

Version P020 of VA-ONCE

Installation Date 4/29/07

Activation Date 6/18/07

Only one change was made in P020 for the School Certifying Official User. Accredited schools no longer have to send reports of prior credit to VA. Prior credit must still be evaluated and appropriate credit granted. RPOs will continue to monitor prior credit issues on compliance surveys as will SAAs. However, the Veterans Claims Examiner does not have to review it on each enrollment certification, and it will not prevent payment if not reported in 2 semesters.

This change is being made only for accredited institutions. Non-accredited schools are required to report prior credit evaluations to VA by law (Title 38 U.S.C.). There is no statutory requirement that accredited schools report their prior credit evaluations to VA.

What this means to you –

If you are an accredited institution, the first time you access the student Bio page after the change, the prior credit will default to NA.

Accredited

If you are an accredited institution and do not see NA in the prior credit field, contact your ELR. They will be able to check the accredited indicator on your School Data page to enable the NA functionality.

You must access the **Bio** page in order for the prior credit to default to **NA**. Using the advance and back arrows from the Certs, VA Data, Log, or History Tab will not change the prior credit to NA.

Certifications will contain the information on the Bio page when the certification was created. For example, two terms were entered prior to the change with prior credit as NONE. One term was entered after the change. If "Submit All Pending Enrollments" is selected, the prior credit would reflect NONE since that is what the Bio page showed when the first enrollment was created.

The screenshot shows the VANCE system interface with the 'Certs' page. The 'Bio' tab is highlighted in the navigation bar. A dropdown menu is open over the 'Submit Selected Term' button, showing options: 'Submit Selected Term', 'Submit All Pending Enrollments', and 'Enrollments'. The main header area contains 'Cert Complete Submit' on the left and 'Print' and 'Student' buttons on the right. The central area displays student information: Name: BROWN, REESE CUP; SSN: 111-98-5555; File/Payee: 111-98-5555/00. To the right, it shows Program: BS AS; Chapter: 30; Training Type: Undergraduate. A navigation bar at the bottom has tabs for 'Bio', 'Certs', 'VA Data', 'Log', and 'History', with 'Certs' currently selected. Below the navigation bar is a table with columns: Term Name, Status, Facility Code, Begin Date Range, End Date Range, and a 'Filter' button. The table contains the following data:

Term Name	Status	Facility Code	Begin Date Range	End Date Range	Filter
2	SUM I 07	22222222	06/04/2007	07/05/2007	
2	SUM I 07	22222222	05/14/2007	06/01/2007	
4	SPRG 07	22222222	01/13/2007	05/03/2007	2999424
4	FALL	22222222	09/03/2006	12/15/2006	1987781
4	FALL 06	22222222	08/22/2006	12/15/2006	1911838

Below is an example of what the prior credit field on the 22-1999 will look like for all **accredited** schools. There is no change for non-accredited schools.

Credit for Prior Training
NA

Certifications submitted prior to the accredited indicator being checked will reflect the prior credit at the time of submission.

Only one change was made in P020 for the School Certifying Official User. Accredited schools no longer have to send reports of prior credit to VA. Prior credit must still be evaluated and appropriate credit granted. RPOs will continue to monitor prior credit issues on compliance surveys as will SAAs. However, the Veterans Claims Examiner does not have to review it on each enrollment certification, and it will not prevent payment if not reported in 2 semesters.

This change is being made only for accredited institutions. Non-accredited schools are required to report prior credit evaluations to VA by law (Title 38 U.S.C.). There is no statutory requirement that accredited schools report their prior credit evaluations to VA.

What this means to you –

If you are an accredited institution, the first time you access the student Bio page after the change, the prior credit will default to NA.
