Bob: in connection with this GD Disclosure form, my staff points out the Kiely was mentioned in the press. My memory is that I was bidding, you were bidding and someone else(Bill Allen?) was bidding. When we discovered we were all bidding so I could get the dog, the bidding stopped. You and Bill(?) paid something to the Classic and I got the dog. The Classic is a 501(c)3 corporation. It's legal for me to accept a gift from it but I must report it. Since the dog was worth more than \$285-the limit for gifts neither you nor Bill could give it to me. I also bought Taz for \$250.

I think I should just report that I received Kiely from the Classic-will this meet the approval of the Board? Teds
