevention of commingling of organically produced commodities and prevention of contact between organically produced and prohibited substances.

Abstract: The U.S. Department of Agriculture (Department) received a request from the National Honey Packers and Dealers Association (Association), dated July 8, 2003, to develop an industry-funded research, promotion, consumer education, and information program for honey and honey products. The Association asked that this proposal be held and not sent forward until the industry made some modifications to the proposal. A new proposal was received by the Department in March 2006. This proposed new program, the Honey Research, Promotion, and Consumer Education and Industry Order (Order), will assist the honey industry to: (1) Develop and finance an effective and coordinated program to strengthen the position of the honey industry and (2) Maintain, develop, and expand existing markets for honey and honey products. Under the proposed Order, first handlers (packers) and importers of 250,000 or more pounds of honey and honey products would pay an assessment of \$0.01 per pound to the National Honey Packers and Importers Board (Board). At this initial rate, revenue for the program would be approximately \$3 million. Of this amount, about 51 percent would be generated by assessments on imported honey and honey products. The Board would be appointed by the Department to conduct a program of research and promotion, industry information, and consumer information needed to strengthen and increase the

consumption of honey and honey products in the United States.

Email: charles.parrott@usda.gov**RIN:** 0581-AC37**3. NATIONAL ORGANIC PROGRAM: SUNSET (EXPIRATION) OF ALLOWANCES AND PROHIBITIONS CONTAINED ON THE NATIONAL LIST (TM-04-07)****Priority:** Substantive, Nonsignificant**Legal Authority:** 7 USC 6501 through 6522**CFR Citation:** 7 CFR 205**Legal Deadline:** None

Abstract: The Agricultural Marketing Service (AMS) is revising regulations pertaining to the use of allowed and prohibited substances contained on the National List. The Organic Foods Production Act (OFPA), (7 U.S.C. 6501 et seq.), authorizes the establishment of the National List of allowed and prohibited substances. The National List identifies synthetic substances that are allowed and nonsynthetic substances that are prohibited in organic crop and livestock production. The National List also identifies

nonsynthetics and synthetics that are allowed for use in organic handling.

The allowances and prohibitions granted under the OFPA are required to be reviewed every 5 years by the National Organic Standards Board (NOSB). If they are not reviewed by the NOSB and renewed by the Secretary within 5 years of their inclusion on the National List, their authorized use or prohibition expires. This means that a synthetic substance currently allowed for use in organic production will no longer be allowed for use after October 21, 2007; a non-synthetic substance currently prohibited from use in organic production will be allowed after October 21, 2007; and a synthetic or nonsynthetic substance currently allowed for use in organic handling will be prohibited after October 21, 2007.

Expiration of the exempted or prohibited use of substances is provided for under the OFPA's sunset provision. AMS will conduct informal rulemaking to facilitate the sunset review of 165 exempted and 9 prohibited substances currently on the National List. On June 17, 2005, AMS published an ANPRM that established October 21, 2007, as the date by which the sunset review and renewal process must be concluded. This ANPRM discussed how the NOP will manage the sunset review and renewal process. The ANPRM also began the public comment process on whether the existing specific exemptions or prohibitions on the National List should be continued for organic production and handling. The comment period for the ANPRM closed on August 16, 2005. The NOSB will have approximately 90 days from the close of the comment period to provide a recommendation to AMS concerning the continued use and prohibition of over 150 materials. AMS expects to

USDA—AMS

4. STANDARDS FOR CONDITION OF FOOD CONTAINERS (FV-05-332)

Priority: Substantive, Nonsignificant

Legal Authority: 7 USC 1622 through 1624

CFR Citation: 7 CFR 42

Legal Deadline: None

Abstract: The Agricultural Marketing Service (AMS) is proposing to revise regulations pertaining to 7 CFR part 42, Standards for Condition of Food Containers. Periodically, AMS reviews inspection standards to determine if they meet current industry practices. Based on our most recent analysis, we believe that the standards need to be revised. The revisions are necessary in order to provide standards that reflect current U.S. industry practices. Revisions to the standards include, but are not limited to: (1) Incorporating new defects and updating current defects for metal, glass, rigid and semi-rigid, and flexible containers; (2) Updating the standards to include new packaging technology such as aseptic packaging, metal cans with easy open lids, plastic rings that hold several containers together; and (3) Removing the Operating Characteristic (OC) curves for on-line sampling and inspection.

5. NATIONAL ORGANIC PROGRAM: ACCESS TO PASTURE (TM-05-14)

Priority: Other Significant

Legal Authority: 7 USC 6501 et seq

CFR Citation: 7 CFR 205

Legal Deadline: None

Abstract: The National Organic Program (NOP) is administered by the Agricultural Marketing Service (AMS). Under the NOP, AMS established national standards for the production and handling of organically produced agricultural products. Since implementation of the NOP, some members of the public have advocated for a more explicit regulatory standard on the relationship between livestock, particularly dairy animals, and grazing land. They have asserted the current regulatory language on access to pasture for ruminants and temporary confinement based on an animal's stage of production, when applied together, do not provide a uniform requirement for the pasturing of ruminant animals that meet the principles underlying an organic management system for livestock and livestock products that consumers expect. Comments received as a result of the proposed rule will assist in determining the Agency's next steps in rulemaking on this issue.

6. MANDATORY REPORTING FOR DAIRY PROGRAMS (DA-06-07)

Priority: Other Significant

Legal Authority: Not Yet Determined

CFR Citation: 7 USC 1621 through 1677

Legal Deadline: None

Abstract: The Agricultural Marketing Service is proposing to establish a Dairy Product Mandatory Reporting Program. The proposed program would: (1) Require persons engaged in manufacturing dairy products to provide the Department of Agriculture certain information including price, quantity, and moisture content of dairy products sold by the manufacturer and (2) require manufacturers and other persons storing dairy products to report to USDA information on the quantity of dairy products stored.

8. THE NATIONAL ORGANIC PROGRAM: AMENDING THE NATIONAL LIST (TM-04-01), CROPS AND PROCESSING

Priority: Substantive, Nonsignificant

Legal Authority: 7 USC 6501

CFR Citation: 7 CFR 205

Legal Deadline: None

Abstract: On December 21, 2000, the Secretary of Agriculture (Secretary) established within the National Organic Program (NOP) the National List. The National List regulations identify synthetic (natural) substances and ingredients that are prohibited for use in organic production and handling. Under the authority of the Organic Foods Production Act of 1990 (OFPA), as amended (7 U.S.C. 6501 et seq.), the National List can be amended by the Secretary based on proposed amendments developed by the National Organic Standards Board (NOSB). This action will amend the National List to reflect recommendations submitted to the Secretary by the NOSB from November 15, 2000, through March 3, 2005. Between the specified time period, the NOSB has recommended that the Secretary add 4 substances to section 205.601 and 11 substances to section 205.605 of the National List regulations. This action will also amend the mailing address for where to file a Certification or Accreditation appeal pursuant to section 205.681(d).

program and agency administrative overhead costs. In the past, AMS has amended its regulations on an as needed basis in order to recover laboratory program costs. With this regulation, AMS is providing for three annual standard hourly fee rate increases for fiscal years 2007-2009. This will provide the agricultural commodity industries and other stakeholders with more timely and relevant information regarding user fees for voluntary laboratory testing services. The Agency is also removing tables and schedules with listings of individual tests and services. Three annual hourly fee rate adjustments are established by this action for appeals, holiday, and overtime services to reflect the anticipated increase cost of providing these laboratory services each fiscal year. The regulations also are updated to identify current facility addresses. Part 92 is obsolete and therefore has been removed.

10. PERISHABLE AGRICULTURAL COMMODITIES ACT: TRUST RIGHTS (FV-05-373)

Priority: Substantive, Nonsignificant

Legal Authority: 7 USC 4990

CFR Citation: 7 CFR 46

Legal Deadline: None

Abstract: The Agricultural Marketing Service (AMS), Perishable Agricultural Commodities Act Branch, has issued an advance notice of proposed rulemaking in response to concerns raised by the industry that sellers may lose their status as trust creditors when using electronic data interchange (EDI) for invoicing. The Perishable Agricultural Commodities Act (PACA) imposes a statutory trust on the assets, including inventory and receivables of a licensee or firm operating subject to the PACA that have not paid for perishable agricultural commodities. The PACA provides that a creditor may preserve its rights under the trust by including specified language on billing or invoicing statements. In 1997, the PACA regulations were amended to state that electronic transmissions are considered "ordinary and usual billing and invoicing statements." While perfecting PACA trust rights on paper invoices is fairly straightforward, due to the nature of technology, perfecting trust rights using EDI is not. Sellers who use EDI transmissions to perfect their trust rights perceive a threat that their trust rights may not be preserved. AMS is soliciting comments on the preservation of PACA trust rights in connection with EDI invoicing so that the Agency will be able to provide greater direction to the industry of how PACA trust rights can be preserved when invoicing electronically.

**Department of Agriculture (USDA)
Agricultural Research Service (ARS)**

Proposed Rule Stage

**19. • GENERAL ADMINISTRATIVE
POLICY FOR NON-ASSISTANCE
COOPERATIVE AGREEMENTS**

Priority: Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

Legal Authority: 7 USC 3318(b)

CFR Citation: 7 CFR 550

Legal Deadline: None

Abstract: This rulemaking would establish uniform guidelines on the use, award, and administration of cooperative agreements awarded under the authority of 7 U.S.C. 3318(b),

within USDA's Research, Education, and Economics (REE) Mission Area. This statutory authority provides for a special class of agreements that are known as "non-assistance cooperative agreements." Non-assistance agreements facilitate REE's ability to forge unique partnerships and maintain historic relationships with universities and other public, private, and Federal entities engaged in agricultural research and statistical reporting.

**Department of Agriculture (USDA)
Farm Service Agency (FSA)**

Proposed Rule Stage

**20. GUARANTEED LOANS—INTEREST
TO BE PAID ON LOSS CLAIMS**

Priority: Substantive, Nonsignificant

Legal Authority: 7 USC 1989 et seq

CFR Citation: 7 CFR 762

Legal Deadline: None

Abstract: This rule proposes to allow a maximum of 210 days of interest to accrue from the payment due date with only one exception—FSA's failure to approve or reject the claim within 40 days of receipt. Also, the actions expected of lenders and FSA staff will

be emphasized. Lenders are expected to file estimated or final loss claims on all accounts in a timely manner. Depending on the circumstances, the estimated loss claim could be for zero dollars. FSA staff will be reminded to monitor their estimated loss claims closer to avoid extra interest days.

procedures to implement this authority are out of date and generally inadequate to meet Government or National needs should a situation arise that calls for exercise of the authority. As a result, the Farm Service Agency is meeting this deficiency by promulgating permanent regulations that would allow USDA to efficiently place priority ratings on contracts or orders with respect to resources within its authority, should the need arise. FSA envisions proposing regulations similar to the Department of Commerce's Defense Priorities and Allocation System (DPAS) for establishing priority ratings for contract performance.

45. • DEFINITION OF INDIAN TRIBE FOR PAYMENT ELIGIBILITY AND PAYMENT LIMITATION

Priority: Substantive, Nonsignificant

Legal Authority: 7 USC 1308 et seq

CFR Citation: 7 CFR 1400

Legal Deadline: None

Abstract: This rule amends the regulations of the Commodity Credit Corporation (CCC) governing payment limitation and payment eligibility and the limitation on the maximum allowable adjusted gross income (AGI) for program participants. Currently, 7 CFR part 1400, subpart G, exempts Indian tribes from all requirements of the AGI limitation for payment eligibility without providing a definition of Indian tribe. This rule defines "Indian tribe" consistent with the definition used by the United States Department of the Interior, Bureau of Indian Affairs (BIA), and other rules utilized by CCC, FSA, and the Natural

Resources Conservation Service (NRCS) in their programs.

Legal Authority: 7 USC 7701 to 7772; 7 USC 7781 to 7786; 31 USC 9701

CFR Citation: 7 CFR 340

Legal Deadline: None

Abstract: APHIS is considering changes to its regulations regarding the importation, interstate movement, and environmental release of genetically engineered organisms. We are seeking public comment on the regulatory alternatives we have identified through scoping and on the draft environmental impact statement (DEIS) we have prepared relative to those alternatives. This notice reflects the Agency's current thinking on policy and program design issues affecting our biotechnology programs. The DEIS evaluates the alternatives we have identified so far in terms of their potential effects on the human environment compared to our current regulatory program.

47. • REGULATION OF GENETICALLY ENGINEERED ANIMALS

Priority: Other Significant

Legal Authority: 7 USC 8301 to 8317

CFR Citation: Not Yet Determined

Legal Deadline: None

Abstract: APHIS is considering the need to regulate the movement (which includes importation, containment, and field release) of genetically engineered animals to ensure that the genetically engineered traits do not present a health risk to livestock. Biotechnology research and development have resulted in genetically engineered animals and animal products that are ready for commercialization. Although these applications may provide significant agricultural, human/animal health, and societal benefits, there are also potential risks, concerns, and environmental impacts associated with the technology that may require Federal oversight.

48. ANIMAL WELFARE: MARINE MAMMALS; NONCONSENSUS LANGUAGE AND INTERACTIVE PROGRAMS (RULEMAKING RESULTING FROM A SECTION 610 REVIEW)

Priority: Other Significant

Legal Authority: 7 USC 2131 to 2159

CFR Citation: 9 CFR 3

Legal Deadline: None

Abstract: The U.S. Department of Agriculture regulates the humane handling, care, treatment, and transportation of certain marine mammals under the Animal Welfare Act. The present standards for these animals have been in effect since 1979, and amended in 1984. During this time, advances have been made and new information has been developed with regard to the housing and care of marine mammals. This rulemaking addresses marine mammal standards on which consensus was not reached during negotiated rulemaking conducted between September 1995 and July 1996. These include standards affecting variances, indoor facilities, outdoor facilities, space requirements, and water quality, as well as swim-with-the-dolphin programs. These actions appear necessary to ensure that the minimum standards for the humane handling, care, treatment, and transportation of marine mammals in captivity are based on current general, industry, and scientific knowledge and experience.

49. TUBERCULOSIS IN CATTLE; IMPORT REQUIREMENTS (SECTION 610 REVIEW)

Priority: Other Significant

Legal Authority: 7 USC 1622; 7 USC 8301 to 8317; 21 USC 136 and 136a; 31 USC 9701

CFR Citation: 9 CFR 93

Legal Deadline: None

Abstract: This rulemaking would amend the regulations regarding the importation of animals into the United States to establish several levels of risk classifications to be applied to foreign regions with regard to tuberculosis, and to establish requirements governing the importation of cattle based on each risk classification. These changes are necessary to help ensure that cattle infected with tuberculosis are not imported into the United States.

50. TRICHINAE CERTIFICATION PROGRAM

Priority: Other Significant

Legal Authority: 7 USC 8301 to 8317; 7 USC 1622

CFR Citation: 9 CFR 149; 9 CFR 160 to 161

Legal Deadline: None

Abstract: This action would establish a voluntary Trichinae Certification Program for U.S. pork that has been produced under disease-prevention conditions. Under the proposed program, we would certify pork production sites that follow prescribed good production practices that reduce, eliminate, or avoid the risk of exposure of animals to the zoonotic parasite *Trichinella spiralis*, a disease of swine. Such a program should enhance the ability of producers to export pork and pork products to overseas markets. This proposed program, which would be funded by program fees, has been developed as a cooperative effort by the U.S. Department of Agriculture, the National Pork Board, and the pork processing industry. If adopted, this program would include those producers who choose to participate in the program, as well as slaughter facilities and other persons that handle or process swine from pork production sites that have been certified under the program.

PLANTING; ESTABLISHING A NEW
CATEGORY OF PLANTS FOR
PLANTING NOT AUTHORIZED FOR
IMPORTATION PENDING RISK
ASSESSMENT (RULEMAKING
RESULTING FROM A SECTION 610
REVIEW)****Priority:** Other Significant**Legal Authority:** 7 USC 450; 7 USC 7701 to 7772; 7 USC 7781 to 7786; 21 USC 136 and 136a**CFR Citation:** 7 CFR 319**Legal Deadline:** None**Abstract:** This action would establish a new category in the regulations governing the importation of nursery stock, also known as plants for planting. This category would list taxa of plants for planting whose importation is not authorized pending risk assessment. In order to determine whether to add a taxon of plants for planting to this category, we would review scientific information other than a pest risk assessment; the types of scientific information we would review would be listed in the regulations. If scientific information other than a pest risk assessment indicated that importation of the taxon of plants for planting posed a potential risk, we would then publish an interim rule adding the taxon to the proposed category and give the public an opportunity to comment on the change. We would allow foreign governments to request that a pest risk assessment be conducted for a taxon whose importation is not authorized pending risk evaluation. After the pest risk assessment was completed, we would conduct rulemaking to remove the taxon from the proposed category if determined appropriate by the risk assessment. We are also proposing to expand the scope of the plants regulated in the plants for planting regulations to include non-vascular plants. These changes would allow us to react more quickly to evidence that a taxon of plants for planting may pose a pest risk while ensuring that our actions are based on scientific evidence.**Timetable:**

54. SHARING CONFIDENTIAL BUSINESS INFORMATION WITH GOVERNMENT AGENCIES REGARDING THE INTRODUCTION OF GENETICALLY ENGINEERED ORGANISMS AND PRODUCTS

Priority: Other Significant

Legal Authority: 7 USC 7701 to 7772; 7 USC 7781 to 7786; 31 USC 9701

CFR Citation: 7 CFR 340

Legal Deadline: None

Abstract: This action would amend our regulations regarding genetically engineered organisms to add provisions concerning the sharing of confidential business information (CBI) with authorized officials of State, tribal, and Federal Government agencies. The proposed provisions would create mechanisms for sharing CBI submitted under the regulations pursuant to a permit application or notification. This action is necessary to facilitate interagency communication and cooperation, to increase the transparency of regulatory decisionmaking, and to maintain rigorous and appropriate regulation of genetically engineered organisms.

55. • MINIMUM AGE REQUIREMENTS FOR THE TRANSPORT OF ANIMALS

Priority: Other Significant

Legal Authority: 7 USC 2131 to 2159

CFR Citation: 9 CFR 2

Legal Deadline: None

Abstract: We propose to amend the Animal Welfare Act regulations by adding minimum age and weaning requirements for the transport in commerce of exotic and wild animals. The regulations currently contain such requirements for dogs and cats, but no corresponding ones for exotic and wild animals, despite the risks associated with the early transport of these species. We also propose an exemption to allow animals to be transported without their mothers for medical treatment and for scientific research before reaching the minimum age and weaning requirement, provided certain conditions are met. Establishing minimum age requirements for the transport of exotic and wild animals and providing for the transport of animals that have not met the minimum age requirements are necessary to help ensure the humane treatment of these animals.

56. • USER FEES; EXPORT CERTIFICATION FOR PLANTS AND PLANT PRODUCTS

Priority: Other Significant

Legal Authority: 7 USC 7701 to 7772; 7 USC 7781 to 7786; 7 USC 8301 to 8317; 21 USC 136 and 136a; 49 USC 80503

CFR Citation: 7 CFR 354

Legal Deadline: None

Abstract: This rulemaking would amend the user fee regulations by adjusting the fees charged for export certification of plants and plant products. We are proposing to increase these user fees to reflect the anticipated costs associated with providing these services. We are also proposing to add a new user fee for Federal export certificates for plants and plant products that an exporter obtains from a State or county cooperator in order to recover our administrative costs associated with that service. Finally, we are proposing to make several nonsubstantive changes to the regulations for clarity. These proposed changes would enable us to properly recover the costs of providing export certification services for plants and plant products.

