

This action amends the Mexican fruit fly regulations by removing a portion of Webb County, TX, from the list of quarantined areas.

The Regulatory Flexibility Act requires that agencies consider the economic impact of their rules on small entities. The Small Business Administration (SBA) has established size standards for determining which economic entities meet the definition of a small firm. The SBA classifies entities that would normally be affected by a quarantine for the Mexican fruit fly, growers of oranges (NAICS category 111310), citrus (except orange) groves (NAICS category 111320), apple orchards (NAICS category 111331), and other non-citrus farming (NAICS category 111339), as small businesses if their annual receipts are \$750,000 or less. Any infestation by Mexican fruit fly could result in an increase in producer costs for pesticides and their application and a reduction in production and revenue. However, according to the 2002 Census of Agriculture, there were no commercial farms growing these commodities in Webb County, TX.

County records indicate there are approximately 1 airport, 4 bus terminals, 2 cargo freight forwarders, 2 distributors, 1 food bank, 2 nurseries, and 128 fruit sellers within the area that may be affected by this rule.

We expect that any small entities located within the area that sell regulated articles do so primarily for local intrastate, not interstate, movement, so the effect, if any, of this rule on these entities appears to be minimal. The effect on any small entities that may move regulated articles interstate has been minimized by the availability of various treatments that, in most cases, allow these small entities to move regulated articles interstate with very little additional cost. Thus, just as the previous interim rule establishing the quarantined area in Webb County, TX, had little effect on the small entities in the area, the lifting of the quarantine in the current interim rule will also have little effect.

Under these circumstances, the Administrator of the Animal and Plant Health Inspection Service has determined that this action will not have a significant economic impact on a substantial number of small entities.

Executive Order 12372

This program/activity is listed in the Catalog of Federal Domestic Assistance under No. 10.025 and is subject to Executive Order 12372, which requires intergovernmental consultation with

State and local officials. (See 7 CFR part 3015, subpart V.)

FEDERAL RESERVE SYSTEM

12 CFR Part 229

[Regulation CC; Docket No. R–1289]

Availability of Funds and Collection of Checks

AGENCY: Board of Governors of the Federal Reserve System.

ACTION: Final rule; technical amendment.

SUMMARY: The Board of Governors is amending appendix A of Regulation CC to delete the reference to the head office of the Federal Reserve Bank of San Francisco and reassign the Federal Reserve routing symbols currently listed under that office to the Los Angeles branch office of the Federal Reserve Bank of San Francisco. These amendments will ensure that the information in appendix A accurately describes the actual structure of check processing operations within the Federal Reserve System.

DATES: The final rule will become effective on August 18, 2007.

FOR FURTHER INFORMATION CONTACT: Jack K. Walton II, Associate Director (202/452–2660), or Joseph P. Baressi, Financial Services Project Leader (202/452–3959), Division of Reserve Bank Operations and Payment Systems; or Adrienne G. Threatt, Counsel (202/452–3554), Legal Division. For users of Telecommunications Devices for the Deaf (TDD) only, contact 202/263–4869.

SUPPLEMENTARY INFORMATION: Regulation CC establishes the maximum period a depository bank may wait between receiving a deposit and making the deposited funds available for withdrawal.¹ A depository bank generally must provide faster availability for funds deposited by a local check than by a nonlocal check. A check drawn on a bank is considered local if it is payable by or at a bank located in the same Federal Reserve check processing region as the depository bank. A check drawn on a nonbank is considered local if it is payable through a bank located in the same Federal Reserve check processing region as the depository bank. Checks that do not meet the requirements for local checks are considered nonlocal.

Appendix A to Regulation CC contains a routing number guide that assists banks in identifying local and nonlocal banks and thereby determining the maximum permissible hold periods for most deposited checks. The appendix includes a list of each Federal Reserve check processing office and the first four digits of the routing number, known as the Federal Reserve routing symbol, of each bank that is served by that office for check processing purposes. Banks whose Federal Reserve routing symbols are grouped under the same office are in the same check processing region and thus are local to one another.

