

Information on Completed Segments

The information in this brochure is not sufficient to allow you to safely use completed segments of the trail. You will need more detailed information from the various agencies, the North Country Trail Association, State Parks, Trail Foundations, Regional Trail Foundations, and other trail organizations to determine trail conditions, trail closures, and other trail information. For information on the status of the various trail segments in the North Country, please contact the various agencies with the State Parks, Forests, and other agencies that administer the trail. Contact information is obtained from the accompanying agencies in the brochure.