Abstract: This rulemaking would amend the regulations to relieve restrictions that currently require citrus producers to ensure that citrus groves in the State of Florida are certified to be free of citrus canker prior to interstate movement of citrus fruit. This action would also require that all inspection of fruit for symptoms of citrus canker as well as treatments and packaging of citrus fruit to be moved interstate occur in packinghouses that operate under a compliance agreement with APHIS. This action would allow the interstate movement of fresh citrus fruit from Florida, provided the fruit does not exhibit symptoms of citrus canker and is handled in accordance with the regulations.

60. REVISION OF FRUITS AND VEGETABLES IMPORT REGULATIONS**Priority:** Other Significant**Legal Authority:** 7 USC 450; 7 USC 7701 to 7772; 7 USC 7781 to 7786; 7 USC 8311; 21 USC 136 and 136a; 31 USC 9701**CFR Citation:** 7 CFR 305; 7 CFR 319; 7 CFR 352**Legal Deadline:** None

Abstract: This rule would revise and reorganize the regulations pertaining to the importation of fruits and vegetables to consolidate requirements of general applicability and eliminate redundant requirements, update terms and remove outdated requirements and references, update the regulations that apply to importations into territories under U.S. administration, and make various editorial and nonsubstantive changes to regulations to make them easier to use. The rule would also make substantive changes to the regulations, including establishing criteria within the regulations that, if met, would allow us to approve certain new fruits and vegetables for importation into the United States and to acknowledge pest-free areas in foreign countries without undertaking rulemaking and doing away with the practice of listing specific commodities that may be imported subject to certain types of phytosanitary measures. These changes are intended to simplify and expedite our processes for approving certain new imports and pest-free areas while continuing to allow for public participation in the processes. If adopted, the rule would represent a significant structural revision of the fruits and vegetables import regulations and would establish a new process for approving certain new commodities for importation into the United States. It would not, however, allow the importation of any specific new fruits or vegetables, nor would it alter the conditions for importing currently approved fruits or vegetables except as specifically described in this document.

61. PHYTOPHTHORA RAMORUM; QUARANTINE AND REGULATIONS

Priority: Other Significant

Legal Authority: 7 USC 7701 to 7772; 7 USC 7781 to 7786

CFR Citation: 7 CFR 301

Legal Deadline: None

Abstract: This action will amend the Phytophthora ramorum regulations to make the regulations consistent with a Federal Order issued by APHIS in December 2004 that established restrictions on the interstate movement of nursery stock from nurseries in nonquarantined counties in California, Oregon, and Washington. This action will also update conditions for the movement of regulated articles of nursery stock from quarantined areas, as well as restrict the interstate movement of all other nursery stock from nurseries in quarantined areas. We are also updating the list of plants regulated because of P. ramorum and the list of areas that are quarantined for P. ramorum and making other miscellaneous revisions to the regulations. These actions are necessary to prevent the spread of P. ramorum to noninfested areas of the United States. We will continue to update the regulations through additional rulemakings as new scientific information on this pathogen becomes available.

62. INTERSTATE MOVEMENT OF SHEEP AND GOATS; APPROVED LIVESTOCK FACILITIES, IDENTIFICATION, AND RECORDKEEPING REQUIREMENTS

Priority: Other Significant

Legal Authority: 7 USC 8301 to 8317

CFR Citation: 9 CFR 71

Legal Deadline: None

Abstract: This rulemaking would amend the regulations regarding the interstate movement of animals to require livestock facilities that handle sheep or goats in interstate commerce to be approved by APHIS. These would include stockyards, livestock markets, buying stations, concentration points, or any other premises where sheep or goats in interstate commerce are assembled. APHIS' approval would be contingent on the facility operator meeting certain minimum standards and other conditions relating to the receipt, handling, and release of sheep and goats at the facility, as well as complying with certain animal identification and recordkeeping requirements. The standards and other conditions would be based, in part, on recently implemented regulations relating to the interstate movement of sheep and goats in order to control the spread of scrapie, a serious disease of sheep and goats. This rule would provide for the establishment of standards for the approval of livestock facilities that handle sheep or goats in interstate commerce.

Priority: Other Significant

Legal Authority: 21 USC 151 to 159

CFR Citation: 9 CFR 101; 9 CFR 116

Legal Deadline: None

Abstract: This rulemaking would amend the Virus-Serum-Toxin Act regulations concerning records and reports to require veterinary biologics licensees and permittees to record and submit reports to the Animal and Plant Health Inspection Service (APHIS) concerning adverse events associated with the use of biological products that they produce or distribute. We would specify the information that must be included in the adverse event report and would require veterinary biologics manufacturers to report to APHIS the number of doses of each licensed product that they distribute. These actions would assist APHIS in providing complete and accurate information to consumers regarding adverse reactions or other problems associated with the use of licensed biological products.

65. SPECIAL NEED REQUESTS UNDER THE PLANT PROTECTION ACT

Priority: Other Significant

Legal Authority: 7 USC 7701 to 7772; 7 USC 7781 to 7786

CFR Citation: 7 CFR 301

Legal Deadline: None

Abstract: This proposed action would amend our domestic quarantine regulations to establish a process by which a State or political subdivision of a State could request approval to impose prohibitions or restrictions on the movement in interstate commerce of specific articles that are in addition to the prohibitions and restrictions imposed by the Animal and Plant Health Inspection Service. The Plant Protection Act provides that States or political subdivisions of States may make such special need requests, but there are currently no procedures in place for their submission or consideration. This action would establish a process by which States may make a special need request.

66. LOW PATHOGENIC AVIAN INFLUENZA; VOLUNTARY CONTROL PROGRAM AND PAYMENT OF INDEMNITY

Priority: Other Significant

Legal Authority: 7 USC 8301 to 8317

CFR Citation: 9 CFR 53; 9 CFR 56; 9 CFR 145 to 147

Legal Deadline: None

Abstract: This action will amend the regulations to establish a voluntary program for the control of the H5/H7

USDA—APHIS

Final Rule Stage

subtypes of low pathogenic avian influenza in commercial poultry under the auspices of the National Poultry Improvement Plan (the Plan). The control program was voted on and approved by the voting delegates at the Plan's 2004 National Plan Conference. This action will also provide for the payment of indemnity for costs associated with eradication of the H5/H7 subtypes of low pathogenic avian influenza in both breeding and commercial poultry. The H5/H7 subtypes of low pathogenic avian influenza can mutate into highly pathogenic avian influenza, a disease that can have serious economic and public health consequences. This combination of a control program and indemnity provisions is necessary to help ensure that the H5/H7 subtypes of low pathogenic avian influenza are detected and eradicated when they occur within U.S. commercial poultry production.

RIN: 0579-AB99**67. STANDARDS FOR PERMANENT, PRIVATELY OWNED HORSE QUARANTINE FACILITIES (SECTION 610 REVIEW)****Priority:** Other Significant**Legal Authority:** 7 USC 1622; 7 USC 8301 to 8317; 21 USC 136 and 136a; 31 USC 9701**CFR Citation:** 9 CFR 93**Legal Deadline:** None

Abstract: This rulemaking would establish standards for the approval of permanent, privately owned quarantine facilities for horses. We are taking this action because demand for quarantine services for horses exceeds the space available at existing facilities. We believe that allowing imported horses to be quarantined in permanent, privately owned quarantine facilities that meet these newly proposed criteria would facilitate the importation of horses while continuing to protect against the introduction of communicable diseases of horses.

Abstract: This action would amend the requirements for the importation of certain live ruminants and ruminant products to establish conditions for the importation of additional commodities. The commodities addressed by the rulemaking include live bovines born after the date of effective enforcement of a ruminant-to-ruminant feed ban in the region of export, blood and blood products derived from bovines, and casings and part of the small intestine of bovines from regions that present a minimal risk of introducing bovine spongiform encephalopathy into the United States.

69. • IMPORTATION OF POULTRY AND POULTRY PRODUCTS FROM REGIONS AFFECTED WITH HIGHLY PATHOGENIC AVIAN INFLUENZA**Priority:** Other Significant**Legal Authority:** 7 USC 1622; 7 USC 8301 to 8317; 21 USC 136 and 136a**CFR Citation:** 9 CFR 93 to 95**Legal Deadline:** None

Abstract: This rulemaking will amend the regulations concerning the importation of animals and animal products to prohibit or restrict the importation of birds, poultry, and bird and poultry products from regions that have reported the presence in commercial birds or poultry of highly

pathogenic avian influenza other than subtype H5N1. This action will supplement existing prohibitions and restrictions on articles from regions that have reported the presence of exotic Newcastle disease or highly pathogenic avian influenza subtype H5N1. The new restrictions will be almost identical to those imposed on articles from regions with exotic Newcastle disease.

Legal Deadline: None

Abstract: This rulemaking will amend the regulations to remove vapor heat treatment as an approved treatment for bell pepper, eggplant, Italian squash, and tomato moved interstate from Hawaii. This action is necessary because these four commodities can serve as hosts for the solanum fruit fly, which has been detected in Hawaii, and vapor heat treatment is not an approved treatment for that pest. This rulemaking will also provide for the use of irradiation as an approved treatment for all Capsicum spp. (peppers) and Cucurbita spp. (squash) moved interstate from Hawaii. This action will relieve unnecessary restrictions on the interstate movement of peppers and squash and allow a greater variety of Capsicum spp. and Cucurbita spp. to be moved interstate from Hawaii.

Legal Deadline: None

Abstract: The Agency intends to publish a proposed rule to effectuate a comprehensive civil rights regulation implementing the following laws: The Equal Credit Opportunity Act (ECOA); title VI of the Civil Rights Act of 1964; title VIII of the Civil Rights Act of 1968, as amended by the Fair Housing Amendments Act of 1988 (The Fair Housing Act); section 504 Federally Conducted and Federally Assisted Programs; title IX of the Education Amendments of 1972; Age Discrimination Act of 1975; and Executive Orders 11246 and 12898 (Environmental Justice). The revised regulations will provide detailed guidelines for field offices for improved enforcement and compliance with these laws, which heavily impact the Agency's programs. Mechanisms for monitoring compliance by field offices and recipients of Federal financial assistance at all levels will decrease the Agency's vulnerability that exists due to noncompliance with recently enacted Civil Rights legislation.

Legal Deadline: None

Abstract: The Agency will consolidate seven regulations containing Community Facility (CF) servicing information into one, streamlined regulation. The Agency will also make changes to improve the servicing

options available to CF borrowers. The goal is to work with borrowers to enable them to continue operating and providing essential community services to rural residents. This consolidation and the proposed changes will improve service to borrowers and will ensure that the Government's investment is protected and maximized. The proposed action will have no financial impact on the public or the Agency. The consolidation and revisions of these regulations will be in the best interest of the Government and the public.

Abstract: The Agency is consolidating, simplifying, and updating Agency standards for planning and developing sites and buildings to bring them in line with contemporary industry standards. This regulation will contain the policies and procedures for planning and developing sites and buildings proposed for RHS financial assistance. This effort will produce a user-friendly tool to help program constituents, rural communities, and Agency personnel.

The consolidation effort will also bring the requirements of these two regulations in line with the Agency's Single Family Housing, Multi-Family Housing, Community Programs, Water and Waste, and Business and Industry regulations and handbooks. This action will have no financial impact on the public or Agency. These consolidations and technical revisions are in the best interest of the Government and public. This is a positive and needed action in Rural Development program delivery and will add value to the access and delivery of the Agency's programs.

Abstract: The Rural Development Agencies for Housing and Community Facilities Programs, Utilities Programs, and Business and Cooperative Programs are seeking to consolidate, simplify, and update the different Agency environmental requirements into a common environmental regulation. This Rural Development regulation will replace 7 CFR 1794, the current Utilities environmental regulation; 7 CFR 1940-G, the current Housing/Business environmental regulation; 7 CFR 1901-F, the current Historic Preservation regulation; and 7 CFR Part 1940-J, the current Intergovernmental Review regulation.

This consolidation effort will produce a single user-friendly tool to help the program constituents, rural communities, and Rural Development staff and bring the environmental requirements of Agency actions in line with the environmental requirements of other Federal programs for similar actions. This rule consists of subparts A through O.

Proposed Rule Stage

CFR Citation: 7 CFR 3575, subpart A

Legal Deadline: None

Abstract: The Agency proposes to amend its regulations utilized to service the Community Facilities guaranteed loan program by adding terms and definitions applicable to this subpart, amend or add existing regulation to establish reporting responsibilities for lenders participating in the program, and amend or add regulation to clarify program parameters in making, guaranteeing, holding, servicing, or liquidating guaranteed loans. The intended effect of this action is to provide a precise understanding of terms as they apply to eligibility and program implementation and maintenance, and to establish accountability for adequate servicing on guaranteed loans.

100. THERMAL REQUIREMENTS (RULEMAKING RESULTING FROM A SECTION 610 REVIEW)

Priority: Substantive, Nonsignificant

Legal Authority: 5 USC 301; 7 USC 1989; 42 USC 1480

CFR Citation: 7 CFR 1924, subpart A

Legal Deadline: None

Abstract: The current Agency Procedure, section 1924.6 (a)(3)(i)(A), requires that surety be provided when the construction contract exceeds \$100,000. This Procedure Notice changes the surety requirements in 1924-A [section 1924.6 (a)(3)(i)(A)] from a \$100,000 contract amount to the Rural Development Single-Family Housing area lending limits, which will vary with the locality. This will liberalize the requirement for surety and take into account the increase in construction cost of single-family homes in the Rural Development's Single-Family Housing Program since the last revision (1980) to this section of the regulation. This should ease the burden on small contractors for whom obtaining surety is difficult and expensive, additionally reducing costs to our single-family housing borrowers.

Legal Deadline: None

Abstract: The Agency has consolidated and streamlined the regulations pertaining to section 515 Rural Rental Housing, section 514 Farm Labor Housing Loans, section 516 Farm Labor Housing Grants, and section 521 Rental Assistance Payments. Fourteen published regulations have been reduced to one regulation and handbooks for program administration. This will simplify loan origination and portfolio management for applicants, borrowers, and housing operators, as well as Rural Development field staff. This also provides flexibility for program modifications to reflect current and foreseeable changes. It reduces regulations that address solely internal Agency program administration. Finally, the regulation is more customer-friendly and responsive to the needs of the public.

Priority: Substantive, Nonsignificant

Legal Authority: 42 USC 1472

CFR Citation: 7 CFR 3550

Legal Deadline: None

USDA—RHS

Final Rule Stage

Abstract: The Agency intends to revise the definitions of new and existing dwellings to remove the reference to a 10-year warranty plan; remove dollar limits and use 1 percent of insurance coverage on loss deductible clauses with the objective of recognizing the increasing cost of home ownership insurance due to higher cost of home purchase; and require homeowner education for new home buyers.

This package has been separated into two rules. All revisions, except the homeowner education requirements were published as a direct final rule on February 8, 2005 [70 FR 6551]. The Agency developed a proposed rule to implement the homeowner education requirement.

106. DIRECT SINGLE-FAMILY HOUSING LOANS AND GRANTS

Priority: Other Significant

Legal Authority: Not Yet Determined

CFR Citation: Not Yet Determined

Legal Deadline: None

Abstract: In 1996, a new payment assistance formula was implemented to provide assistance to housing

customers to make home ownership affordable through the section 502 Direct Loan Program. No analysis has been conducted on the formula and its actual impacts since the change was implemented. Anecdotal information reveals that the formula may result in disparate treatment for some customers, especially those in the more rural counties. In addition, the formula is complex and difficult to explain to customers and partners. USDA has contracted for a study of the formula to determine the extent of disparate or unintended borrower treatments/consequences of the existing formula and develop more equitable and simplified alternatives to provide payment assistance to our customers without increasing the cost of the program to the Government.

107. GUARANTEED RURAL RENTAL HOUSING PROGRAM—CHANGE ANNUAL GUARANTEE FEE DUE DATE

Priority: Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

Legal Authority: 5 USC 301; 7 USC 1989; 42 USC 1480

CFR Citation: 7 CFR 3565, subpart B

Legal Deadline: None

Abstract: Rural Development administers the section 538 Guaranteed

Rural Rental Housing Program (GRRHP) under the authority of the Housing Act of 1949. Under the GRRHP, Housing and Community Facilities Programs guarantees loans for the development of housing and related facilities for low- or moderate-income families in rural areas.

The final rule amends 7 CFR part 3565, subpart B, to change the language in 3565.53 (b) to change the due date of the annual guarantee fee.

The annual guarantee fee is a non-refundable amount that the lender must pay each year that the loan guarantee remains in effect. Currently the Finance Office in St. Louis calculates annual guarantee fees manually since the borrower submissions of December 31 year-end financial information are not loaded into their automated systems by January 1, when annual guarantee fees are due. The Finance Office has requested that the annual guarantee fee due date is changed from January 1 to February 1 to allow their automated systems to be uploaded with December 31 year-end information thus enabling them to automate the annual guarantee fee calculation process. Rural Development expects this revision will have no economic impact on the lender, the developer and the project.

110. COMMON CROP INSURANCE REGULATIONS, TOBACCO CROP INSURANCE PROVISIONS

Priority: Routine and Frequent

Legal Authority: 7 USC 1506(l); 7 USC 1506(p)

CFR Citation: 7 CFR 457

Legal Deadline: None

Abstract: The purpose of this rule is to solicit public comments on FCIC's proposed action to remove and reserve section 457.156, Quota Tobacco Crop Insurance Provisions, and to revise Guarantee Tobacco Crop Insurance Provisions as Tobacco Crop Insurance Provisions. The American Jobs Creation Act of 2004 eliminated the USDA Tobacco Marketing Quota Regulations and price support program by FSN as administered by the Farm Service Agency (FSA). The revisions will remove references to quota and add coverage for tobacco grown under a processor contract.

111. COMMON CROP INSURANCE REGULATIONS, CULTIVATED WILD RICE CROP INSURANCE PROVISIONS

Priority: Routine and Frequent

Legal Authority: 7 USC 1506(l); 7 USC 1506(p)

CFR Citation: 7 CFR 457

Legal Deadline: None

Abstract: This rule will solicit public comments on FCIC's proposed action to convert the cultivated wild rice pilot crop insurance program to a permanent insurance program for the 2007 and succeeding crop years. The cultivated wild rice pilot program began in the 1999 crop year by offering cultivated wild rice crop insurance coverage to producers in Minnesota and California.

114. COMMON CROP INSURANCE REGULATIONS, APPLE CROP INSURANCE PROVISIONS

Priority: Routine and Frequent. Major status under 5 USC 801 is undetermined.

Legal Authority: 7 USC 1506 (l); 7 USC 1506 (p)**CFR Citation:** 7 CFR 457**Legal Deadline:** None

Abstract: The purpose of this rule is to solicit public comments on FCIC's proposed action to revise the Apple Crop Provisions. The revision clarifies how production to count for appraised and harvested production on acreage designated as fresh apple acreage is determined under section 14 (Optional Coverage for Fresh Fruit Quality Adjustment). The current language is unclear and if misinterpreted may cause inequities in calculating crop insurance indemnities.