¹ For purposes of Regulation CC, the term “bank” refers to any depository institution, including commercial banks, savings institutions, and credit unions.

As explained in the Board's final rule published in the **Federal Register** on May 18, 2007, the Federal Reserve Banks have decided to restructure their check processing services by reducing further the number of locations at which they process checks.² The Board issues separate final rules amending appendix A for each phase of the restructuring, and the amendments set forth in this notice are such final rules.³

As part of the restructuring process, the head office of the Federal Reserve Bank of San Francisco will cease processing checks on August 18, 2007. As of that date, banks with routing symbols currently assigned to the San Francisco head office for check processing purposes will be reassigned to the San Francisco Reserve Bank's Los Angeles branch office. As a result of this change, some checks that are drawn on and deposited at banks located in the affected check processing regions and that currently are nonlocal checks will become local checks subject to faster availability schedules.

To assist banks in identifying local and nonlocal banks, the Board accordingly is amending the lists of routing symbols assigned to Twelfth District check processing offices to conform to the transfer of operations from the San Francisco head office to the Los Angeles branch office. To coincide with the effective date of the underlying check processing changes, the amendments are effective August 18, 2007. The Board is providing advance notice of these amendments to give affected banks ample time to make any needed processing changes. The advance notice also will enable affected banks to amend their availability schedules and related disclosures, if necessary, and provide their customers with notice of these changes.⁴ The Federal Reserve routing symbols assigned to all other Federal Reserve branches and offices will remain the same at this time. The Board of Governors, however, intends to issue a similar notice at least sixty days prior to the elimination of check processing operations at the Helena branch office of the Federal Reserve Bank of

Minneapolis, as described in the May 2007 **Federal Register** document.

Administrative Procedure Act

The Board has not followed the provisions of 5 U.S.C. 553(b) relating to notice and public participation in connection with the adoption of this final rule. The revisions to the appendix are technical in nature, and the routing symbol revisions are required by the statutory and regulatory definitions of "check-processing region." Because there is no substantive change on which to seek public input, the Board has determined that the section 553(b) notice and comment procedures are unnecessary.

Paperwork Reduction Act

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506; 5 CFR part 1320 Appendix A.1), the Board has reviewed the final rule under authority delegated to the Board by the Office of Management and Budget. This technical amendment to appendix A of Regulation CC will delete the reference to the head office of the Federal Reserve Bank of San Francisco and reassign the routing symbols listed under that office to the Los Angeles branch office of the Federal Reserve Bank of San Francisco. The depository institutions that are located in the affected check processing regions and that include the routing numbers in their disclosure statements would be required to notify customers of the resulting change in availability under § 229.18(e). However, because all paperwork collection procedures associated with Regulation CC already are in place, the Board anticipates that no additional burden will be imposed as a result of this rulemaking.

Surety Bond Guarantee Program-Preferred Surety Qualification, Increased Guarantee for Veteran and Service-Disabled Veteran-Owned Business, Deadline for Payment of Guarantee Fees, Denial of Liability, and Technical Amendments

AGENCY: U.S. Small Business Administration (SBA).

ACTION: Final rule.

SUMMARY: On September 26, 2006, SBA published a proposed rule in the **Federal Register** addressing six changes to the SBA Surety Bond Guarantee (SBG) Program in order to improve operation of the SBG program and make it easier for sureties and small business concerns to participate in the program. Specifically, this rule makes the following amendments to the program: (1) Gives effect to the statutory reduction in the frequency of audits required of Preferred Surety Bond (PSB) Sureties; (2) obligates SBA to guarantee 90 percent of the loss incurred by a Prior Approval Surety on bonds issued

² See 72 FR 27951, May 18, 2007.

³ In addition to the general advance notice of future amendments provided by the Board, and the Board's notices of final amendments, the Reserve Banks strive to inform affected depository institutions of the exact date of each office transition at least 120 days in advance. The Reserve Banks' communications to affected depository institutions are available at <http://www.frb-services.org>.

⁴ Section 229.18(e) of Regulation CC requires that banks notify account holders who are consumers within 30 days after implementing a change that improves the availability of funds.
