

UNITED STATES DEPARTMENT OF EDUCATION

OFFICE OF SPECIAL EDUCATION AND REHABILITATIVE SERVICES

JUN 6 2008

Honorable Paul G. Pastorek
State Superintendent of Education
Louisiana State Department of Education
P.O.Box 94064
Baton Rouge, LA 70804-9064

Dear Superintendent Pastorek:

Thank you for the timely submission of Louisiana's FFY 2006 Annual Performance Report (APR) and revised State Performance Plan (SPP) under Part B of the Individuals with Disabilities Education Act (IDEA), as amended in 2004. We also acknowledge the revisions to Louisiana's APR received on April 14, 2008. We appreciate the State's efforts in preparing these documents.

The Department has determined that, under IDEA section 616(d), Louisiana needs assistance in meeting the requirements of Part B of the IDEA. The Department's determination is based on the totality of the State's data and information including the State's FFY 2006 APR and revised SPP, other State-reported data, and other publicly available information. See the enclosure entitled "How the Department Made Determinations under Section 616(d) of the IDEA in 2008" for further details.

Specific factors affecting OSEP's determination of needs assistance for Louisiana included that the State: (1) reported 90.8% compliance for Indicator 12 with progress from 64.6% and did not demonstrate correction; (2) reported 76% compliance for Indicator 13 with progress from 31% and did not demonstrate correction; (3) reported 92.4% compliance for Indicator 15; and (4) did not provide valid and reliable data for compliance Indicators 9 and 10. We also considered that the State did not report on whether noncompliance that it identified in FFY 2004 and had not corrected by the submission of the FFY 2005 APR had been corrected, and that the State did not report on completion of the review of policies, procedures and practices required by 34 CFR §300.170 for districts with significant discrepancies in discipline of children with disabilities, as directed by OSEP's June 15, 2007 SPP/APR response table. For these reasons, we were unable to determine that your State met requirements under section 616(d). OSEP notes other areas that reflect a high level of performance for Indicators 11, 16 and 17. We hope that the State will be able to demonstrate that it meets requirements in its next APR.

The enclosed table provides OSEP's analysis of the State's FFY 2006 APR and revised SPP and identifies, by indicator, OSEP's review of any revisions made by the State to its targets, improvement activities (timelines and resources) and baseline data in the State's SPP. It also identifies, by indicator, the State's status in meeting its targets, whether the

Our mission is to ensure equal access to education and to promote educational excellence throughout the Nation.

State's data reflect progress or slippage, and whether the State corrected noncompliance and provided valid and reliable data.

The State's determination for the FFY 2005 APR also was needs assistance. In accordance with section 616(e) of the IDEA and 34 CFR §300.604, if a State is determined to need assistance for two consecutive years, the Secretary must take one or more of the following actions: (1) Advise the State of available sources of technical assistance that may help the State address the areas in which the State needs assistance; (2) Direct the use of State-level funds on the area or areas in which the State needs assistance; or (3) Identify the State as a high-risk grantee and impose special conditions on the State's Part B grant award. Pursuant to these requirements, the Secretary is advising the State of available sources of technical assistance related to Indicator 9 - disproportionate representation – child with a disability, Indicator 10 - disproportionate representation – specific disability categories, Indicator 12 – early childhood transition, Indicator 13 - secondary transition, and Indicator 15 - timely correction of noncompliance. A list of sources of technical assistance related to these indicators is available by clicking on the "TA Related to Determinations" box on the opening page of the **SPP/APR Planning Calendar** website at <http://www.rrfcnetwork.org/content/view/458/414/>. You will be directed to a list of indicators. Click on specific indicators for a list of centers, documents, web seminars and other sources of relevant technical assistance for that indicator.

Your State must report with its FFY 2007 APR submission (due February 1, 2009) on: (1) the technical assistance sources from which the State received assistance and (2) what actions the State took as a result of that technical assistance. The extent to which your State takes advantage of available technical assistance may affect the actions we take under section 616 should your State not be identified as meets requirements next year.

As required by section 616(e) (7) and 34 CFR §300.606, the State must notify the public that the Secretary of Education has taken the above enforcement action. This notification must be sufficient to notify the public within the State and may include such mechanisms as posting on the agency's website, distribution through the media and distribution through public agencies.

As you know, your State must report annually to the public on the performance of each local educational agency (LEA) located in the State on the targets in the SPP under IDEA section 616(b)(2)(C)(ii)(I). In addition, your State must review LEA performance against targets in the State's SPP, determine if each LEA meets the requirements of the IDEA and inform each LEA of its determination. For further information regarding these requirements, see SPP/APR Guidance Materials at <http://www.rrfcnetwork.org/>. Finally, if you included revisions to baseline, targets or improvement activities in your APR submission, and OSEP accepted those revisions, please ensure that you update your SPP accordingly and that the updated SPP is made available to the public.

OSEP is committed to supporting Louisiana's efforts to improve results for children with disabilities and looks forward to working with your State over the next year. If you have any questions, would like to discuss this further, or want to request technical assistance, please do not hesitate to call Marion Crayton, your OSEP State Contact, at 202-245-6474.

Sincerely,

William W. Knudsen