115. EMERGENCY AND DISASTER PROCEDURES FOR CROP INSURANCE PURPOSES

Priority: Other Significant**Legal Authority:** 7 USC 1506 (l); 7 USC 1506 (p)**CFR Citation:** 7 CFR 457**Legal Deadline:** None

Abstract: The Risk Management Agency is proposing to revise the Common Crop Insurance Policy Basic Provisions to specify that, in the event of a natural disaster that impact crops and programs of the Federal Crop Insurance Corporation and where there has been a Presidential Disaster Declaration, the Secretary of Agriculture may determine that certain variances or waivers in policy and procedure requirements are necessary to protect the interests of policyholders. This would allow the Risk Management Agency to provide relief in the underwriting of crop protection and the adjudication of claims or when the impacts of natural disasters cause unnecessary delays in providing crop insurance protection or processing

claims. It is not intended to provide insurance coverage where it would not be otherwise authorized or provide indemnity payments greater than what is authorized under the policy. The purpose would be to expedite the process of policyholders receiving their indemnities at a time when they are most at need.

118. COMMON CROP INSURANCE REGULATIONS AND VARIOUS CROP INSURANCE PROVISIONS

Priority: Other Significant

Legal Authority: 7 USC 1506(l); 7 USC 1506(p)

CFR Citation: 7 CFR 457

Legal Deadline: None

Abstract: The Basic Provisions and crop provisions for the Common Crop Insurance Policy are published in 7 CFR part 457. The Income Protection (IP) plan of insurance is a pilot program. The Crop Revenue Coverage (CRC) and the Revenue Assurance (RA) plans of insurance programs were approved by the FCIC Board of Directors under 508(h) of the Federal Crop Insurance Act. IP, CRC, and RA are revenue products and have many duplicate features between them and the Common Crop Insurance Policy Basic Provisions and applicable crop provisions. Therefore, IP, CRC, and RA will be combined into the Common Crop Insurance Policy Basic Provisions and small grains, cotton, coarse grains, malting barley, rice, canola, and rapeseed crop provisions.

Additional revisions will also be made to the Basic Provisions.

133. UNITED STATES STANDARDS FOR SORGHUM

Priority: Substantive, Nonsignificant**Legal Authority:** 7 USC 71 87k**CFR Citation:** 7 CFR 810**Legal Deadline:** None

Abstract: GIPSA is revising the United States Standards for Sorghum. GIPSA

is amending the grain standards to change the definitions of sorghum classes by deleting references to tannin and adding language referencing the presence or absence of a pigmented test. GIPSA is amending the grain standards to change the definition of nongrain sorghum by removing sorghum-sudangrass hybrids, sorgrass, and sweet sorghum (sorgo), and adding

language referencing seeds of Sorghum bicolor (L.) Moench that appear atypical of grain sorghum. GIPSA is amending the grade and grade requirements for sorghum by reducing the grading limits for broken kernels and foreign material and the subfactor foreign material and inserting a total count limit of 10 for other material used to determine sample grade factors.

138. FOOD DISTRIBUTION PROGRAM ON INDIAN RESERVATIONS: RESOURCE LIMITS AND EXCLUSIONS, EXTENDED CERTIFICATION PERIODS, AND TRANSITIONAL BENEFITS

Priority: Other Significant

Legal Authority: 7 USC 2011 to 2032

CFR Citation: 7 CFR 253; 7 CFR 254

Legal Deadline: None

Abstract: This proposed rule would amend FDPIR regulations by: 1) Bringing the maximum level of allowable resources in line with the Food Stamp Program by: a) Establishing a new resource limit of \$3,000 for households with a disabled member and b) increasing the resource limit from \$1,750 to \$2,000 for households without elderly or disabled members; 2) allowing a resource exclusion for the first \$1,500 of the value of one prepaid funeral arrangement per household member; 3) allowing households in which all members are elderly or disabled to be certified for up to 24 months; and 4) allowing State agencies the option to provide transitional benefits to households that leave the Temporary Assistance Program for Needy Families. The above provisions are modeled after Food Stamp Program provisions. (01-005)

139. CHILD AND ADULT CARE FOOD PROGRAM (CACFP): AT-RISK AFTERSCHOOL SUPPERS

Priority: Other Significant

Legal Authority: PL 106-224, sec 243(i)

CFR Citation: 7 CFR 226

Legal Deadline: None

Abstract: This proposed rule would revise the Child and Adult Care Food Program (CACFP) regulations to allow reimbursement of suppers provided by at-risk afterschool care programs in seven States. Six States were initially authorized by the Agricultural Risk Protection Act (Pub. L. 106-224); the seventh State was authorized by fiscal year 2002 appropriation legislation. At-risk suppers in these States (Delaware, Illinois, Pennsylvania, Michigan, Missouri, New York, and Oregon) are reimbursed under the same conditions set forth in the National School Lunch Act (NSLA) for at-risk snacks in the CACFP. Children who are 18 or younger and participating in qualifying afterschool programs located in the seven States may receive free suppers. To qualify, afterschool care programs must be located in low-income areas, provide care to children, and have an educational or enrichment purpose. (01-007)

USDA—FNS

Proposed Rule Stage

141. FSP: REVISIONS TO BONDING REQUIREMENTS FOR VIOLATING RETAIL AND WHOLESALE FOOD CONCERNS**Priority:** Other Significant**Legal Authority:** 7 USC 2021**CFR Citation:** 7 CFR 278.1(b)(4); 7 CFR 278.2(f)**Legal Deadline:** None

Abstract: The proposed rule will revise the current bonding requirements set forth in section 278.1(b)(4) of Food Stamp Program (FSP) regulations that are imposed against retailers who have violated FSP rules and regulations. Section 12(d) of the Food Stamp Act of 1977 (the Act), as amended, gives the Secretary of Agriculture the discretionary authority to require that retailers who have been sanctioned for program violations present a collateral bond as a condition of future authorization. The Act also gives the Secretary the authority to prescribe the amount, terms, and conditions of such bonds by regulation. Currently, all violating retailers that are sanctioned for a specified period of time or imposed a civil money penalty are required to submit a bond if they wish to continue to participate in the FSP. The bond must be valid as long as the firm is authorized to participate in the FSP regardless of the period of disqualification imposed or the amount of the civil money penalty assessed. Retailers are required to renew their bond through a financial institution on a periodic basis. The proposed rule will: 1) Eliminate the current bonding requirement for retailers who are disqualified for a period of 6 months or imposed a civil money penalty in lieu of a 6-month disqualification period; and 2) limit the requirement to no more than 1 year for retailers who are disqualified for a specified period of time greater than 6 months or imposed a civil money penalty in lieu of a specified period of time greater than 6 months. Section 278.2(f) of the FSP regulations stipulates that retail food stores may not accept food stamp benefits in payment for any eligible food sold to food stamp households on credit. Thus, the proposed rule will also assign a specified period of time for retailers to be removed from the program for accepting food stamp benefits in payment for eligible food on credit. (04-002)

RIN: 0584-AD44**142. FSP: REGULATION RESTRUCTURING TO REFLECT THE END OF COUPON ISSUANCE SYSTEMS****Priority:** Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.**Legal Authority:** 7 USC 2011 to 2034**CFR Citation:** 7 CFR 274.8 and 274.12; 7 CFR 278**Legal Deadline:** None

Abstract: The proposed changes to the Food Stamp Program's regulations are being put forth to account for the replacement of the paper coupon issuance system with the Electronic Benefits Transfer (EBT) system as the nationwide method of distributing benefits to program recipients. These changes will remove coupon issuance regulations that are no longer applicable, revise regulatory language to more appropriately connote the new EBT issuance system (such as eliminating the use of the term "coupon," and replacing it with either "benefits" or "EBT card"), and reorganize sections to develop a more cohesive set of issuance and retailer regulations. None of the changes will have any policy impacts. The regulatory revisions, however, are necessary to avoid confusion by ensuring that the issuance and redemption requirements are clear and comprehensible. The sections that will be updated and reorganized by the proposed rule are 7 CFR parts 274 and 278. (04-004)

RIN: 0584-AD48**143. NUTRITION STANDARDS IN THE NATIONAL SCHOOL LUNCH AND SCHOOL BREAKFAST PROGRAMS****Priority:** Other Significant**Legal Authority:** PL 108-265, sec 103**CFR Citation:** 7 CFR 210; 7 CFR 220**Legal Deadline:** None

Abstract: Public Law 108-265 requires the Secretary to issue regulations that reflect specific recommendations for increased consumption of foods and food ingredients in school nutrition programs based on the most recent Dietary Guidelines for Americans.

The current regulations specify that reimbursable meals offered by schools meet the Dietary Guidelines for Americans that are specified in the regulations. This proposed rule would revise the current regulations on nutrition standards to require that participating schools meet the applicable recommendations of the most recent Dietary Guidelines for Americans and other dietary recommendations. (04-017)

144. WIC FARMERS' MARKET NUTRITION PROGRAM (FMNP): IMPLEMENTATION OF THE FMNP PROVISIONS IN THE CN AND WIC REAUTHORIZATION ACT OF 2004 (PUB. L. 108-265) AND FMNP FUNDING FORMULA

Priority: Other Significant

Legal Authority: 42 USC 1786

CFR Citation: 7 CFR 248

Legal Deadline: None

Abstract: This proposed rule amends the FMNP regulations to implement the nondiscretionary FMNP provisions in Public Law 108-265, the Child Nutrition and WIC Reauthorization Act of 2004. The legislative provisions include: (1) An option for State agencies to authorize roadside stands without prior FNS approval; (2) revising the match requirement to apply the 30 percent to the administrative cost of the program instead of 30 percent of the total cost of the program (administrative and food costs); and (3) increasing the maximum Federal benefit level from \$20 to \$30.

Also included in this rulemaking will be a funding formula methodology for the FMNP when funds requested exceed available funds to allocate. The FMNP is a fixed grant program with limited funds. Funding increases are not guaranteed from year to year. Section 17(m) of the Child Nutrition Act of 1966, as amended, sets forth broad funding requirements for the FMNP. By law, after base grants are provided to current State agencies (i.e., total Federal funds received in the prior fiscal year), the remaining funds are divided so that 75 percent is provided for expansion funds for current State agencies and 25 percent is provided for new State agencies. Currently, beyond the division of funds noted above, there are no requirements for how to allocate funds for expansion and new State agencies when funds requested exceed the amount of available funds. This proposed regulation would amend 7

CFR part 248 to set forth a funding formula in cases where FMNP funds requested exceed available funds to allocate. The proposed methodology would provide a base funding level for each State agency. Funding above the base level would be based on the individual State's need relative to all other State agencies' needs. (05-003)

145. FSP: ADMINISTRATIVE SANCTIONS IMPOSED AGAINST VIOLATING ELECTRONIC BENEFITS TRANSFER (EBT) STORES

Priority: Other Significant

Legal Authority: sec 12 of the Food Stamp Act

CFR Citation: 7 CFR 278.6(e)

Legal Deadline: None

Abstract: The United States Department of Agriculture, Food and Nutrition Service (FNS), is proposing to

revise section 278.6 of the Food Stamp Program Regulations entitled Disqualification of Retail Food Stores and Wholesale Food Concerns, and Imposition of Civil Money Penalties In Lieu Of Disqualifications. This section of the regulation is being revised as result of the implementation of the Electronic Benefits Transfer (EBT) system. This section of the regulations addresses the administrative sanctions (i.e., imposing a period of disqualification or assessing a monetary penalty) that may be imposed by FNS against retail food stores and wholesale food concerns that are found violating the Food Stamp Program.

Background

EBT is an electronic system that allows a food stamp recipient to authorize transfer of their Government benefits from a Federal account to a retailer account to pay for eligible food items. All States, the District of Columbia, Virgin Islands, Guam, and Puerto Rico have operational food stamp EBT systems. All food stamp benefits are being issued by EBT. Approximately, 153,000 retail food stores are authorized to accept food stamp benefits.

One of the benefits of EBT is that it helps curb food stamp fraud committed by retail food stores. EBT creates an electronic record of each food stamp transaction, making it easier to identify and document instances where food stamp benefits are being illegally obtained (i.e., food stamp benefits being exchanged for cash or non-food items) by retail food stores.

Proposed Regulation

FNS is continuing to improve using EBT data efficiently to detect and pursue abuse. Section 278.6 of the Food Stamp regulations, however, does not thoroughly address the actions/sanctions that FNS may impose against retail food stores that are found violating the program via the EBT system. Since the inception of EBT, FNS has discovered that food stores have departed from some of the conventional methods of committing food stamp fraud and have devised new and innovative ways to commit fraud using the EBT system. Hence, section 278.6 of the Food Stamp Program regulations must be revised in order to address the administrative sanctions that may be imposed by FNS against EBT stores found violating the program.

USDA—FNS

Proposed Rule Stage

In addition to providing for EBT specific sanctions, FNS will conduct a comprehensive review of existing regulatory sanctions for conventional fraud and will make regulatory changes that are warranted and appropriate. (05-007)

146. REVISIONS AND CLARIFICATIONS IN REQUIREMENTS FOR THE DISTRIBUTION AND CONTROL OF DONATED FOODS

Priority: Substantive, Nonsignificant

Legal Authority: 5 USC 301; 7 USC 612(c), 612c note, 1431, 1431b, 1431e, 1431 note, 1446a-1, 1859, 2014, 2025; 15 USC 713c; 22 USC 1922; 41 USC 1751, 1755, 1758, 1760, 1761, 1762a, 1766, 3030a, 5179, 5180

CFR Citation: 7 CFR 250; 7 CFR 251.4

Legal Deadline: None

Abstract: The rule would amend current regulations in 7 CFR part 250

to ensure the safe storage and management of donated foods and their efficient and cost-effective distribution, while reducing reporting and administrative requirements currently imposed on distributing agencies. Specifically, the rule would propose to:

- Require the distributing agency, and distributing agency agreements with recipient agencies, to ensure that the storage, management, distribution, and use of donated foods will be conducted in accordance with Federal food safety requirements.

- Require that inventory management systems assure that donated foods can be tracked in the event of a food recall.

- Retain FNS' authority to require the distributing agency to reevaluate its storage and distribution system and justify its efficiency and cost-effectiveness, but remove the requirement that the distributing agency reevaluate its storage and distribution system on a periodic basis.

- Require the distributing agency to permit direct deliveries of donated foods to recipient agencies, or to commercial storage facilities, processors, or other contractors, to the extent that such deliveries may be made cost-effectively.

- Remove the requirement that the distributing agency maintain a separate salvage account for funds obtained from salvage of donated foods, claim recoveries, etc., and the requirement that FNS approve certain expenditures from such accounts.

- Remove the exemption from claims recovery of donated food inventory losses in amounts less than 1 percent of total inventory of such food.

- Remove the requirement that the distributing agency submit commodity acceptability reports to FNS and conduct surveys of recipient agencies to collect information for such purpose.

- Retain the prohibition against maintenance of excessive donated food inventories (i.e., more than a 6-month supply) but remove the requirement that the distributing agency submit a report of excessive donated food inventories for donated foods received in child nutrition programs and TEFAP.

Lastly, the rule would rewrite 7 CFR part 250 in a "plain language" format to make it easier to read and understand for the general public.

We do not anticipate any additional costs imposed on distributing or recipient agencies or other entities as a result of the changes proposed in this rule. (06-002)

148. CHILD AND ADULT CARE FOOD PROGRAM: IMPROVING MANAGEMENT AND PROGRAM INTEGRITY

Priority: Other Significant

Legal Authority: 42 USC 1766; PL 103-448; PL 104-193; PL 105-336

CFR Citation: 7 CFR 226

Legal Deadline: None

Abstract: This rule amends the Child and Adult Care Food Program (CACFP) regulations. The changes in this rule result from the findings of State and Federal program reviews and from audits and investigations conducted by the Office of Inspector General. This rule revises: State agency criteria for approving and renewing institution applications; program training and other operating requirements for child care institutions and facilities; and State and institution-level monitoring requirements. This rule also includes changes that are required by the Healthy Meals for Healthy Americans Act of 1994 (Pub. L. 103-448), the Personal Responsibility and Work Opportunities Reconciliation Act of 1996 (Pub. L. 104-193), and the William F. Goodling Child Nutrition Reauthorization Act of 1998 (Pub. L. 105-336).

The changes are designed to improve program operations and monitoring at the State and institution levels and, where possible, to streamline and simplify program requirements for State agencies and institutions. (95-024)

149. FOOD STAMP PROGRAM REGULATORY REVIEW: FSP STANDARDS FOR APPROVAL AND OPERATION OF FOOD STAMP ELECTRONIC BENEFIT TRANSFER SYSTEMS

Priority: Other Significant

Legal Authority: 7 USC 2011 to 2034

CFR Citation: 7 CFR 274.12

Legal Deadline: None

Abstract: This rule makes revisions to food stamp regulations affecting the standards and administration of EBT systems for food stamp issuance. Current regulations at 7 CFR 274.12 delineate the standards that EBT systems must meet in order to be approved for operation. This rule revises those regulations to provide the State agency more flexibility in implementing and operating those systems. Clarifications and FNS settlement improvements are also incorporated into the rule. The rule contains a provision to provide State agencies with a new option to allow retailers with commercial equipment to use a Store and Forward process instead of the manual voucher process when the system is down. This provision went forward as an interim provision so that the Department can solicit additional comments. All the other provisions went forward as final. (96-016)

150. NATIONAL SCHOOL LUNCH PROGRAM: REIMBURSEMENT FOR SNACKS IN AFTERSCHOOL CARE PROGRAMS

Priority: Other Significant

Legal Authority: PL 105-336

CFR Citation: 7 CFR 210; 7 CFR 235; 7 CFR 245

Legal Deadline: None

Abstract: The William F. Goodling Child Nutrition Reauthorization Act of 1998 amended the Richard B. Russell National School Lunch Act to authorize reimbursement for snacks served under the NSLP in afterschool care programs operated by schools. The afterschool program must be organized primarily to provide care for children and have an educational or enrichment purpose. Additionally, the statute mandates free snacks for all children enrolled in afterschool care programs operated by schools in areas served by a school in which at least 50 percent of the enrolled children are certified for free or reduced price meals. 151. CHILD AND ADULT CARE FOOD PROGRAM: IMPLEMENTING LEGISLATIVE REFORMS TO STRENGTHEN PROGRAM INTEGRITY

Priority: Other Significant

Legal Authority: PL 106-224, sec 243

CFR Citation: 7 CFR 226

Legal Deadline: Final, Statutory, October 20, 2000.

Abstract: This final rule incorporates changes to the Child and Adult Care Food Program as required by the Agricultural Risk Protection Act (Pub. L. 106-224) to strengthen the management and integrity of the program. Provisions include: 1) Changes to eligibility requirements for participating institutions; 2) conditions for approval, such as ensuring financial viability, stipulating that new sponsoring organizations are allowed to participate only where there is need for the program, and the elimination of "moving toward tax exempt status" of institutions; 3) new program monitoring requirements; 4) new parental notification requirements by CACFP centers or homes that describe the program and benefits and provide parents with access to the sponsoring organization and State agency; 5) rules on allowing corrective action and appeals in situations involving the termination or suspension of participating institutions, facilities, and individuals; 6) funds recovery in situations involving fraud, abuse, or improper submissions for reimbursement; and 7) limitation on the percentage of funds that sponsoring organizations of centers can retain from day care meal reimbursements for their administrative expenses. These changes support the Department's ongoing efforts in management and integrity improvement. (00-005)

152. AFTERSCHOOL SNACKS UNDER THE CHILD AND ADULT CARE FOOD PROGRAM

Priority: Other Significant

Legal Authority: PL 105-336

CFR Citation: 7 CFR 226

Legal Deadline: None

Abstract: The William F. Goodling Child Nutrition Reauthorization Act of 1998 amended the Richard B. Russell National School Lunch Act to authorize reimbursement for snacks served under CACFP in afterschool care programs operated by at-risk centers. The afterschool program must be organized primarily to provide care for children and have an educational or enrichment purpose. All snacks are served free to participants because at-risk centers are located in eligible areas (that is, areas served by a school in which at least 50 percent of the enrolled children are certified for free or reduced price meals). (02-004)

154. QUALITY CONTROL PROVISIONS OF TITLE IV OF PUBLIC LAW 107-171

Priority: Other Significant

Legal Authority: 7 USC 2011 to 2032; PL 107-171

CFR Citation: 7 CFR 273; 7 CFR 275

Legal Deadline: None

USDA—FNS

Final Rule Stage

Abstract: This rule finalizes the interim rule “Non-Discretionary Quality Control Provisions of Title IV of Public Law 107-171” (published October 16, 2003 at 68 FR 59519) and the proposed rule “Discretionary Quality Control Provisions of Title IV of Public Law 107-171” (published September 23, 2005 at 70 FR 55776).

