Bob: Catherine will be going home tomorrow. She will stand in for me at the Phillipino annual dinner. I'm certain she is prepared to pay the bills you've mentioned. We did open the account at NBoFA for that purpose. We don't have any plans to be in the house until after the middle of December. I can't tell you how grateful we are to you for all you have done. And, I know that Bill has been a great help. Rocky has been a real warrior on this job, and we'll have to have a house warming when it is all done.
