## OMB Director Daniels Praises House on Passage of Budget Resolution Conference Report

**Washington, DC, May 9, 2001** – Office of Management and Budget Director Mitchell E. Daniels, Jr. today praised the House of Representatives for passing the FY 2002 Budget Resolution Conference Report, thereby committing to needed tax relief and providing for responsible spending growth.

“Passage in the House of the Budget Resolution Conference Report locks in two important priorities of the President and the nation – tax relief and moderate spending growth. The Administration looks forward to working with the House and Senate in the coming months to ensure that the budget framework passed today governs throughout the appropriations process. Chairman Jim Nussle did a superb job of shepherding the resolution to fruition, and he deserves the thanks of all American taxpayers,” said Director Daniels.