The following quality control (QC) provisions required by sections 4118 and 4119 of the Farm Security and Rural Investment Act of 2002 (title IV of Public Law 107-171) and contained in the interim rule are implemented by this final rule:

- 1) Timeframes for completing quality control reviews;
- 2) Timeframes for completing the arbitration process;
- 3) Timeframes for determining final error rates;
- 4) The threshold for potential sanctions and time period for sanctions;
- 5) The calculation of State error rates;
- 6) The formula for determining States’ liability amounts;
- 7) Sanction notification and method of payment; and
- 8) Corrective action plans.

The following provisions required by sections 4118 and 4119 and additional policy and technical changes, and contained in the proposed rule, are implemented by this final rule:

Legislative changes based on or required by sections 4118 and 4119:

- 1) Eliminate enhanced funding;
- 2) Establish timeframes for completing individual quality control reviews; and
- 3) Establish procedures for adjusting liability determinations following appeal decisions.

Policy and technical changes:

- 1) Require State agency QC reviewers to attempt to complete review when a household refuses to cooperate;
- 2) Mandate FNS validation of negative sample for purposes of high performance bonuses;
- 3) Revise procedures for conducting negative case reviews;
- 4) Revise time frames for household penalties for refusal to cooperate with State and Federal QC reviews;
- 5) Revise procedures for QC reviews of demonstration and SSA processed cases;

6) Eliminate requirement to report variances resulting from Federal information exchange systems (FIX) errors;

7) Eliminate references to integrated QC; and

8) Update definitions section to remove out-dated definitions. (02-014)

155. SPECIAL SUPPLEMENTAL NUTRITION PROGRAM FOR WOMEN, INFANTS, AND CHILDREN (WIC): MISCELLANEOUS VENDOR-RELATED PROVISIONS

Priority: Other Significant

Legal Authority: 42 USC 1786

CFR Citation: 7 CFR 246

Legal Deadline: None

Abstract: This final rule amends the WIC regulations to clarify issues that have arisen subsequent to the publication of the WIC Food Delivery Systems final rule. It includes the following provisions: Allows the release of vendor information such as telephone numbers, e-mail/website addresses, store type, and whether the vendor has been disqualified; provides for an abbreviated administrative review when a State agency issues a civil money penalty in lieu of a reciprocal WIC disqualification; and

prohibits State agencies from requiring infant formula manufacturers to provide free formula or other items as part of their infant formula rebate solicitations and contracts. (02-013)

Priority: Other Significant

Legal Authority: 42 USC 1752

CFR Citation: 7 CFR 210, 215, 220

Legal Deadline: None

Abstract: This rule makes changes in three areas: the school food authority’s responsibility for proper procurement procedures and contracts; prohibitions on the school food authority’s use of nonprofit school food service account funds for costs resulting from improper procurements and contracts; and the State agency’s review and approval of school food authority procurement procedures and contracts. 157. DATA COLLECTION RELATED TO PARTICIPATION OF FAITH-BASED AND COMMUNITY ORGANIZATIONS

Priority: Other Significant

Legal Authority: EO 13279

CFR Citation: 7 CFR 210; 7 CFR 220; 7 CFR 225; 7 CFR 226; 7 CFR 246; 7 CFR 247; 7 CFR 251

Legal Deadline: None

Abstract: Executive Order 13279, which was signed on December 12, 2002, instructs Federal agencies, to the extent permitted by law, to collect data regarding the participation of faith-based and community-based organizations in social service programs that receive Federal financial assistance. This rulemaking authorizes the Secretary of Agriculture to require State agencies to collect and submit data to the Food and Nutrition Service that identifies the faith-based and community organizations that participate in the Federal nutrition assistance programs. This rulemaking adds requirements to the following programs: Special Supplemental Nutrition Program for Women, Infants and Children, National School Lunch Program, School Breakfast Program, Child and Adult Care Food Program, Summer Food Service Program, Commodity Supplemental Food Program, and the Emergency Food Assistance Program. The data collection effort ends 5 years after the effective date of the final rule. (04-001)

158. MANAGEMENT OF DONATED FOODS IN CHILD NUTRITION PROGRAMS, THE NUTRITION SERVICES INCENTIVE PROGRAM, AND CHARITABLE INSTITUTIONS

Priority: Other Significant

Legal Authority: Older Americans Act of 1965, as amended

CFR Citation: 7 CFR 250.12, 250.19, 250.24, 250.40, 250.41; 7 CFR 250.42, 250.48, 250.49, 250.50

Legal Deadline: None

Abstract: This final rule revises or clarifies requirements with respect to the distribution, management, and use of donated foods in child nutrition programs, the Nutrition Services Incentive Program, and by charitable institutions. Most significantly, it establishes specific requirements to ensure that school food authorities and other recipient agencies in child nutrition programs receive the value of all donated foods provided under contract with food service management companies to conduct the food service. It requires the food service management company to credit the recipient agency for donated foods received, through invoice reductions, refunds, or other means of crediting. The rule provides some flexibility in crediting for and use of donated foods by allowing the recipient agency to use donated food values other than the USDA purchase price and by allowing the food service management company to substitute donated foods with commercially purchased foods, with the exception of (1) donated ground beef and ground pork and (2) end products received from processors. 159. SPECIAL SUPPLEMENTAL NUTRITION PROGRAM FOR WOMEN, INFANTS, AND CHILDREN (WIC): DISCRETIONARY WIC VENDOR PROVISIONS IN THE CHILD NUTRITION AND WIC REAUTHORIZATION ACT OF 2004, PUBLIC LAW 108-265

Priority: Other Significant

Legal Authority: 42 USC 1786

CFR Citation: 7 CFR 246

Legal Deadline: Final, Statutory, December 2004.

Abstract: This rule proposes to amend regulations for the Special Supplemental Nutrition Program for Women, Infants and Children (WIC) by adding three requirements mandated by the Child Nutrition and WIC Reauthorization Act of 2004, Public Law 108-265, concerning retail vendors authorized by WIC State agencies to provide supplemental food to WIC participants in exchange for WIC food instruments. This rulemaking would require WIC State agencies to notify WIC-authorized retail vendors of an initial violation, for violations requiring a pattern of occurrences in order to impose a sanction, before documenting a subsequent violation unless notification would compromise an investigation. In addition, State agencies would maintain a list of State-licensed wholesalers, distributors, and retailers, and manufacturers registered with the Food and Drug Administration, and would require WIC-authorized retail vendors to purchase infant formula only from sources on the list. Further, State agencies would prohibit the authorization of or payments to WIC-authorized vendors that derive more than 50 percent of their annual food sales revenue ("above-50-percent vendors") and which provide incentive

items or other free merchandise except food or merchandise of nominal value to program participant customers unless the vendor provides the State agency with proof that the vendor obtained the incentive items or merchandise at no cost. The intent of these provisions is to, respectively, enhance due process for vendors; prevent defective infant formula from being consumed by infant WIC participants; and, prevent increased WIC food costs caused by above-50-percent vendors who provide incentive items to participants which ultimately are derived from the proceeds of WIC purchases. 160. ADMINISTRATIVE ERROR REDUCTION IN THE SCHOOL MEALS PROGRAMS

Priority: Other Significant

Legal Authority: PL 108-265

CFR Citation: 7 CFR 210; 7 CFR 220

Legal Deadline: None

Abstract: Public Law 108-265, the Child Nutrition and WIC Reauthorization Act of 2004 (Act), amended the Richard B. Russell National School Lunch Act and section 7 of the Child Nutrition Act of 1966 in the following ways. The new law:

— Establishes the additional category of schools at high risk for administrative errors, as defined by the Secretary, that are subject to an additional administrative review;

— Details a corrective action plan for States that fail to meet Secretary’s performance criteria;

— Allocates funds to States based on number of local education agencies with high level or high risk for administrative error. (04-010)

161. APPLYING FOR FREE AND REDUCED PRICE MEALS IN THE NATIONAL SCHOOL LUNCH PROGRAM AND SCHOOL BREAKFAST PROGRAM, AND FOR BENEFITS IN THE SPECIAL MILK PROGRAM

Priority: Substantive, Nonsignificant

Legal Authority: PL 108-265

CFR Citation: 7 CFR 210; 7 CFR 215; 7 CFR 220; 7 CFR 235; 7 CFR 245

Legal Deadline: None

Abstract: The regulations for determining eligibility for free and reduced price meals and free milk in schools will be revised to require that:

(1) Descriptive materials distributed to parents and guardians contain a notification that:

— Participants in the special supplemental nutrition program for women, infants, and children (the WIC program), the Food Stamp Program, the Food Distribution Program on Indian reservations, and State Temporary Assistance for Needy families (TANF)

programs may be eligible for free or reduced-price school meals; and

— Documentation may be requested for verification of eligibility for free or reduced-price meals;

(2) Eligibility determinations for free or reduced-price school meals (other than cases where “direct certification” is used) are to be made on the basis of a complete application executed by an adult member of the household or in accordance with guidance issued by the Secretary. It will also stipulate that the household application must identify the names of each child in the household for whom free or reduced-price meal benefits are being requested and bars State agencies and local educational authorities from requesting separate applications for each child in cases where the children attend schools in the same local educational authority;

(3) Explicitly permits applications with electronic signatures if the application is submitted electronically and the application filing system meets confidentiality standards set by the Secretary; and

(4) Eligibility for free or reduced-price school meals remains valid for 1 year for most students. Eligibility would remain in effect beginning with approval for the current school year and ending on a date during the subsequent school year determined by the Secretary. An exception is included for cases where verification activities indicate ineligibility. (04-012)

162. SPECIAL NUTRITION PROGRAMS: FLUID MILK SUBSTITUTIONS

Priority: Other Significant

Legal Authority: PL 108–265, sec 102

CFR Citation: 7 CFR 210; 7 CFR 220

Legal Deadline: None

Abstract: Currently, by regulation, schools must make substitutions for fluid milk for students with a disability when the request is authorized by a licensed physician and may make substitutions for students with medical or other dietary needs if requested by recognized medical authority. These regulatory provisions were included in Public Law 108-265 which amended the Richard B. Russell National School Lunch Act. Public Law 108-265 also amended the current law to allow schools to substitute non-dairy beverages nutritionally equivalent (as established by the Secretary) to fluid milk for medical or other special dietary needs at the request of a parent/guardian. In response to Public Law 108-265, the National School Lunch Program and School Breakfast Program regulations will be revised to add these provisions. (04-016)

163. DIRECT CERTIFICATION OF CHILDREN IN FOOD STAMP HOUSEHOLDS AND CERTIFICATION OF HOMELESS, MIGRANT, AND RUNAWAY CHILDREN FOR FREE MEALS IN THE NSLP, SBP, AND SMP

Priority: Other Significant

Legal Authority: PL 108–265, sec 104

CFR Citation: 7 CFR 210; 7 CFR 215; 7 CFR 220; 7 CFR 245

Legal Deadline: None

Abstract: In response to Public Law 108-265, which amended the Richard B. Russell National School Lunch Act, 7 CFR 245, Determining Eligibility for Free and Reduced Price Meals and Free Milk in Schools, will be amended to establish categorical (automatic) eligibility for free meals and free milk upon documentation that a child is (1) homeless as defined by the McKinney-Vento Homeless Assistance Act; (2) a runaway served by grant programs under the Runaway and Homeless Youth Act; or (3) migratory as defined in section 1309(2) of the Elementary and Secondary Education Act. The rule also requires phase-in of mandatory direct certification for children who are members of households receiving food stamps and continues discretionary direct certification for other categorically eligible children. 164. VERIFICATION OF ELIGIBILITY FOR FREE AND REDUCED PRICED MEALS IN THE NATIONAL SCHOOL LUNCH AND SCHOOL BREAKFAST PROGRAMS

Priority: Other Significant

Legal Authority: PL 108–265

CFR Citation: 7 CFR 210; 7 CFR 245

Legal Deadline: None

Abstract: In response to Public Law 108-265, which amended the Richard B. Russell National School Lunch Act, the verification procedures in 7 CFR 245, Determining Eligibility for Free and Reduced Price Meals and Free Milk in Schools, will be revised to require that, starting July 2005:

1. Local Educational Authorities (LEAs) verify the eligibility of children in a sample of approved free and reduced-price school meal applications. The basic sample size would be the lesser of 3 percent of all approved applications (as of October 1 of the school year) selected from error-prone applications or 3,000 approved error-prone applications. Error-prone applications would be those defined as within \$100 a month or \$1200 annually of the applicable income limit or, alternately, under criteria set by USDA. However, local educational agencies could choose 1 of 2 alternate sample sizes (effectively the options established in current regulations) if:
 - Their nonresponse rate for the preceding school year is less than 20 percent, or
 - For a local educational agency with more than 20,000 children approved by application as eligible for free or reduced-price school meals as of October 1, their nonresponse rate for the preceding school year is improved by 10 percent from the nonresponse rate for the second preceding school year.

A nonresponse rate is the percentage of approved household applications for which verification information has not been obtained by a LEA. When verifying eligibility for free or reduced-price school meals, local educational agencies can first use direct verification and obtain and use income and program participation information from public agencies administering certain programs. The programs are: The Food Stamp Program, the Food Distribution Program on Indian Reservations, State TANF programs, State Medicaid

USDA—FNS

Final Rule Stage

programs, or similar income-tested programs (or other sources of information). In cases in which there are not enough error-prone applications to comply with the options, local educational agencies would be required to randomly select additional applications to fulfill the percentage or number requirement.

2. Requires local educational agencies to complete all verification activities (including required “follow-up” activities) by November 15 of each school year; States may extend this deadline to December 15 under criteria set by the Secretary. It will also require local educational agencies to make appropriate modifications to eligibility determinations based on their verification activities.

3. It also allows local educational agencies to “decline” to verify up to 5 percent of their verification sample and replace the declined applications with other approved applications.

4. Requires that the local educational agency provide written notice to households selected for verification. The notice must include a toll-free phone number that the household can call for assistance with the verification process. (04-019)

166. IMPLEMENTING PROVISIONS FROM THE CHILD NUTRITION AND WIC REAUTHORIZATION ACT OF 2004: SEAMLESS SUMMER OPTION FOR SCHOOLS PARTICIPATING IN THE NATIONAL SCHOOL LUNCH PROGRAM

Priority: Substantive, Nonsignificant

Legal Authority: PL 108-265

CFR Citation: 7 CFR 210; 7 CFR 220

Legal Deadline: None

Abstract: Section 116 of the Child Nutrition and WIC Reauthorization Act of 2004 (Pub. L. 108-265) amended section 13(a) of the Richard B. Russell National School Lunch Act (NSLA) to authorize a Seamless Summer Option for public or private nonprofit school food authorities to participate in the National School Lunch Program (NSLP) and School Breakfast Program (SBP). The law stipulates that schools that participate under the Seamless Summer Option must be reimbursed for breakfasts served at the School Breakfast Program free rates and for lunches and snacks served at the National School Lunch Program free rates.

The Committee Report (108-279) accompanying the Child Nutrition and WIC Reauthorization Act of 2004 notes that the provision closely tracks the Seamless Summer Feeding Waiver, which was available to school sponsors nationwide from fiscal years 2002 through 2004. This interim final rule will amend 7 CFR parts 210 and 220 to incorporate the Seamless Summer Option that will be available to public and private nonprofit school food authorities that participate in the NSLP and SBP. The Department also intends to incorporate into the NSLP and SBP regulations much of the policy that has been developed for schools that were approved by State agencies or FNS to operate the waiver. Final Rule Stage

167. SPECIAL SUPPLEMENTAL NUTRITION PROGRAM FOR WOMEN, INFANTS, AND CHILDREN (WIC): WIC VENDOR COST CONTAINMENT**Priority:** Other Significant**Legal Authority:** 42 USC 1786**CFR Citation:** 7 CFR 246**Legal Deadline:** Final, Statutory, December 2005.

Abstract: This final rule amends the WIC regulations to strengthen vendor cost containment. The rule incorporates into program regulations new legislative requirements that affect the selection, authorization, and reimbursement of retail vendors. These requirements are contained in the Child Nutrition and WIC Reauthorization Act of 2004 (Pub. L. 108-265), which was enacted on June 30, 2004. The rule reflects the statutory provisions that require WIC State agencies to implement a vendor peer group system, competitive price selection criteria, and allowable reimbursement levels in a manner that ensures that the WIC Program pays authorized vendors competitive prices for supplemental foods. It also requires State agencies to ensure that vendors that derive more than 50 percent of their annual food sales revenue from WIC food instruments do not result in higher food costs to the program than do other vendors. The intent of these provisions is to maximize the number of women, infants, and children served with available Federal funding. (04-029)

RIN: 0584-AD71**168. WIC: IMPLEMENTATION OF THE NONDISCRETIONARY WIC CERTIFICATION AND GENERAL ADMINISTRATION PROVISIONS****Priority:** Other Significant**Legal Authority:** 42 USC 1786**CFR Citation:** 7 CFR 246**Legal Deadline:** None

Abstract: This final rule implements the nondiscretionary WIC provisions in the Child Nutrition and WIC Reauthorization Act of 2004 (Pub. L. 108-265). It contains provisions that address the following aspects of WIC Program administration and operation:

1.Expansion of definitions of “nutrition education” and “supplemental foods”

2.Infant formula rebate contracts

— Adds new definitions (“State alliance” and “primary contract infant formula”)

— Limits the size of State alliances — Requires State agencies to use primary contract infant formula as the first choice of issuance

— Allows State agencies to round up to the next whole can of infant formula as part of the prescribed food package

— Requires uncoupling of bids for milk- and soy-based infant formula in certain rebate solicitations

— Requires that bid solicitations require manufacturers to make a cent-for-cent increase or decrease in rebate amounts to match changes in national wholesale prices occurring subsequent to the bid opening

— Requires a State agency to have a system to ensure that rebate invoices provide a reasonable estimate or actual count of the number of units sold in the program

3.Program eligibility

— Provides additional exceptions to the physical presence requirement

— Excludes from consideration as income certain payments (Federal Supplemental Subsistence Allowance (FSSA)and National Flood Insurance)

4.Food delivery systems

— Requires State agencies to allow participants to receive supplemental foods from any of the authorized stores under retail food delivery systems

— Requires the State plan to include a description of the State agency’s procedures for accepting and processing vendor applications outside the established timeframes

— Prohibits a State agency from imposing the cost of electronic benefit transfer equipment, systems, or processing on retail vendors

5.Funding and financial management

— Increases State agency carry-forward authority for nutrition services and administration funds from 1 percent to 3 percent

— Allows State agencies to use funds recovered through local agency claims in the same way that it uses funds recovered from vendors and participants. (04-006)

Legal Deadline: None

Abstract: This final rule requires multi-State processors to sign National Processing Agreements (NPA) with the Department to process donated foods into end products, as under a current demonstration project. Under NPA, the Department is responsible for the review and approval of end product data schedules and the management of the processor's performance bond to protect the value of donated food inventories. Processors are still required to enter into State Participation Agreements (SPA) to sell end products in the State and to meet other State-specific processing requirements. The revisions will reduce the workload currently required of State agencies in approving end product data schedules and accounting for donated foods provided to processors. However, State agencies may continue to ensure that processing requirements are met under current agreement or contract options.

