Subject: Comments on the Draft Guidelines

Dear Lorraine Hunt,

I may be too late to comment, but I want to add my voice to the list of objections to the policy of valuing the life of a senior citizen as only 63 cents on the dollar of a younger person. I am only 38 years old, but one day I'll be old too. I pray that your office will reconsider this unethical way of estimating environmental harm.

Sincerely,

Rev. Jeff Horejsi, 412 3rd St., Madison, MN 56256.
