As part of the 2004 Budget, the Administration is requesting a consolidation and financial realignment of the Executive Office of the President (EOP) accounts that directly support the President. The initiative would consolidate the annual appropriations of the Compensation of the President and White House Office (including resources for the Office of Homeland Security), Executive Residence, White House Repair and Restoration, the Office of Policy Development, the Council of Economic Advisers, the National Security Council, and the Office of Administration, into a single appropriation called "The White House."

Also included as part of the requested consolidation is a title VI general provision that would provide for a 10 percent transfer authority among the following accounts: The White House, Special Assistance to the President and Official Residence of the Vice President, Office of Management and Budget, United States Trade Representative, Office of National Drug Control Policy, Council on Environmental Quality, and the Office of Science and Technology Policy. Transfers from the Special Assistance to the President and the Official Residence of the Vice President account are subject to the approval of the Vice President.

This initiative provides enhanced flexibility in allocating resources and staff in support of the President and Vice President, and permits more rapid response to changing needs and priorities.

This White House account, with estimated 2004 costs, includes: Compensation of the President and the White House Office (\$70.7 million—including the Office of Homeland Security), the Executive Residence at the White House (\$12.5 million), White House Repair and Restoration (\$4.2 million), Council of Economic Advisors (\$4.5 million), Office of Policy Development (\$4.1 million), National Security Council (\$10.6 million), and the Office of Administration (\$77.2 million).