This final rule also revises other processing requirements to reduce the paperwork burden and workload and to more fully integrate donated foods with commercial business practices. It revises current regulations to: (1) Allow processing agreements or contracts of up to 5 years duration, rather than the current 1 year, with an option for two 1-year extensions; (2) allow substitution of donated beef and pork with like commercial foods of U.S. origin and of equal or better quality; (3) remove the verification of end product sales through commercial distributors; (4) reduce independent CPA audit requirements for multi-State processors by revising upward the donated food value thresholds that determine the required frequency of such audits; and (5) require in-State processors to obtain an independent CPA audit every 3 years, and remove the requirement that distributing agencies conduct an on-site review of such processors at least once every 2 years.

Lastly, the rule rewrites and restructures processing regulations in a "plain language" format to make them easier to understand for the general public. (05-005)

170. SPECIAL SUPPLEMENTAL NUTRITION PROGRAM FOR WOMEN, INFANTS, AND CHILDREN (WIC): REVISIONS IN THE WIC FOOD PACKAGES

Priority: Economically Significant. Major under 5 USC 801.

Legal Authority: 42 USC 1786

CFR Citation: 7 CFR 246

Legal Deadline: Final, Statutory, November 2006, CN and WIC Reauthorization Act of 2004 requires issuance of final rule within 18 months of release of IOM Report.

Abstract: This proposed rule would revise regulations governing the WIC food packages to change age specifications for assignment to infant feeding packages; establish infant formula feeding or breastfeeding categories for infants; revise the maximum monthly allowances and minimum requirements for certain WIC foods; revise the substitution rates for certain WIC foods and allow additional foods as alternatives; add fruits and vegetables for WIC participants 6 months of age and older and eliminate juice from infants' food packages; add whole grains to food packages for children and women and baby food meat for fully breastfed infants 6 through 11 months of age; revise the purpose, content, and requirements for Food Package III; and address general provisions that apply to all food packages. The revisions reflect

recommendations made by the Institute of Medicine in its report, WIC Food Packages: Time for a Change, and certain other administrative revisions deemed necessary by the Department. These revisions would bring the WIC food packages in line with the 2005 Dietary Guidelines for Americans and current infant feeding practice guidelines, better promote and support the establishment of successful long-term breastfeeding, provide WIC participants with a wider variety of food, provide WIC State agencies with greater flexibility in prescribing food packages to accommodate participants with cultural food preferences, and serve all participants with certain medical provisions under one food package to facilitate efficient management of medically fragile participants. 171. FSP: UNAUTHORIZED REDEMPTION AND TRAFFICKING IN PROGRAM BENEFITS

Priority: Other Significant. Major status under 5 USC 801 is undetermined.

Legal Authority: 7 USC 2011 to 2036

CFR Citation: 7 CFR 278

USDA—FNS

Final Rule Stage

Legal Deadline: None

Abstract: This interim final rulemaking is being developed in response to reports of incidents in which an authorized retailer has redeemed a Food Stamp Program participant's program benefits without the knowledge of the participant. In addition, this rule serves to modify actions that may be taken against some retailers found to be trafficking in program benefits.

The Food Stamp Act, as amended, provides for the prosecution of any unauthorized issuance, redemption, use, transfer, acquisition, alteration or possession of coupons, ATP cards, or other program access device by an individual, partnership, corporation, or other legal entity to prosecution under sections 15(b) and (c) of the Food Stamp Act or under any other applicable Federal, State, or local law, regulation, or ordinance. Stealing benefits from a recipient by redeeming program benefits without their knowledge would be an offense that could be prosecuted under the current statute. However, program regulations do not provide clear administrative penalties for such thefts of Food Stamp Program benefits. In the absence of prosecution, there are currently no administrative actions that may be taken against such entities for stealing the program benefits of recipients. In addition, it has been determined that this activity does not meet the definition of trafficking as reflected in current Food Stamp Program regulations.

This interim final rulemaking will add a simple amendment to current regulations to provide for the establishment of an administrative penalty for such violations of the Food Stamp Program equivalent to the penalty for trafficking in program benefits. Authorized individuals, partnerships, corporations, or other legal entities found to have stolen benefits from program recipients without their knowledge or complicity shall be disqualified from program participation permanently. Any firm charged with such a violation would be provided with the opportunity for administrative and judicial review of the disqualification action as provided for in current program regulations.

In addition, in response to ongoing investigations by the Office of Inspector General of the USDA and the

recommendations of the Department of Justice, this interim final rulemaking puts in place a variation on current trafficking sanctions. Current legislation and regulations require immediate permanent disqualification for trafficking, subject to appeal. However, regulations provide a 10-day waiting period during which a firm may reply to the charges of trafficking as well as request and provide justification for a trafficking civil money penalty in lieu of permanent disqualification.

There have been documented cases in which a preponderance of evidence indicates that there is a likelihood of continuous and flagrant trafficking activity that would take place if certain firms were permitted to continue in operational status during that 10-day period. In response, this interim rule provides for immediate termination of POS device operations for Food Stamp Program transactions in certain cases. This immediate termination would take place at the direction of the Office of Inspector General of the USDA and/or the Assistant United States Attorney's Office serving the appropriate geographic locale. At the direction of either or both of the aforementioned parties, the Agency would take immediate action to terminate the redemption of Food Stamp Program benefits by that firm if there is a finding of egregious trafficking activity. The firm will receive all other due process considerations currently provided in the program regulations; however, its ability to conduct Food Stamp Program business will be immediately suspended. 172. SCHOOL BREAKFAST PROGRAM: SEVERE NEED ASSISTANCE

Priority: Substantive, Nonsignificant

Legal Authority: PL 108-265

CFR Citation: 7 CFR 220

Legal Deadline: None

Abstract: Prior to the interim rule, in order to receive the higher severe need School Breakfast Program reimbursements, schools must have served 40 percent plus of their lunches free or at a reduced price in the second preceding year and must document their costs. They received the lesser of their documented costs or the severe need rate.

In response to Public Law 108-265, which amended the Child Nutrition Act of 1966, 7 CFR 220, the School Breakfast Program's regulations, is revised to remove the requirement to document costs. This rule also revises the regulations to require that the Secretary determine how schools without a second preceding year history may qualify for severe need reimbursements. (04-008)

173. MARKETING AND SALE OF FLUID MILK IN SCHOOLS

Priority: Substantive, Nonsignificant

Legal Authority: PL 108-265

CFR Citation: 7 CFR 210

Legal Deadline: None

USDA—FNS

Final Rule Stage

Abstract: Public Law 108-265 amended the Richard B. Russell National School Lunch Act to prohibit schools from directly or indirectly restricting the sale or marketing of fluid milk products on school premises or at school sponsored events at any time or any place. This amendment was in response to procurement contracts that limited the types of products that schools could sell outside of the reimbursable meal programs. This rule finalizes the incorporation of that requirement into

the regulations governing the National School Lunch Program. (04-015)

BILLING CODE 3410-30-S

Department of Agriculture (USDA)
Food Safety and Inspection Service (FSIS)

Proposed Rule Stage

177. EGG PRODUCTS INSPECTION REGULATIONS

Priority: Economically Significant. Major under 5 USC 801.

Unfunded Mandates: Undetermined

Legal Authority: 21 USC 1031 to 1056

CFR Citation: 9 CFR 590.570; 9 CFR 590.575; 9 CFR 590.146; 9 CFR 590.10; 9 CFR 590.411; 9 CFR 590.502; 9 CFR 590.504; 9 CFR 590.580; 9 CFR 591;

Legal Deadline: None

Abstract: The Food Safety and Inspection Service (FSIS) is proposing to require egg products plants and establishments that pasteurize shell eggs to develop and implement Hazard Analysis and Critical Control Points (HACCP) systems and Sanitation Standard Operating Procedures (SOPs). FSIS also is proposing pathogen reduction performance standards that would be applicable to egg products and pasteurized shell eggs. FSIS is proposing to amend the Federal egg products inspection regulations by removing current requirements for prior approval by FSIS of egg products plant drawings, specifications, and equipment prior to their use in official plants. The Agency also plans to eliminate the prior label approval system for egg products. This proposal will not encompass shell egg packers. In the near future, FSIS will initiate non-regulatory outreach efforts for shell egg packers that will provide information intended to help them to safely process shell eggs intended for human consumption or further processing.

The actions being proposed are part of FSIS' regulatory reform effort to improve FSIS' egg products food safety regulations, better define the roles of Government and the regulated industry, encourage innovations that will improve food safety, remove unnecessary regulatory burdens on inspected egg products plants, and make the egg products regulations as consistent as possible with the Agency's meat and poultry products regulations. FSIS is also taking these actions in light of changing inspection priorities and findings of Salmonella in pasteurized egg products.

CFR Citation: 9 CFR 317; 9 CFR 327; 9 CFR 381; 9 CFR 412

Legal Deadline: None

Abstract: This rulemaking will continue an effort initiated several years ago by amending FSIS' regulations to expand the types of labeling that are generically approved. FSIS plans to propose that the submission of labeling for approval prior to use be limited to certain types of labeling, as specified in the regulations. In addition, FSIS plans to reorganize and amend the regulations by consolidating the nutrition labeling rules that currently are stated separately for meat and poultry products (in part 317, subpart B, and part 381, subpart Y, respectively) and by amending their provisions to set out clearly various circumstances under which these products are misbranded.

RIN: 0583-AD14**181. FOOD ALLERGEN LABELING FOR MEAT, POULTRY, AND EGG PRODUCTS****Priority:** Other Significant**Legal Authority:** 21 USC 601 et seq; 21 USC 451 et seq; 21 USC 1031 et seq**CFR Citation:** 9 CFR 317.2(f); 9 CFR 381.118; 9 CFR 590.411(c)**Legal Deadline:** None

Abstract: The Food Safety and Inspection Service (FSIS) has jurisdiction over meat, poultry, and egg products while FDA has jurisdiction over all other food and ingredients, including their labeling. On August 2, 2004, the President signed into law the Food Allergen Labeling and Consumer Protection Act (FALCPA)(S. 741) which, in part, requires that labels for food products under the jurisdiction of the Food and Drug Administration (FDA) clearly state the presence of any of eight major foods or food groups (i.e., milk, eggs, fish, Crustacean shellfish, tree nuts, peanuts, wheat, and soy beans) because these foods account for 90 percent of all food allergies.

The Agency recognizes that, in addition to the requirements FSIS has for

ensuring that all ingredients of health concern are controlled in processing and declared on labeling, there is a need for clear and understandable, consumer-friendly terms that would be helpful for allergen-sensitive individuals to make informed food choices for all foods, including meat, poultry, and egg products. Therefore, FSIS is developing a proposed rule to adopt the same naming conventions for the labeling of any of the eight major foods or food groups that is required by FALCPA when they are used to formulate a meat, poultry, or egg product.

185. PERFORMANCE STANDARDS FOR THE PRODUCTION OF PROCESSED MEAT AND POULTRY PRODUCTS; CONTROL OF LISTERIA MONOCYTOGENES IN READY-TO-EAT MEAT AND POULTRY PRODUCTS

Priority: Economically Significant. Major under 5 USC 801.

Legal Authority: 21 USC 451 et seq; 21 USC 601 et seq

CFR Citation: 9 CFR 301; 9 CFR 303; 9 CFR 317; 9 CFR 318; 9 CFR 319; 9 CFR 320; 9 CFR 325; 9 CFR 331; 9 CFR 381; 9 CFR 417; 9 CFR 430; 9 CFR 431

Legal Deadline: None

Abstract: FSIS has proposed to establish pathogen reduction performance standards for all ready-to-eat (RTE) and partially heat-treated meat and poultry products, and measures, including testing, to control *Listeria monocytogenes* in RTE products. The performance standards spell out the objective level of pathogen reduction that establishments must meet during their operations in order to produce safe products but allow the use of customized, plant-specific processing procedures other than those prescribed in the earlier regulations. With HACCP, food safety performance standards give establishments the incentive and flexibility to adopt innovative, science-based food safety processing procedures and controls, while providing objective, measurable standards that can be verified by Agency inspectional oversight. This set of performance standards will include and be consistent with standards already in place for certain ready-to-eat meat and poultry products.

186. NUTRITION LABELING OF SINGLE-INGREDIENT PRODUCTS AND GROUND OR CHOPPED MEAT AND POULTRY PRODUCTS

Priority: Economically Significant. Major under 5 USC 801.

Legal Authority: 21 USC 601 et seq; 21 USC 451 et seq

CFR Citation: 9 CFR 317; 9 CFR 381

Legal Deadline: None

Abstract: FSIS has proposed to amend the Federal meat and poultry products inspection regulations to require nutrition labeling for the major cuts of single-ingredient, raw meat and poultry products, either on their label or at their point-of-purchase, unless an exemption applies. FSIS also proposed to require nutrition information on the label of ground or chopped meat and poultry products, unless an exemption applies. The requirements for ground or chopped products will be consistent with those for multi-ingredient products.

FSIS also proposed to amend the nutrition labeling regulations to provide that when a ground or chopped product does not meet the regulatory criteria to be labeled "low fat," a lean percentage claim may be included on the label or in labeling, as long as a statement of the fat percentage also is displayed on the label or in labeling.

187. FOOD STANDARDS; GENERAL PRINCIPLES AND FOOD STANDARDS MODERNIZATION

Priority: Other Significant

Legal Authority: 21 USC 601 et seq; 21 USC 451 et seq; 21 USC 321 et seq

CFR Citation: 9 CFR 410; 21 CFR 130

Legal Deadline: None

Abstract: The Food Safety and Inspection Service (FSIS) and the Food and Drug Administration (FDA) have proposed to establish a set of general principles for food standards. The adherence to these principles will result in standards that will better promote honesty and fair dealing in the interest of consumers, protect the public, allow for technological advances in food production, be consistent with international food standards, and be clear, simple, and easy to use for both manufacturers and the agencies that enforce compliance with the standards. The proposed general principles will establish the criteria that the agencies will use in considering whether a petition to establish, revise, or eliminate a food standard will be the basis for a proposed rule.

188. PETITIONS FOR RULEMAKING

Priority: Substantive, Nonsignificant

Legal Authority: 5 USC 553

CFR Citation: 9 CFR 392

Legal Deadline: None

Abstract: FSIS is proposing to amend its regulations to add a new part that prescribes procedures for the submission, consideration, and disposition of petitions for rulemaking. The proposal also describes the Agency's expectations for the type of documentation that should be submitted in support of a petition and that will facilitate regulatory development. FSIS is proposing this action to provide clear guidance to those who would like to participate in the rulemaking process by petitioning FSIS to issue, amend, or repeal a rule administered by the Agency.

189. CLASSES OF POULTRY UPDATING POULTRY CLASS STANDARDS

Priority: Other Significant

Legal Authority: 21 USC 451

CFR Citation: 9 CFR 381.170(a)

Legal Deadline: None

Abstract: FSIS will amend the official U.S. classes of poultry so that they more accurately and clearly describe the characteristics of poultry in the market today. Poultry classes are defined primarily in terms of age and sex of the bird. Genetic improvements and new poultry management techniques have reduced the grow-out period for some poultry classes while extensive cross breeding has produced poultry with higher meat yields but

blurred breed distinctions. This action is being taken to ensure that poultry products are labeled in a truthful and non-misleading manner. The rule will update existing regulations to reflect current poultry characteristics and production practices. Therefore, the impact on the poultry industry is expected to be minimal.

190. PROHIBITION OF THE USE OF SPECIFIED RISK MATERIALS FOR HUMAN FOOD AND REQUIREMENTS FOR THE DISPOSITION OF NON-AMBULATORY DISABLED CATTLE

Priority: Economically Significant. Major under 5 USC 801.

Legal Authority: 21 USC 601 et seq

CFR Citation: Not Yet Determined

Legal Deadline: None

Abstract: On January 12, 2004, the Food Safety and Inspection Service (FSIS) issued an interim final rule to amend the Federal meat inspection regulations to designate the brain, skull, eyes, trigeminal ganglia, spinal cord, vertebral column (excluding the vertebrae of the tail, the transverse processes of the thoracic and lumbar vertebrae, and the wings of the sacrum), and dorsal root ganglia (DRG) of cattle 30 months of age and older, and the tonsils and distal ileum of the small intestine of all cattle, as "specified risk materials" (SRMs). The Agency declared that SRMs are inedible and prohibited their use for human food. In addition, as a result of the interim final rule, FSIS now requires that all

USDA—FSIS

Final Rule Stage

non-ambulatory disabled cattle presented for slaughter be condemned. The Agency also requires that federally inspected establishments that slaughter cattle and federally inspected establishments that process the carcasses or parts of cattle develop, implement, and maintain written procedures for the removal, segregation, and disposition of SRMs. Establishments must incorporate these procedures into their HACCP plans or in their Sanitation SOPs or other prerequisite program. FSIS took this action in response to the diagnosis on December 23, 2003, by the U.S. Department of Agriculture of a positive case of bovine spongiform encephalopathy (BSE) in an adult Holstein cow in the State of Washington. This action is intended to minimize human exposure to materials that scientific studies have demonstrated as containing the BSE agent in cattle infected with the disease. Infectivity has never been demonstrated in the muscle tissue of cattle experimentally or naturally infected with BSE at any stage of the disease.

RIN: 0583-AC88**191. MEAT PRODUCED BY ADVANCED MEAT/BONE SEPARATION MACHINERY AND MEAT RECOVERY SYSTEMS****Priority:** Other Significant**Legal Authority:** 21 USC 601 to 695**CFR Citation:** 9 CFR 301.2; 9 CFR 318.24 (Revision); 9 CFR 320.1**Legal Deadline:** None

Abstract: On January 12, 2004, the Food Safety and Inspection Service (FSIS) issued an interim final rule to amend the Federal meat inspection regulations. The rule is designed, in part, to prevent human exposure to the Bovine Spongiform Encephalopathy (BSE) agent by ensuring that Advanced Meat/Bone Separation Machinery and Meat Recovery (AMR) systems are not a means of introducing central nervous system (CNS)-type tissue into product labeled as "meat." Meat may be derived by mechanically separating skeletal muscle tissue from the bones of livestock, other than skulls or vertebral column bones of cattle 30 months of age and older, using advances in mechanical meat/bone separation machinery; i.e., AMR systems. The recovered meat product may not incorporate any brain, trigeminal ganglia, spinal cord, or dorsal root ganglia tissues. In addition, there must be no more than a non-significant incorporation of bone solids or bone marrow as measured by the presence of calcium and iron in excess of the requirements in the interim final rule. This rule also requires that federally inspected establishments that process cattle develop, implement, and maintain written procedures for the removal, segregation, and disposition of specified risk materials (SRMs), including non-complying products from beef AMR systems. These procedures are required to be incorporated into an establishment's HACCP plan, Sanitation Standard Operation Procedures, or other prerequisite program. FSIS took this action in response to the diagnosis on December 23, 2003, by the Department of Agriculture of a positive case of BSE in an adult Holstein cow in the State of Washington.

Abstract: The Food Safety and Inspection Service (FSIS) is amending the Federal meat inspection regulations to prohibit the use of penetrative captive bolt stunning devices that deliberately inject air into the cranial cavity of cattle. This rulemaking responds to the findings of a risk assessment on bovine spongiform encephalopathy (BSE) conducted by the Harvard Center for Risk Analysis (referred to as the Harvard study) and is part of a series of actions that the USDA is taking to strengthen its BSE prevention programs.

