Bob: I may get down there tonight, but just to have dinner and check the chalet. I've got appointments early Monday am and will be in and out of Anchorage until Saturday. Lily and I may come down Wednesday night. CAS arrives Saturday and we plan to come down then, the 21st, I believe. Thanks for the help on the heat tape. I think it does take quite a while to work. I'll ask Bill about the trailer. See you soon.teds
