**MEMORANDUM**

**TO:** Chief State School Officers, State Directors of Special Education, and State Data Managers

**FROM:** Patricia J. Guard, Acting Director *Patricia J. Guard*  
Office of Special Education Programs (OSEP)

**SUBJECT:** Part B State Performance Plan (Part B – SPP) and Part B Annual Performance Report (Part B – APR)

**ACTION**

**REQUIRED:** Submission of the Part B Annual Performance Report and Revisions to the Part B State Performance Plan by February 1, 2008

In accordance with 20 U.S.C. 1416(b)(1) of Part B of the Individuals with Disabilities Education Act (IDEA or Part B), each State has in place a Part B State performance plan (Part B - SPP) that evaluates the State's efforts to implement the requirements and purposes of Part B and describes how the State will improve such implementation. In accordance with 20 U.S.C. 1416(b)(2)(C)(ii) and 34 CFR §300.602, each State must report annually to the public on the performance of each local educational agency (LEA) located in the State on the targets in its Part B - SPP. The State also must report annually to the Secretary on the State's performance under its Part B - SPP. This report is called the Part B Annual Performance Report (Part B – APR).

The enclosed Information Collection 1820-0624, *Part B State Performance Plan (Part B – SPP) and Annual Performance Report (Part B – APR)*, contains both Part B – SPP and Part B – APR instructions. Note that the enclosed materials were e-mailed to your State on October 25<sup>th</sup> and

posted on the Department's Web site on October 29th. In addition, an Indicator Support Grid was issued by OSEP on October 25<sup>th</sup> to provide further assistance and a technical assistance conference call was held on November 15, 2007 to guide States through the package.

The instruction sheet in the enclosed Information Collection is divided into four sections: 1) General Instructions; 2) State Performance Plan; 3) Annual Performance Report; and 4) Related Requirements. States are encouraged to make note of the following due dates and implement a development schedule accordingly:

**By February 1, 2008**, States must submit:

- 1) Baseline, targets, and improvement activities (using the SPP template) for Indicator 14 and progress data and improvement activities for Indicator 7. In addition, the State must indicate where, on its Web site, a complete copy of the State's revised SPP (including Indicator 14) is available.
- 2) The State's FFY 2006 Part B APR, which must contain actual target data from the FFY 2006 reporting period (July 1, 2006 through June 30, 2007) and other responsive APR information for Indicators 1, 2, 3, 4A, 5, 8, 9, 10, 11, 12, 13, 15, 16, 17, 18, 19, and 20. For Indicators 1 and 2, States are not required to report the percent of all youth graduating or dropping out. Note: The instructions for collecting preschool least restrictive environment (LRE) data under section 618 State-reported data requirements were revised for the 2006-2007 school year. The new preschool LRE 618 collection is significantly different from the previous collection, and not consistent with Indicator 6; therefore, States need not report on Indicator 6 for FFY 2006.
- 3) Information to address any deficiencies identified in OSEP's letter responding to the State's February 1, 2007 SPP/APR.

When completing the SPP and APR, States will need to use the following parts of Information Collections 1820-0624, 1820-0677, and 1820-0659.

SPP Materials –

- SPP Instructions (See Section II of the enclosed Instructions.)
- Part B Indicator/Measurement Table with Instructions<sup>1</sup>
- SPP Template

APR Materials –

- APR Instructions (See Section III of the enclosed Instructions.)
- Part B Indicator/Measurement Table with Instructions
- For the FFY 2006 APR, use Table 7 of Information Collection 1820-0677 when addressing Indicators 16, 17, 18, and 19.
- For the FFY 2006 APR, use Table 6 of Information Collection 1820-0659 when addressing Indicator 3.
- APR Template

As noted in the conference report to IIR 1350, it is Congress' expectation that SPPs, indicators,

---

<sup>1</sup> Monitoring Priorities, Indicators, and measurements included on the *Part B Indicator Measurement Table* are to be used to populate designated sections of the SPP and APR Templates. Populated templates can be found at <http://www.gd.gov/policy/speced/guid/idca/bapr/0707101ex.html>.

and targets will be developed with broad stakeholder input and public dissemination. Therefore, the State was required to provide information in the Overview to State Performance Plan Development section of the SPP template to specify how the State: 1) Obtained "broad input" from stakeholders related to "New Indicators"; and 2) Disseminated the SPP to the public. States should get broad stakeholder input when revising the SPP, including revisions to targets.

Similarly, in the APR, the State is to provide a description of the process the State used to develop the APR. The description must include how and when the State will report annually to the public on: 1) the State's progress and/or slippage in meeting the "measurable and rigorous targets" found in the SPP; and 2) the performance of each LEA located in the State on the targets in the SPP.

The Department will review the information provided in the State's FFY 2006 APR, other State-reported data, information obtained through monitoring visits, and other public information and will determine, under IDEA section 616(d), if the State meets the purpose and requirements of Part B of the IDEA or needs assistance, needs intervention or needs substantial intervention in meeting the requirements of Part B of the IDEA. The State should review IDEA section 616(e) regarding the potential future impact of the Department's determination.

The Department's determination will be based on the totality of the State's data in its APR and other publicly available information, including any compliance issues. The factors in each State's FFY 2006 APR submission that the Department will consider in making its determination are whether the State: (1) provided valid and reliable FFY 2006 data that reflect the measurement for each indicator; and (2) for each compliance indicator, whether the State: (a) demonstrated compliance or timely correction of noncompliance, and (b) in instances where it did not demonstrate compliance, had nonetheless made progress in ensuring compliance over prior performance in that area. We will also consider whether the State has other IDEA compliance issues that were identified previously through the Department's monitoring, audit or other activities, and the State's progress in resolving those problems and whether the State provided the additional information requested in OSEP's June 15, 2007 response table. In addition, we will consider whether the State has reported publicly on the performance of each LEA on the State's FFY 2005 SPP targets. If we have not been able to locate this public reporting on your Web site, we will contact you shortly to notify you of this issue.

Prior to finalizing the Department's determination, OSEP will offer the State the opportunity to clarify or correct the data submitted in its FFY 2006 SPP/APR. OSEP will email each State Director a summary of the State's February 1, 2008, FFY 2006 data that OSEP will consider in making the Department's determination under IDEA section 616(d). The State will have one week to submit to OSEP by e-mail any corrected data and to clarify any misunderstandings by OSEP about the data submitted. In order for the State's clarifications or corrections to data to be considered, the State's response must be received by OSEP no later than close-of-business one week from receipt of OSEP's summary. If the State submits clarifications or corrections to data that were in the original FFY 2006 SPP/APR submission, it must also submit a complete revised SPP/APR submission with any changes redlined or highlighted. Any clarifications or corrected FFY 2006 SPP/APRs must be submitted electronically to OSERS.bapr@ed.gov.

Please note that any State that does not meet the February 1, 2008 timeline for submission will not be permitted to submit clarifications or corrections for purposes of the Department's determination under IDEA section 616(d).