193. ACCREDITED LABORATORY PROGRAM

Priority: Substantive, Nonsignificant

Legal Authority: 21 USC 601 et seq; 21 USC 451 et seq

CFR Citation: 9 CFR 318, 381, and 439

Legal Deadline: None

Abstract: The rule revises, edits, and consolidates provisions to establish standards and procedures for the accreditation of non-Federal analytical chemistry laboratories. FSIS is amending the regulations to accommodate more readily the adoption of newer methods for analyzing an expanded number of chemical residues and to correct some factual data. In addition, FSIS is making other editorial changes to reflect Agency reorganizations and program changes since a rule was published in 1993. This rule also consolidates the regulations, now in two parts, into a single part, 9 CFR part 439.

194. AVAILABILITY OF LISTS OF RETAIL CONSIGNEES DURING MEAT OR POULTRY PRODUCT RECALLS

Priority: Other Significant

Legal Authority: 5 USC 301, 552

CFR Citation: 9 CFR 390

Legal Deadline: None

Abstract: The Food Safety and Inspection Service (FSIS) has proposed to amend the federal meat and poultry products inspection regulations to provide that the Agency will make available to the public lists of the retail consignees of meat and poultry products that have been voluntarily recalled by a federally inspected meat or poultry products establishment. FSIS has proposed this action because it believes that making this information available will be of significant value to consumers and the industry. It will clarify what products should be removed from commerce and from consumers' possession because there is reason to believe they are adulterated or misbranded.

Abstract: Rule proposes to establish regulations applicable to the Quality Samples Program (QSP), currently authorized by section 5(f) of the CCC Charter Act, 15 U.S.C. 714c(f). This proposed rule would codify existing

guidelines. The rule would provide specific regulations concerning program administration. Significant provisions include program objectives and priorities, eligible organizations, qualification requirements, application and review processes, reimbursement rules and procedures, financial reporting and program evaluation requirements, and program controls.

Forest Service (FS)
Proposed Rule Stage
203. INDIAN ALLOTMENTS ON NATIONAL FOREST SYSTEM LANDS
Priority: Other Significant**Legal Authority:** 16 USC 472; 16 USC 551; 16 USC 1603; 43 USC 1740; 25 USC 337**CFR Citation:** 36 CFR 254**Legal Deadline:** None

Abstract: This proposed rule sets forth the Forest Service role and procedures in the conveyance of Indian allotments on National Forest System (NFS) lands. The Indian Allotment Act of 1910, as amended, authorizes the Secretary of the Interior to make allotments of NFS lands to American Indians for

homesteading and agricultural and grazing purposes, but only after a determination by the Secretary of Agriculture that the lands are more valuable for agriculture or grazing than for timber. The Forest Service has relied upon U.S. Department of the Interior rules and procedures at 43 CFR part 2533 to govern its involvement in Indian allotment cases. Litigation and a decision by the Interior Board of Land Appeals require the Forest Service to set forth its own regulations. This proposed rule clarifies the role of the Forest Service in the allotment process. It preserves the rights of affected individual American Indians who wish to apply for allotments on NFS lands.

An earlier version of this proposed rule was published in the Federal Register on June 22, 1987 (52 FR 23473). Very few comments were received on the 1987 proposed rule, and this revision of the proposed rule makes only limited changes needed to update the rule due to the passage of 18 years since publication of the first version of the proposed rule. Because of the amount of time that has elapsed since the earlier version of the proposed rule was published, the Agency believes that it is in the public interest to publish a revised proposed rule and request comment prior to adopting a final rule.

204. SPECIES SURPLUS TO DOMESTIC MANUFACTURING NEEDS**Priority:** Substantive, Nonsignificant**Legal Authority:** 16 USC 620 et seq**CFR Citation:** 36 CFR 223.200**Legal Deadline:** None

Abstract: This proposed rule would amend 36 CFR 223.200 to list species proposed to be surplus to domestic manufacturing needs. This proposed rule would implement a portion of section 620a(b) of the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620 et seq.). Section 620a(a) of the Act provides that no person who acquires unprocessed timber originating from Federal lands west of the 100th meridian in the contiguous 48 States may export such timber from the United States, or sell, trade, exchange, or otherwise convey such timber from the United States, unless such timber has been determined under subsection (b) to be surplus to the needs of timber manufacturing facilities in the United States. Section 620a(b) of the Act provides that the prohibition contained in subsection (a) shall not apply to specific quantities of grades and species of unprocessed timber originating in Federal lands which the Secretary determines, through rulemaking, to be surplus to domestic manufacturing needs.

205. APPEAL OF DECISIONS RELATING TO OCCUPANCY AND USE OF NATIONAL FOREST SYSTEM LANDS**Priority:** Substantive, Nonsignificant**Legal Authority:** 16 USC 472; 16 USC 551**CFR Citation:** 36 CFR 212; 36 CFR 214; 36 CFR 215; 36 CFR 228; 26 CFR 241; 36 CFR 251; 36 CFR 254; 36 CFR 292**Legal Deadline:** None

Abstract: The Forest Service is publishing a proposed rule to revise the process by which certain parties can appeal decisions relating to authorizations for use and occupancy of National Forest System lands and resources. This proposed rule would create a new part 214 to replace regulations at 36 CFR part 251, subpart C. The Forest Service has a continuing commitment to review its regulations periodically, to identify specific problems in administering them, and to determine whether they meet agency and public needs. Experience with the procedures at 36 CFR part 251, subpart C, has shown that certain provisions in the rule consistently raise questions. Thus, the agency has identified a need to amend the procedures at 36 CFR part 251, subpart C, to correct and clarify aspects of the part 251 appeals process and its relationship to the amended appeal rule at 36 CFR part 215. Among specific changes being proposed are acknowledgement that this is the appropriate part for appeal of decisions related to locatable mining operations; making terminology consistent with part 215; establishing time frames for intervening, scheduling oral presentations or requesting stays; clarifying that decisions to deny permits for noncommercial group use are not subject to appeal, but rather are immediately subject to judicial review;

and making conforming technical revisions to 36 CFR parts 212, 215, 228, 241, 251, 254, and 292.

206. LAW ENFORCEMENT SUPPORT ACTIVITIES**Priority:** Substantive, Nonsignificant**Legal Authority:** 7 USC 1011(f); 16 USC 472; 16 USC 551; 16 USC 559(a) to 559(g); 40 USC 484(m)**CFR Citation:** 36 CFR 262**Legal Deadline:** None

Abstract: On February 16, 1994 (59 FR 7880), the Forest Service published a proposed rule for 36 CFR part 261, Prohibitions, and part 262, Law Enforcement Support Activities. Due to the high level of interest in and comment on part 261, the decision was made to publish second proposed rules separately for each part.

The Forest Service is proceeding with publication of a second proposed rule for part 262, Law Enforcement Support Activities. The proposed revisions to part 262 are narrow in scope and are meant to clarify specific administrative provisions. In particular, they address the limitations and conditions for paying rewards in connection to fire or property prosecution; clarify the rules regarding the purchase of information or evidence in furtherance of investigations; and clarify certain actions and regulations regarding the impoundment, removal, and disposition of animals and personal property from National Forest System lands. The proposed rule also responds to comments concerning part 262 that were received in response to the proposed rule published in 1994. The majority of those comments referred to

USDA—FS

Proposed Rule Stage

how the rule defines certain terms. To address those comments in this second proposed rule, the agency proposes to add a new section for definitions.

207. SALE AND DISPOSAL OF NATIONAL FOREST SYSTEM TIMBER; TIMBER EXPORT AND SUBSTITUTION RESTRICTIONS

Priority: Substantive, Nonsignificant

Legal Authority: 16 USC 620

CFR Citation: 36 CFR 223; 36 CFR 261

Legal Deadline: None

Abstract: This proposed rule for timber export and substitution restrictions would implement the provisions of the Forest Resources Conservation and Shortage Relief Act of 1990, as amended in 1997. The proposed rule defines the certain terms necessary to facilitate uniform compliance; prohibits transfer of unprocessed private timber for export by a person who possesses or acquires unprocessed Federal timber; prohibits export of such unprocessed private timber by a third or successive party; prescribes procedures for reporting the acquisition and disposition of National Forest System (NFS) and private timber requiring domestic processing, including transfers; prescribes procedures for identifying unprocessed NFS and private timber requiring domestic processing; and establishes procedures for assessing civil and criminal penalties and applying administrative remedies for violations of the Act, its

implementing regulations, and contracts subject to the Act.

208. SPECIAL FOREST PRODUCTS AND FOREST BOTANICAL PRODUCTS

Priority: Substantive, Nonsignificant

Legal Authority: PL 106-113

CFR Citation: 36 CFR 223

Legal Deadline: None

Abstract: The Forest Service is promulgating regulations for managing special forest products and forest botanical products. The regulations will guide the Forest Service in the administration of the broader category of special forest products. The interim final rule also implements Public Law 106-113, which authorizes a pilot program of charges and fees for harvest of forest botanical products. Forest botanical products include products such as herbs, berries, seeds, and wildflowers that are not wood products. The intended effect of this rule is to give guidance and provide consistency for the sustainability and sale of special forest products including forest botanical products.

209. LOCATABLE MINERALS

Priority: Other Significant

Legal Authority: 30 USC 21 to 54; 30 USC 612

CFR Citation: 36 CFR 228, subpart A

Legal Deadline: None

Abstract: This revision follows recommended changes developed by the Government Accountability Office and Office of Inspector General audits and recommendations in the National Research Council's 1999 report titled "Hard rock Mining on Federal Lands." The proposed rule would improve the administration of the locatable minerals program. The proposed rule's objectives are to improve the process for modifying, suspending, and terminating plans of operation; improve the process of reviewing and adjusting reclamation bonds to cover the full cost of reclamation; improve the process of managing temporary closures; define proper occupancy and use; and improve noncompliance and enforcement actions. This proposed rule revision will increase the efficiency of locatable minerals administration and protect the public from funding mine reclamation.

210. GRAZING PERMIT ADMINISTRATION (FSH 2209.13, CHAPTERS 10 AND 20)**Priority:** Substantive, Nonsignificant**Legal Authority:** 16 USC 5801**CFR Citation:** None**Legal Deadline:** None

Abstract: Updated national direction is needed to ensure the Agency is both current and consistent in working with grazing permittees in all Forest Service Regions. The Forest Service issued amendments to certain chapters and sections of Forest Service Manual (FSM) title 2200, Rangeland Management, and to all chapters of Forest Service Handbook (FSH) 2209.13, Grazing Permit Administration. The last substantive amendments to both FSM 2200 and FSH 2209.13 were made in 1985. Clarifications and adjustments in policy are necessary to respond to changing needs of both the Forest Service and the livestock industry and to make the Agency's policy current with legislation, court decisions, and agency management. The Forest Service has determined that two chapters in FSH 2209.13 require public notice and comment: Chapter 10, Permits With Term Status, and chapter 20, Grazing Agreements. Both chapters contain substantive changes to agency operating procedures that affect how the Forest Service does business with permittees, grazing associations, and applicants for livestock grazing authorizations.

211. RECREATION EVENT FEES (FOREST SERVICE MANUAL, CHAPTER 2720)**Priority:** Substantive, Nonsignificant**Legal Authority:** 16 USC 497, 551**CFR Citation:** None**Legal Deadline:** None

Abstract: The Forest Service is publishing a proposed directive to amend Forest Service Manual 2721.49 regarding the basis of determining fees for recreation events. Currently, fees are based on a percentage of gross revenues. The proposed fee system would establish a fee based on the number of people involved in the event. This modification in the fee system would result in fees similar to the Bureau of Land Management for this type of use. Additionally, the modification would reduce the administrative workload, for both holders and the Government, associated with the auditing of records for permits that generate less than \$100,000 in revenue.

RIN: 0596-AC24**212. OUTFITTER AND GUIDE SPECIAL USE AUTHORIZATIONS (FOREST SERVICE HANDBOOK 2709.11, CHAPTER 30)****Priority:** Substantive, Nonsignificant**Legal Authority:** 16 USC 497**CFR Citation:** None**Legal Deadline:** None

Abstract: The Forest Service is publishing a proposed agency directive to amend Forest Service Handbook 2709.11, section 37, regarding fees for outfitting and guiding special use authorizations. This action is being taken to improve administrative efficiency for the agency and reduce administrative burden to small business. For example: for minor concession uses, the proposed directive would revise the current fee system from one based on a percentage of gross revenue to a flat rate, thus reducing record keeping and audit requirements. Public comment is invited and will be considered in development of a final directive.

213. CLARIFYING PROHIBITIONS AGAINST DAMAGE TO THE NATIONAL FOREST BY ESCAPED FIRES**Priority:** Substantive, Nonsignificant**Legal Authority:** 16 USC 551**CFR Citation:** 36 CFR 261.1; 36 CFR 261.2; 36 CFR 261.5**Legal Deadline:** None

Abstract: The Forest Service intends to amend 36 CFR 261.1, 261.2, and 261.5 to clarify that strict liability will be applied to a person who commits a prohibited action under section 261 that results in a fire escaping and damaging or threatening National Forest System lands. This section has not been interpreted consistently in the courts. Amending the CFR to align with the Model Penal Code definitions of criminal intent will achieve consistency in application and interpretation.

USDA—FS

Proposed Rule Stage

In addition, the CFR will be amended to clarify that a person conducting a legitimate prescribed fire on private or public lands adjacent to National Forest System Lands will be subject to the Model Penal Code standard of negligence. This will bring the law enforcement action in line with the objectives and goals of the National Fire Plan and the Healthy Forest Initiative by assuring those who conduct those activities with due diligence will not be subject to a strict liability interpretation in 36 CFR 261.5.

214. REVISIONS TO GENERAL PROHIBITIONS REGARDING LIVESTOCK AND WILD FREE-ROAMING HORSES AND BURROS ON NATIONAL FOREST SYSTEM LANDS

Priority: Substantive, Nonsignificant

Legal Authority: 16 USC 551

CFR Citation: 36 CFR 222; 36 CFR 261.7; 36 CFR 261.21

Legal Deadline: None

Abstract: The Forest Service is proposing to revise the regulation governing the management of wild free-roaming horses and burros. This proposed action will incorporate into regulation new provisions for management of wild horses and burros enacted by the Fiscal Year 2005 Omnibus Appropriations Act (Pub. L. 108-447, Division E, title 1, section 142). This proposed action would also eliminate concerns raised by employees and others about inconsistencies in

Forest Service and Bureau of Land Management regulations on the management of wild horses and burros.

The Fiscal Year 2005 Omnibus Appropriations Act amended the Wild Free-Roaming Horses and Burros Act (Pub. L. 92-195) and mandated the sale of wild horses and burros that meet specific criteria. In general, the law mandates the sale of excess wild horses and burros that are more than 10 years of age or that have been offered unsuccessfully for adoption at least 3 times. These animals are to be made available for sale without limitation, including through auction to the highest bidder, at local sale yards, or other convenient livestock selling facilities, until all excess animals offered for sale are sold or until appropriate management levels are attained across all areas occupied by wild horses and burros. Funds generated from the sale of these animals are to be credited to the Bureau of Land Management and used to help alleviate costs generated from the adoption of wild horses and burros.

Additionally, the Forest Service wishes to merge this revision of 36 CFR part 222 with an existing proposed action to revise 36 CFR part 261, subpart A—General Prohibitions; section 261.7, Livestock; and section 261.21, Wild Free-Roaming Horses and Burros (RIN 0596-AC31). That proposed rule would clarify ambiguity regarding whether strict liability must be proven for violations of the prohibitions set out in those sections related to livestock and wild free-roaming horses and burros.

215. CLARIFICATION FOR THE APPROPRIATE USE OF A CRIMINAL OR A CIVIL CITATION TO ENFORCE MINERAL REGULATIONS

Priority: Substantive, Nonsignificant

Legal Authority: Not Yet Determined

CFR Citation: 36 CFR 261.10 (b); 36 CFR 261.10 (k)

Legal Deadline: None

Abstract: The Forest Service is proposing to amend the regulations at 36 CFR 261.10 to clarify when a criminal citation should be used for unauthorized mining operations. This revision is necessary to address recent adverse District Court decisions which have found that sections 261.10(b) and (k) do not apply to the enforcement of unauthorized mining operations. These sections deal with taking possession of, occupying, or using National Forest System lands for residential purposes, and the use or occupancy of the lands or facilities, respectively. Adding appropriate language would make it clear that these sections do apply to mineral operations.

In addition, in the definitions section where operating plan is defined, references to other mineral-related regulations will be added to indicate that 36 CFR 261.10 applies to them as well.

216. LINEAR RIGHT-OF-WAY RENTAL PAYMENT SCHEDULE

Priority: Other Significant

Legal Authority: 42 USC 15801

CFR Citation: 36 CFR 251.57

Legal Deadline: NPRM, Statutory, August 8, 2006.

USDA—FS

Proposed Rule Stage

Abstract: The Forest Service (FS) is seeking public participation in the formulation of a proposed rule to update the linear right-of-way rental fee schedule authorized by 36 CFR 251.57 and set out in Forest Service Handbook 2709.12, chapter 30. Section 367 of the Energy Policy Act of 2005 (the Act) directs the Secretary of Agriculture to, not later than 1 year after the date of enactment of the Act on August 8, 2005, update the per-acre rental fee schedule. The rental fee schedule covers most linear rights-of-way granted under section 28 of the Mineral Leasing Act of 1920, as amended, and title V of the Federal Land Policy and Management Act of 1976, as amended. Both laws require the holder of a right-of-way to pay annually, in advance, the fair market value to occupy, use, or traverse public lands, for facilities such as power lines, fiber optic lines, pipelines, roads, and ditches. The Act also requires the FS to revise the per-acre rental fee zone values by State, county, and type of linear right-of-way use to reflect current land values in each zone.

The Secretary of the Interior is also required by the Act to make these same revisions for rights-of-way on public lands administered by the Bureau of Land Management (BLM). The BLM published an advance notice of proposed rulemaking on April 27, 2006 (71 FR 24836).

217. FOREST SERVICE NATIONAL ENVIRONMENTAL POLICY ACT PROCEDURES

Priority: Other Significant

Legal Authority: 40 CFR 1507.3

CFR Citation: 36 CFR 220

Legal Deadline: None

Abstract: The Forest Service is proposing to move existing Agency NEPA procedures required by 40 CFR 1507.3 from Forest Service Handbook 1909.15 to the CFR, add new procedures, and edit some existing procedures. Presently, Forest Service procedures are combined with Agency guidance in FSH 1909.15 along with quotations from the Council on Environmental Quality regulations. Having Agency NEPA procedures in regulations, separate from guidance, will make it easier for the Forest Service to provide guidance through the agency directive system. Agency internal processes will continue to reside in FSH 1909.15 with references to both CEQ and Forest Service NEPA procedures.

Abstract: In recent years, the USDA Forest Service has been receiving an increasing number of inquiries and applications to access ground water resources on National Forest System lands nationwide. With the need for water expected to continue increasing in most areas of the country, it is likely this trend will persist. As a consequence, a need for national direction to ensure consistent and informed responses nationwide to ground water-related projects and proposals has been identified. This direction would amend the Forest Service Manual by adding section 2543 to chapter 2540 and adding provisions to the Forest Service Special Uses

USDA—FS

Proposed Rule Stage

Handbook 2709.11, chapters 10, 40, and 50. The new manual section: Clarifies Agency responsibilities with respect to ground water issues; provides direction for consideration of ground water resources in decisionmaking, including water-well and water-pipeline applications, siting of public water supplies, and implementation of source water protection programs on NFS lands; initiates a policy of quantifying ground water withdrawals from NFS lands; establishes ground water data management requirements; and promotes sustainable use of ground water resources. The new handbook provisions clarify implementation of the new manual direction for special uses activities involving ground water.

