Re: accounts

OK she will put it all together and get it to you soon. She has been paying bills and putting the bills with the checks. teds

Senator: FYI

Catherine asked for the file on the National Bank of Alaska account and indicated she will keep track of it. This is the checking account opened in August for the chalet renovations. The monthly statements come to your P.O. box in Anchorage and show a photocopy of each check written on the account. CAS now has all the material on the account.
