must provide to the subscribers on monthly bills the name, mailing address and phone number of the franchising authority, unless the franchising authority in writing requests that the cable operator omits such information. The cable operator must also provide subscribers with the FCC community unit identifier for the cable system in their communities.

47 CFR Section 76.990(b)(1) requires that a small cable operator, may certify in writing to its franchise authority at any time that it meets all criteria necessary to qualify as a small operator. Upon request of the local franchising authority, the operator shall identify in writing all of its affiliates that provide cable service, the total subscriber base of itself and each affiliate, and the aggregate gross revenues of its cable and non-cable affiliates. Within 90 days of receiving the original certification, the local franchising authority shall determine whether the operator qualifies for deregulation and shall notify the operator in writing of its decision, although this 90-day period shall be tolled for so long as it takes the operator to respond to a proper request for information by the local franchising authority. An operator may appeal to the Commission a local franchise authority's information request if the operator seeks to challenge the information request as unduly or unreasonably burdensome. If the local franchising authority finds that the operator does not qualify for deregulation, its notice shall state the grounds for that decision. The operator may appeal the local franchising authority's decision to the Commission within 30 days.

47 CFR Section 76.990(b)(3) requires that within 30 days of being served with a local franchising authority's notice that the local franchising authority intends to file a cable programming services tier rate complaint, an operator may certify to the local franchising authority that it meets the criteria for qualification as a small cable operator. This certification shall be filed in accordance with the cable programming services rate complaint procedure set forth in § 76.1402. Absent a cable programming services rate complaint, the operator may request a declaration of CPST rate deregulation from the Commission pursuant to § 76.7.

On March 26, 1999, the Commission released a *Report and Order*, FCC 99-12, CS Docket 98-132, that among other things removed the requirements of 76.1404. With this submission we have removed the associated burdens.

Proposal To Approve Under OMB Delegated Authority the Extension for Three Years, With Revision, of the Following Reports

1. *Report title:* Survey of Terms of Lending.

Agency form number: FR 2028A, FR 2028B, and FR 2028S.

OMB control number: 7100-0061.

Frequency: Quarterly.

Reporters: Commercial banks and U.S. branches and agencies of foreign banks (FR 2028A and FR 2028S only).

Annual reporting hours: 6,840 hours.

Estimated average hours per response: FR 2028A, 3.4 hours; FR 2028B, 1.2 hours; and FR 2028S, 0.1 hours.

Number of respondents: FR 2028A, 398; FR 2028B, 250; and FR 2028S, 567.

General description of report: This information collection is authorized by section 11(a)(2) of the Federal Reserve Act [12 U.S.C. 248(a)(2)] and is voluntary. Individual responses are regarded as confidential under the Freedom of Information Act [5 U.S.C. 552(b)(4)].

Abstract: The Survey of Terms of Lending provides unique information concerning both price and certain nonprice terms of loans made to businesses and farmers during the first full business week of the mid-month of each quarter (February, May, August, and November). The survey comprises three reporting forms: The FR 2028A, Survey of Terms of Business Lending; The FR 2028B, Survey of Terms of Bank Lending to Farmers; and the FR 2028S, Prime Rate Supplement to the Survey of Terms of Lending. The FR 2028A and FR 2028B collect detailed data on individual loans made during the survey week, and the FR 2028S collects the prime interest rate for each day of the survey from both FR 2028A and FR 2028B respondents. From these sample data, estimates of the terms of business loans and farm loans extended during the reporting week are constructed. The aggregate estimates for business loans are published in the quarterly E.2 release, *Survey of Terms of Business Lending*, and aggregate estimates for farm loans are published in the quarterly E.15 release, *Agricultural Finance Databook*.

Current Actions: The Federal Reserve proposes to revise the FR 2028A by increasing to \$7,500 the minimum loan size that must be reported and to clarify the instructions about certain types of loans. These revisions would be implemented effective for the February 2009 survey week. No changes are proposed to the FR 2028S.

2. *Report title:* Report of Terms of Credit Card Plans.

Agency form number: FR 2572.

OMB control number: 7100-0239.

Frequency: Semi-annual.

Reporters: Commercial banks, savings banks, industrial banks, and savings and loans associations.

Annual reporting hours: 75 hours.

Estimated average hours per response: 0.25 hours.

Number of respondents: 150.

General description of report: This information collection is voluntary (15 U.S.C. § 1646(b)) and is not given confidential treatment.

Abstract: This report collects data on credit card pricing and availability from a sample of at least 150 financial institutions that offer credit cards to the general public. The information is reported to the Congress and made available to the public in order to promote competition within the industry.

Current Actions: The Federal Reserve proposes to move the contact information from the end of the reporting form to the front of the reporting form, include a new line for the contact's e-mail address, and provide examples for columns A and D and items 56 thru 58 in the instructions to improve data quality.

3. *Report title:* The Report of Transaction Accounts, Other Deposits and Vault Cash.

Agency form number: FR 2900.

OMB control number: 7100-0087.

Frequency: Weekly, quarterly.

Reporters: Depository institutions.

Annual reporting hours: 615,902 hours.

Estimated average hours per response: 3.50 hours.

Number of respondents: 2,996 weekly and 5,045 quarterly.

General description of report: This information collection is mandatory (12 U.S.C. 248(a), 461, 603, and 615) and is given confidential treatment (5 U.S.C. 552(b)(4)).

Abstract: Nonexempt institutions—defined as those with net transaction accounts greater than the exemption amount or with the sum of total transaction accounts, savings deposits, and small time deposits equal to or greater than the reduced reporting limit—file the fifteen-item FR 2900

weekly if the sum of their total transaction accounts, savings deposits, and small time deposits is equal to or greater than the nonexempt deposit cutoff and quarterly if the sum of their total transaction accounts, savings deposits, and small time deposits is less than the nonexempt deposit cutoff. U.S. branches and agencies of foreign banks and banking Edge and agreement corporations are required to submit FR 2900 data weekly regardless of their deposit size. These mandatory data are used by the Federal Reserve for administering Regulation D (Reserve Requirements of Depository Institutions) and for constructing, analyzing, and monitoring the monetary and reserve aggregates.

Current actions: The Federal Reserve proposes to: (1) Replace the term "operations subsidiary" with "majority-owned subsidiary" in the FR 2900 reporting instructions and (2) incorporate the proposed amendments to Regulation D into the FR 2900 reporting instructions. In addition, the Federal Reserve proposes to reorganize and reformat the FR 2900 reporting instructions to enhance their clarity.

4. *Report title:* The Annual Report of Deposits and Reservable Liabilities.

Agency form number: FR 2910a.

OMB control number: 7100-0175.

Frequency: Annually.

Reporters: Depository institutions.

Annual reporting hours: 3,659 hours.

Estimated average hours per response: 0.75 hours.

Abstract: Currently, the three-item FR 2910a is generally filed by exempt institutions whose net transaction accounts are less than or equal to the exemption amount and whose sum of total transaction accounts, savings deposits, and small time deposits is less than the reduced reporting limit but total deposits are greater than the exemption amount. Respondents submit single-day data as of June 30. These mandatory data are used by the Federal Reserve for administering Regulation D (Reserve Requirements of Depository Institutions) and for constructing, analyzing, and monitoring the monetary and reserve aggregates.

Current actions: The Federal Reserve proposes to: (1) Replace the term "operations subsidiary" with "majority-owned subsidiary" in the FR 2910a reporting instructions and (2) incorporate the proposed amendments to Regulation D into the FR 2910a

reporting instructions. In addition, the Federal Reserve proposes to reorganize and reformat the FR 2910a reporting instructions to enhance their clarity.