220. FOREST SERVICE POLICY ON PARTNER, SPONSOR, AND DONOR RECOGNITION (FOREST SERVICE HANDBOOK 1509.14)

Priority: Substantive, Nonsignificant

Legal Authority: 16 USC 558a to 558d; 42 USC 12501; 16 USC 1271; 16 USC 1641 to 1646

CFR Citation: None

Legal Deadline: None

Abstract: The Forest Service is proposing to publish a directive to Forest Service Handbook 1509.14 where consistent national direction regarding sponsorship and donor recognition can be established. The proposed policy will establish new guidelines for the acceptance, utilization, and recognition of donations. The guidelines are intended to be practical standards under which the USDA Forest Service may fully use

its donation acceptance authorities, while maintaining integrity, impartiality, and public confidence.

Donations are appropriate tools authorized by Congress for the Department and its bureaus to accomplish their missions. The Department's policy is to accept, utilize, recognize, and solicit donations in a manner that promotes and enhances the Department's programs, activities, and operations, consistent with applicable law and the donation guidelines. The policy will also set forth the Chief's delegation of authority regarding donations and fundraising; establish roles and responsibilities for USDA FS employees who work with donors, fundraising partners, and potential donors; identify plans and agreements relating to philanthropic activities and explain when they are required to be used; establish criteria for consideration in accepting of donations; and provide general guidance on appropriate forms of donor recognition. The policy will also serve as guiding criteria for USDA FS employees' conduct in relation to donation and sponsorship activities and fundraising campaigns which benefit the USDA FS. The USDA FS seeks to ensure the integrity and appropriateness of donations and fundraising activities and add new direction on how partners are acknowledged for their contributions. This policy is to be used by USDA FS employees in tandem with the Partnership Guide.

221. CATEGORICAL EXCLUSION FOR SKI AREA RESORT ACTIVITIES (FSH 1909.15, CHAPTER 30)

Priority: Other Significant

Legal Authority: 7 CFR 1b

CFR Citation: None

Legal Deadline: None

Abstract: The Forest Service is publishing a proposed directive to amend Forest Service Handbook 1909.15, chapter 30, regarding categorical exclusions (CEs) from documentation under the National Environmental Policy Act (NEPA). Its purpose is to improve management efficiency for ski areas operating under special use authorization on National Forest System lands.

Experience in environmental analysis of ski area developments has shown that many projects implementing a ski area master development plan or programmatic decision that was analyzed through an Environmental Assessment (EA) or Environmental Impact Statement (EIS) have not individually or cumulatively had a significant effect on the human environment. In the majority of projects, the issues associated with ski areas arise from the initial development or expansion of an area rather than from implementing projects.

The current list of CEs in this handbook omits some activities that do not warrant additional analysis and therefore places an unnecessary cost burden on the Agency and ski area operators. The Agency will review past environmental analyses to determine the types of implementing projects that typically do not have significant effects. Examples may include lift replacement or modification, minor modification of existing ski trails and terrain, vegetation management, improving or replacing existing facilities, and minor construction within the permitted area.

**222. THREATENED, ENDANGERED,
AND SENSITIVE (TES) SPECIES,
SPECIES-OF-CONCERN, HABITAT
MANAGEMENT, AND BIODIVERSITY
CONSERVATION (FSM 2670)**

Priority: Other Significant

Legal Authority: 16 USC 1531 et seq

CFR Citation: None

Legal Deadline: None

Abstract: The Forest Service proposed to revise Forest Service Manual 2670, Threatened, Endangered, and Sensitive (TES) Plants and Animals, to set forth direction to ensure compliance with existing laws, regulations, and de-facto Agency policies and to reflect current conservation biology, knowledge, management practices, and emerging ecosystem and TES species-related topics and issues.

This amendment is needed to: (1) Better guide forest plan compliance with the two National Forest Management Act (NFMA) planning rules on ecosystem and species conservation; (2) guide project level effects analysis and documentation for TES species; (3) modify objectives for TES species and habitat conservation; (4) modify policies for TES species and habitat conservation; (5) modify responsibilities assigned for TES species and habitat conservation; (6) correct several definitions related to TES species and habitat management; (7) correct cooperation procedures for TES species and habitat conservation; (8) update direction on sensitive species management; (9) set forth any direction needed for species-of-concern; (10) update direction on the recovery of T&E species; and (11) incorporate two 2006 Interim Directives on the 2005 NFMA Planning Rule and on grizzly bear management.

The proposed changes are expected to provide more effective implementation of the Endangered Species Act, the 1982 and 2005 NFMA planning regulations, and Agency strategies and policies for at-risk species and their habitats.

Legal Deadline: None

Abstract: The Forest Service is seeking comment on proposed policy that would govern the review and processing of applications for wind energy development on National Forest System land. This policy would address the internal agency process and responsibilities for: (1) Reviewing proposed wind energy plans of development, site plans, and operation plans; (2) issuing special use authorizations for site testing and monitoring (met towers); and (3) issuing special use authorizations for wind energy development in accordance with existing Forest Service regulations pertaining to special land uses set out at 36 CFR 251.54; as well as (4) determining the level of environmental analysis required for individual wind energy projects in accordance with the National Environmental Policy Act, Council of Environmental Quality regulations, and existing Forest Service environmental policy and procedures.

**224. • SPECIAL AREAS;
STATE-SPECIFIC INVENTORIED
ROADLESS AREA MANAGEMENT:
IDAHO**

Priority: Substantive, Nonsignificant

Legal Authority: 5 USC 553(e); 7 CFR 1.28

CFR Citation: 36 CFR 294

Legal Deadline: None

Abstract: On October 5, 2006, the Governor of Idaho submitted a petition under the provisions of the Administrative Procedure Act (5 U.S.C. 553(e)) and Agriculture Department regulation (7 CFR 1.28) to promulgate regulations, in cooperation with the State, for management of 9.3 million acres of inventoried roadless areas within the State. After review and recommendation by the Roadless Area Conservation National Advisory Committee, the Secretary accepted the Governor's petition and initiated a proposed rulemaking for the roadless areas in Idaho. The proposed rulemaking would manage Idaho's inventoried roadless areas under four main themes listed from most restrictive to least: Wildland Recreation (1.4 million acres), Primitive (1.7 million acres), Backcountry (5.5 million acres), and General Forest (0.5 million acres). The proposed rulemaking also will establish three important tribal and historical sites as "Special Areas" (0.2 million acres). Road construction and reconstruction plus timber harvesting would be prohibited in certain inventoried roadless areas on the Boise, Caribou-Targhee, Clearwater, Idaho Panhandle, Kootenai (portions), Nez Perce, Payette, Salmon-Challis, Sawtooth, and Wallowa-Whitman (portions) National Forests in Idaho. Exceptions to the prohibitions would

USDA—FS

Proposed Rule Stage

be allowed for certain health, safety, valid existing rights, resource protection, and ecological management needs.

225. • LAND MANAGEMENT PLANNING HANDBOOK, FOREST VEGETATION RESOURCE PLANNING (FSH 1909.12, CHAPTER 60)

Priority: Substantive, Nonsignificant

Legal Authority: 16 USC et seq; 5 USC 301

CFR Citation: None

Legal Deadline: None

Abstract: Makes minor changes on identifying lands generally suitable for timber production and long-term sustained-yield to FSH 1909.12—Land Management Planning Handbook, chapter 60—Forest Vegetation Resource Planning. The need for these changes is based on reviews of proposed land management plans under the 2005 planning rule. Changes include revising the category of lands generally not suitable for timber harvest from one general category into two subcategories: (1) Lands not suitable for timber harvest due to policy or physical and biological conditions and (2) timber harvest is not compatible with desired conditions and objectives. In addition, clarifies areas where timber harvest, including salvage, is prohibited by statute, Executive order, regulation, or policy. In addition, revises direction for estimating the long-term sustained-yield capacity (LTSYC) by clarifying that LTSYC must not be constrained by

current budgets. In addition, eliminates the unnecessary restriction that only the LTSYC for timber production lands (sec. 62.21) may be combined where a national forest has less than 200,000 acres of forest land on which timber production is identified as an objective.

226. • PUBLICLY MANAGED RECREATION OPPORTUNITIES (FOREST SERVICE MANUAL (FSM) 2300, 2330, 2340)

Priority: Substantive, Nonsignificant

Legal Authority: 16 USC 6801 to 6814; 16 USC 551

CFR Citation: None

Legal Deadline: None

Abstract: The USDA Forest Service is responsible for managing its recreation program in compliance with the agency's Organic Act (16 U.S.C. 551) and the Federal Lands Recreation Enhancement Act (16 U.S.C. 6801 to 6814). Therefore, the Forest Service proposes to amend Forest Service Manual (FSM) chapter 2300, which cites the authorities under which the Agency's recreation program operates, as well as the overarching objectives, policy, and responsibilities under those authorities. Changes would be made in FSM 2330, Publicly Managed Recreation Opportunities, to conform to the Federal Lands Recreation Enhancement Act and to clarify procedures for development of recreation sites on National Forest System lands. This proposed directive would assist Forest Service employees in consistently providing quality recreation sites, facilities, and customer service to the 192 million visitors each

year to the National Forests and National Grasslands. Additionally, corresponding changes would be made in FSM 2340, Privately Provided Recreation Opportunities.

227. • ADMINISTRATIVE ISSUANCES; INVOLVING THE PUBLIC IN THE FORMULATION OF FOREST SERVICE DIRECTIVES

Priority: Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

Legal Authority: 7 CFR 2.7; 16 USC 1612(a)

CFR Citation: 36 CFR 200.4; 36 CFR 216

Legal Deadline: None

Abstract: The Forest Service Directive System codifies the agency's policy, practice, and procedure. It is the primary administrative basis for the internal management and control of all agency programs and the primary source of administrative direction to Forest Service employees. In accordance with Executive Order 13422, which revised E.O. 12866 on regulatory planning and review and OMB's recent issuance of a bulletin on good guidance practices, as well as recent litigation regarding the publication of Forest Service directives for comment prior to issuance, the Forest Service plans to revise its regulation at title 36, Code of Federal Regulations (CFR), at section 200.4, which describes the Forest Service administrative issuance system (the Directive System), its use and availability, and other types of permissible guidance. Title 36 CFR,

USDA—FS

Proposed Rule Stage

part 216, would also be revised to clarify when and how to involve the public in the formulation of Forest Service directives.

228. • SPECIAL INTEREST AREAS (FSM 2360)

Priority: Substantive, Nonsignificant

Legal Authority: 36 CFR 294.1b

CFR Citation: None

Legal Deadline: None

Abstract: FSM 2360, Special Interest Areas including direction for the Heritage Resources Program, has not been amended since 1990. The Forest Service proposes to update FSM 2360, Special Interest Areas, to conform to the national Historic Preservation Act, and other applicable statutes, to clarify procedures for compliance with

requirements of the law(s) when operating on National Forest System lands, and to streamline consultation with State and tribal Historic Preservation Offices. This Manual revision will reduce process barriers and provide greater consistency across units of the Forest Service. Significant revision is required to bring the Manual and Handbook direction up to date, allowing the Agency to enter into Programmatic Agreements with State and tribal historic preservation offices, simplifying and shortening existing process cycle time.

229. • FOREST SERVICE STRATEGY FOR OPEN SPACE CONSERVATION

Priority: Substantive, Nonsignificant

Legal Authority: Not Yet Determined

CFR Citation: None

Legal Deadline: None

Abstract: The Forest Service recognizes that it is not the only contributor to open space conservation and seeks to partner with others to address this issue. Therefore, the Forest Service plans to solicit public input on a draft strategy that outlines proposed next steps and priorities for the Agency on open space conservation. This strategy would help guide Agency actions to address the loss of open space threat, which was identified as one of four great threats facing our Nation's forests. This public input period follows a request for public input published in the Federal Register on November 12, 2006, and on December 14, 2006.

**Department of Agriculture (USDA)
Forest Service (FS)****Final Rule Stage****230. SALE AND DISPOSAL OF NATIONAL FOREST TIMBER; CANCELLATION OF TIMBER SALE CONTRACTS**

Priority: Substantive, Nonsignificant

Legal Authority: 16 USC 472a; 16 USC 551; 16 USC 618

CFR Citation: 36 CFR 223.30; 36 CFR 223.40; 36 CFR 223.116

Legal Deadline: None

Abstract: The Forest Service is issuing a final rule to revise current regulations regarding cancellation of timber sale contracts, permits, and other such

instruments authorizing the sale or harvest of timber or other forest products. This rule is needed to clarify when, why, and by whom contracts may be cancelled to remove redundant provisions and to provide a new formula for compensation when the Government must cancel timber sale contracts. The Forest Service takes every precaution before authorizing a particular activity on National Forest System lands to ensure that its authorization conforms with existing laws and with existing conditions on the ground at the time of the authorization. The current regulations

place an inappropriate amount of financial liability on the Forest Service when the agency must, for reasons of public policy, judicial decision, or statutory direction, cancel a timber sale contract or permit. The regulatory changes are necessary because the Forest Service is unable to continue bearing the majority of the financial risk and burden of contract cancellations. This rule would more reasonably allocate the risk between the Government and private parties. Establishing these reasonable limits to the Government's exposure to financial liability and burden of risk in the event

USDA—FS

Final Rule Stage

of contractual changes or contract cancellations is critical to protecting the public's financial interests.

231. NONCOMPETITIVE SALE OF TIMBER; TIMBER SUBSTITUTION

Priority: Substantive, Nonsignificant

Legal Authority: 16 USC 472(a)

CFR Citation: 36 CFR 223.85

Legal Deadline: None

Abstract: This proposed rule would revise 36 CFR 223.85 by changing the reference to 16 USC 472(d) to 16 USC 472a(d). This proposed rule would revise the existing regulations regarding noncompetitive sale of timber based on the Secretary of Agriculture's determination that "extraordinary conditions" exist to apply to sales agency wide. This proposed rule would add paragraph (c), which further defines extraordinary conditions to allow forest officers, without advertisement, to make modifications to awarded timber and forest product sales, which result in the substitution of timber or forest products from outside the sale area specified in the contract. This would be applied to situations where replacement timber from outside the sale area could be substituted for timber lost as a result of litigation or catastrophic events. Substitute timber or forest products must be from the same national forest, and meet agency requirements for compliance with the National Environmental Protection Act, the National Forest Management Act, and notice, comment, and appeal

procedures at 36 CFR part 215. This proposed rule would authorize the Forest Service to propose timber sale modifications and to enter into discussions with purchasers on such modifications. But, timber purchasers would not be obligated to accept any proposed modifications.

To the extent that timber sale cancellations and partial cancellations are avoided, the effect of this proposed rule would be to reduce future damage claims on timber sales.

233. SALE AND DISPOSAL OF NATIONAL FOREST SYSTEM TIMBER; TIMBER SALE CONTRACTS; MODIFICATION OF CONTRACTS

Priority: Substantive, Nonsignificant

Legal Authority: 16 USC 472a; 16 USC 618; 16 USC 620 to 620j

CFR Citation: 36 CFR 223.112

Legal Deadline: None

Abstract: The Forest Service is adopting a final rule at part 223, subpart B, of title 36, Code of Federal Regulations, section 223.112. This final rule authorizes timber sale contracting officers to modify contracts to provide a redetermination of stumpage rates and deposits to reflect significant timber market declines. This rule applies to existing timber sale contracts awarded after October 1, 1995, that have been suspended for more than 90 days, during the normal operating season because of administrative appeals or litigation, through no fault of the timber purchaser.

This final rule provides relief for purchasers in this situation by enabling them to obtain stumpage rate redeterminations to continue existing contracts after the suspension has been

USDA—FS

Final Rule Stage

lifted to ensure the economic viability of the sale.

234. PREDATOR DAMAGE MANAGEMENT (FOREST SERVICE MANUAL, CHAPTER 2320)

Priority: Substantive, Nonsignificant

Legal Authority: 7 USC 426

CFR Citation: None

Legal Deadline: None

Abstract: The Forest Service is publishing final revisions to its directives on predator damage management in wilderness. Guidance to Forest officers in the management of predator damage in wilderness areas is contained in the Forest Service Manual (FSM) title 2300, Recreation, Wilderness, and Related Resources Management and FSM 2600, Wildlife, Fish, and Sensitive Plant Habitat Management. These revisions conform agency policy regarding predator damage management in wilderness with provisions in an interdepartmental Memorandum of Understanding (MOU) between the USDA Animal and Plant Health Inspection Service, Wildlife Services Division and the USDA Forest Service. The MOU, initiated in 1993, was renewed in 1998, and again in 2004, with minor revisions. The revisions also bring FSM 2320 into conformance with FSM 2650, which was revised in 1995 (60 FR 22037).

235. INTEGRATED RESOURCE CONTRACTS, FS-2400-13 AND FS-2400-13T (NOTICE OF FINAL CONTRACTS)

Priority: Substantive, Nonsignificant

Legal Authority: PL 108-7

CFR Citation: None

Legal Deadline: None

Abstract: Section 323 of Public Law 108-7, the Consolidated Appropriations Resolution (16 U.S.C. 2104 note) established special authorities for stewardship contracting not addressed in existing Forest Service timber sale contracts. In general, the new authorities provide for including service work in timber sale contracts and applying the value of timber or other forest products removed as an offset against the cost of services received. Integrated Resource Contracts FS-2400-13 and FS-2400-13T are being developed for use with stewardship end result contracting when the value of timber exceeds the cost of service work.

Except where they deviate to address the new authorities, the FS-2400-13 and FS-2400-13T contracts parallel recently revised timber sale contracts FS-2400-6 and FS-2400-6T, which became effective upon notice in the Federal Register on May 6, 2004 (69 FR 25367).

In order to fully implement the authorities under section 323 of Public Law 108-7, and because they are so similar to timber sale contracts FS-

2400-6 and FS-2400-6T, the Agency implemented interim use of the integrated resource contracts while public comments are being sought. Comments received will be considered in the development of the final contracts.

236. PISCICIDE APPLICATIONS ON NATIONAL FOREST SYSTEM LANDS

Priority: Substantive, Nonsignificant

Legal Authority: Not Yet Determined

CFR Citation: 36 CFR 241; 36 CFR 251.50(a); 36 CFR 261.9(f)

Legal Deadline: None

Abstract: State Fish and Game agencies typically use piscicides as a tool for managing fish populations in water bodies of the U.S. At times, these State agencies apply piscicides when they conduct fisheries management on water within the National Forest Systems lands. Current regulations at 36 CFR 251.5 and 261.9(f), require permits for all land uses and prohibit the use of any pesticide on National Forest System lands “. . . except for personal use as an insect repellent or as provided by special-use authorization for other minor uses.” The wording in these regulations has led to confusion and inconsistent application of Forest Service piscicide-use policies that has delayed restoration projects and strained working relationships with State cooperators.

Therefore, the Forest Service is proposing that the regulations at 36

USDA—FS

Final Rule Stage

CFR part 241 (Fish and Wildlife), 36 CFR part 251, subpart B, (Special Uses, 251.50(a)), and 36 CFR part 261, subpart A (General Prohibitions, 36 CFR 261.9(f)) be modified to allow State Game and Fish agencies to apply piscicides without first having to obtain a special use authorization, under certain conditions. A special use authorization would still be required for piscicide application within wilderness areas. The regulation will produce an efficient and standardized national approach for the application of piscicides by State agencies on National Forest System lands while retaining the Forest Service's authority over such use.

