## **DEPARTMENT OF HOMELAND SECURITY ANNOUNCES THIRD ROUND OF ASSISTANCE TO FIREFIGHTERS GRANTS, AWARDING \$26 MILLION TO AMERICA'S FIRE DEPARTMENTS**

(Washington, DC) September 2, 2005 – The Department of Homeland Security today announced the third round of awards under the Fiscal Year 2005 Assistance to Firefighters Grant Program (AFGP), awarding 223 grants to fire departments throughout the United States.

The FY 2005 AFGP will issue approximately 5,500 awards worth nearly \$600 million in direct assistance to firefighters and first responders throughout the country, demonstrating Homeland Security's commitment to ensuring that America's firefighters have the resources they need to protect their communities.

“We recognize the importance of the Fire Act Grants to our nation’s fire departments, and we will continue to work closely with the fire service community to meet their needs,” said Matt A. Mayer, Acting Executive Director of the Office of State and Local Government Coordination and Preparedness (SLGCP).

This third round of fire grants provides \$26,146,284 to help local fire departments and emergency medical services programs purchase or receive training, equipment and response vehicles or implement first responder health and safety programs.

“The Assistance to Firefighters grants represent a major effort by the federal government to ensure the nation’s firefighters continue to have the basic capability they require to do their jobs, improve safety and save lives,” said David Paulison, Administrator of the Department of Homeland Security’s United States Fire Administration.

The Assistance to Firefighters Grant Program is administered by the Department’s Office of State and Local Government Coordination and Preparedness (SLGCP) in cooperation with the United States Fire Administration (USFA).
