hi senator, your right. deanna even liked that one. i got a ball park figure from chris on the paint job and i am not happy with it so we are going to get other bids. i spoke to rocky and he said bill is having a house in town painted so we may be able to get a two for one discount. i'll let you know. chris is saying \$4500 and i think that is too much. everything else is done. the trees are planted, the french drain is in and the mess is cleaned up. i'll check to see that the rounds are moved and the stump gets cut down tomorrow. i'll get some grass seed and sow the back yard this week-end. my best to you and cas