Eliminating the Forest Service special use authorization requirement for this use is not expected to change the frequency of piscicide applications on National Forest System lands or change how piscicides are used. States are required to comply with other Federal laws when applying piscicides, such as the Federal Water Pollution Control Act, the Endangered Species Act, and the Federal Insecticide, Fungicide, and Rodenticide Act, as amended.

237. TRAVEL MANAGEMENT (FOREST SERVICE MANUAL 2300 AND 7700)

Priority: Substantive, Nonsignificant

Legal Authority: EO 11644; 36 CFR 212

CFR Citation: None

Legal Deadline: None

Abstract: The final regulation entitled "Travel Management; Designated

Routes and Areas for Motor Vehicle Use (36 CFR part 212)" was published on November 9, 2005 (70 FR 68264). The Forest Service plans to publish proposed directives to implement the regulation. The proposed directive changes are needed to provide guidance on implementation of the Travel Management regulation, conform terminology to the rule, and provide consistent direction on the process of designating roads, trails, and areas for motor vehicle use.

The changes consolidate policy for travel planning for roads and trails in FSM 7710, while retaining separate chapters related to operations and maintenance for roads (FSM 7730) and trails (FSM 2350). The changes would expand the scope of the current roads analysis process to encompass motorized trails and areas, while streamlining travel analysis to ensure that it is completed in a timely manner.

238. ADVERTISING AND SPONSORSHIP IN CONNECTION WITH CONCESSIONS INVOLVING PRIVATELY OWNED IMPROVEMENTS ON NATIONAL FOREST SYSTEM LANDS (FOREST SERVICE MANUAL 2340)

Priority: Substantive, Nonsignificant

Legal Authority: Not Yet Determined

CFR Citation: None

Legal Deadline: None

Abstract: The Forest Service is publishing a final directive to Forest Service Manual 2343.03 regarding (1) advertising in concessions involving

privately developed facilities operated under special use authorization on National Forest System (NFS) lands and (2) sponsorship of new public services associated with those concessions. With respect to advertising, the current policy addresses only exterior advertising while the final directive adds direction to allow the permit holder to advertise inside buildings and other interior spaces owned by the holder. With respect to sponsorship, the final directive adds new direction on sponsorships that promote public participation in the management of NFS lands. The final directive describes the duration, location, and content of recognition of sponsors. Additionally, the final directive addresses special events and waives a prohibition on exterior advertising during a short-term event and requires the holder to not display the Forest Service shield or other Agency symbol in conjunction with product names, services, and advertising.

Priority: Substantive, Nonsignificant

Legal Authority: EO 13112; 36 CFR 219.10(b)

CFR Citation: None

Legal Deadline: None

Abstract: The Forest Service is finalizing new directives at Forest Service Manual 2070, Native Plant Materials, which would address the uses of native plant materials in the

USDA—FS

Final Rule Stage

revegetation, restoration, and rehabilitation of National Forest System lands in order to achieve the Agency's goal of conserving aquatic and terrestrial biological diversity. The policy includes a requirement to collaborate with Federal, State, and local government entities and the public to develop and implement a program for native plant materials with emphasis on life forms beyond the current conifer effort.

240. FOREST SERVICE RENEWABLE RESOURCES HANDBOOK (2409.19), CHAPTER 60, STEWARDSHIP CONTRACTING

Priority: Substantive, Nonsignificant

Legal Authority: PL 108-278

CFR Citation: None

Legal Deadline: None

Abstract: Public Law 108-278, the Tribal Forest Protection Act, authorizes the Secretaries of the Interior and Agriculture, upon request of an Indian tribe to enter into an agreement or contract to carry out a project to protect Indian forest land that meets specified criteria to issue public notice of initiation of any necessary environmental review or of the

potential of entering into such an agreement or contract under which the Indian tribe would carry out certain activities. It authorizes the appropriate Secretary to enter into such an agreement or contract following completion of any necessary environmental analysis.

The Forest Service (FS) has issued an interim directive (ID) to Forest Service Handbook 2409.19 establishing guidance for evaluating proposals submitted by tribes. The intended effect of issuance of this ID is to provide consistent overall guidance to FS employees regarding tribal proposals. Forest Service is seeking comments on this interim directive to ensure that issues or deficiencies are addressed.

241. SMALL BUSINESS ADMINISTRATION TIMBER SALE SET-ASIDE PROGRAM

Priority: Substantive, Nonsignificant

Legal Authority: 36 CFR 223.118

CFR Citation: None

Legal Deadline: None

Abstract: The Forest Service is proposing a revision of its policy procedures in Forest Service Handbook 2409.18, Timber Sale Preparation Handbook, chapter 90, Programs With Small Business Administration, to drop structural changes in the Forest Service Directives. This proposed revision would better reflect the current timber sale program, make the recomputation process as fair as possible, and simplify the process by which market share is

determined. This proposed policy change would not affect scheduled recomputations and special recomputations.

242. FOREST SERVICE NATIONAL TRAIL MANAGEMENT CLASSIFICATION SYSTEM (FINAL DIRECTIVE, FSM 2330)

Priority: Substantive, Nonsignificant

Legal Authority: 36 CFR 212

CFR Citation: None

Legal Deadline: None

Abstract: On July 3, 2006, the Forest Service published a Notice in the Federal Register for public comment on the Agency's proposed revisions to the National Trail Class Management System and Trail Design Parameters. The Forest Service uses this system to classify National Forest System Trails into 5 classes: Trail Class 1- Minimal/Undeveloped; Trail Class 2- Simple/Minor Development; Trail Class 3- Developed/Improved; Trail Class 4- Highly Developed; and Trail Class 5- Fully Developed. These trail classes are assigned to existing trails according to the physical characteristics of the trail. The Forest Service has an estimated 133,000 miles of National Forest System Trails. The National Trail Class System is an internal agency tool that local Forest Service managers use to designate trail classes at the field level. The Trail Design Parameters are used as the technical guidelines for trail

USDA—FS

Final Rule Stage

construction and maintenance. Both of these tools are used internally by the Forest Service and are part of the national processes for evaluating the condition and design of Forest Service trails. These tools are used by the Forest Service to consistently inventory and classify trails. The Trails Classification System does not have any on-the-ground environmental impacts.

243. SENSITIVE SPECIES AND ENDANGERED SPECIES ACT CONSULTATION FOR LAND MANAGEMENT PLANS (FOREST SERVICE MANUAL 2670)

Priority: Substantive, Nonsignificant

Legal Authority: 16 USC 1531 et seq

CFR Citation: None

Legal Deadline: None

Abstract: The Forest Service needs to issue an interim directive to clarify sensitive species and Endangered Species Act consultation management with the 2005 Planning Rule prior to the approval of the first Forest Land Management Plan (LMP) under the 2005 National Forest Management Act (NFMA) Planning Rule. The Agency anticipates that the first LMP will be approved in late summer or autumn of 2006. After consideration of comments, the direction subsequently would be issued in a comprehensive amendment to Forest Service Manual (FSM) 2670. Direction issued to sections FSM 2670.45 and FSM 2670.46 would add responsibilities for those Forest

Supervisors and District Rangers who prepare Land Management Plans under the 2005 National Forest Management Act (NFMA) Planning Rule. The interim directive would describe changes necessary because of the different mechanisms and procedures in the 2005 NFMA Planning Rule to accomplish the plant community diversity and other requirements of the NFMA, and because these mechanisms and procedures are intended to implement the 2005 NFMA Planning Rule rather than the 1982 Planning Rule. The new policy would read, "The provisions contained in the FSM 2670 that apply to sensitive species and to conducting a biological evaluation for Land Management Plan (LMP) decisions made under the 2005 Planning Rule, do not apply to that LMP, once the plan is approved." Direction issued to sections FSM 2670.45 and FSM 2670.46 would add responsibilities for those Forest Supervisors and District Rangers who prepare Land Management Plans under the 2005 National Forest Management Act (NFMA) Planning Rule. The change is necessary because, by themselves, such LMPs have no effect on listed species or designated critical habitat under the Endangered Species Act that can be meaningfully identified and evaluated. The new policy would state, "A forest that revises its Land Management Plan (LMP) under the 2005 NFMA Planning Rule is subject to its regulations at 36 CFR 219.10, and to direction in FSM 1921.73, Ecological Evaluation of Sustainability, and Forest Service Handbook 1909.12, Land Management Planning Handbook. As a result, there would be no basis to request an ESA section 7(a)(2) jeopardy consultation on the LMP. In addition, all provisions contained in FSM 2670 that refer to identifying effects of forest plans to endangered and threatened species, to not jeopardizing species, or to using section 7(a)(2) formal consultation, do not apply to the development, amendment, revision, or implementation of LMPs. Collaboration with the United States Fish and Wildlife Service and National Marine Fisheries Service under section 7(a)(1) on LMP programs for the conservation of endangered and threatened species would continue."

The proposed changes are expected to provide more effective implementation of the 1982 and 2005 NFMA planning regulations and a better field

understanding of applicable policies on these topics.

244. • LAND MANAGEMENT PLANNING HANDBOOK, LAND MANAGEMENT PLAN (FSH 1909.12, CHAPTER 10)

Priority: Substantive, Nonsignificant

Legal Authority: 36 CFR 219

CFR Citation: None

Legal Deadline: None

Abstract: The Forest Service plans to issue an interim directive to FSH 1909.12, chapter 10, which was last issued January 31, 2006, and in addition, plans to publish notice in the Federal Register of a 60-day comment period. There is an immediate need to issue interim direction in the Forest Service Handbook to aid consistent interpretation and application of the direction on land management planning by agency personnel.

The interim directive would make minor changes in the guidance for writing plan components, the monitoring program, and consideration of individual resources. The need for these changes is based on reviews of proposed land management plans under the 2005 planning rule. Specific changes include the guidance about writing desired conditions, objectives, and the suitability of areas. For desired conditions, guidance is needed to require additional specificity. For objectives, additional guidance is needed. For suitability of areas, guidance is needed to require general suitability of variety of multiple uses,

USDA—FS

Final Rule Stage

such as outdoor recreation, range, timber, watershed, or wildlife and fish purposes and not tools such as prescribed fire.

245. • SACRED SITES MANAGEMENT, TRIBAL GOVERNMENT RELATIONS (FSM 1560)

Priority: Substantive, Nonsignificant

Legal Authority: EO 13007

CFR Citation: None

Legal Deadline: None

Abstract: To implement Executive Order (E.O.) 13007, Indian Sacred Sites, the Forest Service is preparing policy for managing sites located on National Forest System lands that are held sacred by Native American tribes and individuals. This E.O. directs Federal agencies to (1) accommodate access to and ceremonial use of Indian sacred sites by Indian religious practitioners and (2) avoid adversely affecting the physical integrity of such sacred sites. Agencies are instructed to, where appropriate, maintain the confidentiality of sacred sites.

The proposed policy also consolidates and incorporates the separate yet related aspects of the American Indian Religious Freedom Act (AIRFA), the National Historic Preservation Act (NHPA), the Religious Freedom Restoration Act (RFRA), the Native American Graves Protection and Repatriation Act (NAGPRA), and E.O. 13175 (Consultation and Coordination with Indian Tribal Governments).

The Forest Service plans to publish an interim directive to allow management of sacred sites in the spirit of E.O. 13007 while the final directive is being prepared. The interim directive will be published with request for comment in

the Federal Register, seeking feedback from the public and other government sources. At the same time, the Forest Service will actively conduct consultation with Native American Tribes. Comments received will be considered after Tribal consultations are complete, for inclusion in a final directive to be set out in Forest Service Manual (FSM) 1560, Tribal Government Relations.

Priority: Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

Legal Authority: Not Yet Determined

CFR Citation: Not Yet Determined

Legal Deadline: None

Abstract: On December 6, 2000, the National Science and Technology Council, Office of Science and Technology Policy of the Executive Office of the President (OSTP), published in the Federal Register (65

FR 76260) the Federal Policy on Research Misconduct (OSTP Policy) as a final Governmentwide policy addressing research misconduct to establish: (1) Uniformity among the Federal agencies' definition of research misconduct and (2) consistency in their processes for responding to allegations of research misconduct. The proposed regulation will establish U.S. Department of Agriculture (USDA or the Department) policy for implementation of the OSTP Federal Policy on Research Misconduct for extramural research.

263. GENERAL NONPROCUREMENT REGULATIONS

Priority: Substantive, Nonsignificant

Legal Authority: 5 USC 301; 5 USC 901 et seq

CFR Citation: 7 CFR 3020

Legal Deadline: None

Abstract: USDA published 7 CFR part 3015, Uniform Federal Assistance Regulations, in 1981 to establish and codify departmentwide policies and standards for administering grants and cooperative agreements to governmental and nongovernmental entities. Since that time, the Office of Management and Budget has led efforts to establish Governmentwide common rules for governmental and nongovernmental recipients of grants and cooperative agreements. Consequently, over the years, USDA has codified its Governmentwide common rules in other parts of title 7 of the CFR. This has resulted in corresponding amendments to part 3015 to revise its scope accordingly. We are proposing to remove part 3015 and to add part 3020 to parts of title 7. We are proposing to include other administrative requirements that were never codified. The alternative would be to continue to work with the disjointed, outdated part 3015. Expected results are that the new part 3020 will be more clear and concise and will only contain those cross-cutting requirements not included in other USDA departmentwide administrative regulations.

267. RURAL BUSINESS INVESTMENT PROGRAM

Priority: Other Significant

Legal Authority: PL 107-171, sec 6029

CFR Citation: 7 CFR 4290

Legal Deadline: None

Abstract: The Agency publish an interim rule on June 8, 2004 [69 FR 32200], to implement the provisions of section 6029 of the Farm Security and Rural Investment Act, which authorizes the Rural Business Investment Program. The purpose of the program is the establishment of equity capital investment in Rural Business Investment Companies and other entities through a combination of grants and guarantees of debentures with the objective of fostering economic development in rural areas. By law, the

program is required to be administered by another Federal agency that has considerable expertise in operating a similar program. The Rural Business-Cooperative Service has contracted with the Small Business Administration. The Agency now intends to publish an Advanced Notice of Proposed Rulemaking seeking public comments regarding the possibility of operating the Rural Business Investment Program to provide for non-leveraged rural business investment companies.

**269. AMENDMENT OF GUARANTEE
 REQUIREMENTS**

Priority: Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

Legal Authority: 5 USC 301; 7 USC 1932, note; 7 USC 1989; 31 USC 3716; 412 USC 1480

CFR Citation: 7 CFR 1951, subpart C

Legal Deadline: None

Abstract: The Agency proposes to add a paragraph providing that any amounts paid by the Agency pursuant to a claim by a guaranteed lender will constitute a Federal debt owing to the Agency by any third-party guarantor of the defaulted loans, to the extent of the amount of the third-party guarantee.

A final rule was published on January 22, 2004 [69 FR 2999], adding section 1951.133 that provides any amounts paid by the Agency on account of the liabilities of guaranteed loan borrower

constitute a Federal debt owing to the agency by the guaranteed loan borrower for purposes of the Debt Collection Improvement Act of 1996 (31 U.S.C. 3716) (DCIA), to collect the debt. This proposed rulemaking will have the effect of making the DCIA remedies available to the Agency for pursuing collection against third-party guarantors as well.

Priority: Other Significant. Major status under 5 USC 801 is undetermined.

Legal Authority: 5 USC 301; 7 USC 1989

CFR Citation: 7 CFR 4279; 7 CFR 4287

Legal Deadline: None

Abstract: The Socio-Economic Benefit Assessment System (SEBAS) requires specific items of project information to estimate the performance and economic effectiveness of Business and Industry Guaranteed Loans. At present, the information needed to generate SEBAS performance reports is not required by regulation. The proposed action will revise the identified regulations to require information necessary to generate performance output data from SEBAS. Specifically, detailed sales and wage information and a list of expenses related to applicant operations.

Priority: Substantive, Nonsignificant

Legal Authority: 7 USC 901 et seq; 7 USC 1921 et seq; 7 USC 6941 et seq

CFR Citation: 7 CFR 1717-R

Legal Deadline: None

Abstract: USDA Rural Development Utilities Programs (Agency) proposes to amend its regulations on lien accommodations and subordinations. The rule proposes to remove the procedures where case-by-case USDA Rural Development approval of the issuance of additional secured debt is required and establish those procedures: Eligible financing purposes, decision factors for granting lien accommodations, application content and timeframe, in an agency guide bulletin. This proposed rule will focus on lien accommodation policies and establish a more user-friendly regulation for lien accommodation and subordination for 100 percent private

financing. The Agency proposes this clarification of the rule and update to the existing lien accommodation and subordination regulations in its ongoing effort to maintain current program rules.

RURAL BROADBAND ACCESS LOANS AND LOAN GUARANTEES****Priority:** Other Significant**Legal Authority:** PL 107-171; 7 USC 901 et seq**CFR Citation:** 7 CFR 1738**Legal Deadline:** None**Abstract:** There has been more than \$1.1 billion in loans for broadband deployment with more than 1,000 rural communities that will receive broadband services. Even with this level of success, the programs needs to be adjusted to better serve unserved or underserved communities. In response, we are proposing new rules that seek to address this and other critical issues, and further facilitate the deployment of broadband service in rural America as directed by Congress. The following is a summary of the major issues addressed by the proposed rulemaking:

(1) Clearly define served, underserved markets based on service availability and existing competitors and target unserved an underserved areas; (2) Provide potential applicants with a clear definition of which communities are eligible for funding; (3) Establish a new standard for minimum data transmission rate; (4) Establish equity requirements that mitigate risks; (5) Modify market survey requirements based on service territories and existing availability of service; and (6) Impose new time limits for build-out and deployment to ensure prudent use of loan funds and timely delivery services to rural customers.

284. PUBLIC TELEVISION STATION DIGITAL TRANSITION GRANT PROGRAM

Priority: Substantive, Nonsignificant

Legal Authority: PL 108-447

CFR Citation: 7 CFR 1740

Legal Deadline: None

Abstract: The Federal Communications Commission had required all television broadcasters to initiate the broadcast of a digital television signal and to cease analog television broadcasts. To assist stations with the transition, Congress recognized the need to facilitate the

digital transition in public television stations that serve rural areas. This grant program will assist rural public television to finance the conversion of television services to digital broadcasting. To continue this program in FY 2005, Congress provided \$10 million for grant funds in the Consolidated Appropriations Act, 2005 (Pub. L. 108-447). Congress also authorized additional purposes, which were specifically excluded in the NOFA. This regulation will incorporate the new statutory requirements and updates this competitive grant program.

285. RURAL AREA DEFINITIONS FOR RURAL DEVELOPMENT WEP PROGRAMS

Priority: Substantive, Nonsignificant

Legal Authority: 5 USC 301; 7 USC 1989; 16 USC 1005

CFR Citation: 7 CFR 1775; 7 CFR 1778; 7 CFR 1779; 7 CFR 1780; 7 CFR 1783

Legal Deadline: None

Abstract: USDA Rural Development Utilities Programs is issuing a regulation to standardize the definition of "rural" and "rural area" to implement section 6020 of the Farm Security and Rural Investment Act of 2002, to amend section 343(13)(B) of the Consolidated Farm and Rural Development Act, which defines the term "rural" and "rural area" for the purpose of water and waste disposal grants, and direct and guarantee loans provided under paragraphs (1), (2), and (24) of section 306(a). This rule will create a standard definition of "rural" and "rural area" with respect to Rural Development Water and Environmental Programs in 7 CFR 1775, 1778, 1779, 1780, and 1783.
